NO. 3

Once more at the Head of the Heap! S USUAL, the first arrival of new goods for the Brick Row, where we invite every body, men, wemen and children to call and examine our splendid assort-

that we have generally had the largest and best assort-ment of goods in Towarda, and it having been ascertained to a certainty, and generally understood that the place to buy cheap is at Baird'r, No. 3. In order, however, to obviete some of the difficulties, we have just completed a large and commodious storehouse in the rear of the brick block, where many of our heavy goods will be removed, and we hope now to be able to make

room for our many friends, and enable them to do business in our store with comfort and desputch.

We also have the pleasure of announcing that we have Henry Shelden & Co., "fairly floored"—their operations intended to injure us fall harmless at our feet,

and our arrangements are now complete for keeping al-ways on hand a splendid assortment. It is impossible to enumerate all the articles, for they are so numerous and the assortment so general, that it would require at least ten acres square of foolscap. We cannot refrain, however, from informing the fair ladies of Bradford that we have for fall and winter dresses, a large assortment of plain black, figured and colored ALPACAS, moustin and rep de laines, French cashmeres, (new styles) Affghans, bombazines, winterging hams, Scotch and American. In closing this advertisement, we need not say to our friends, "don't forget the place," for every hody knows where to find BAIRD'S CHEAP STORE, right in where to find BAIRD'S CHEAP STOKE, right in the centre of the new brick block. We know that to insure a continuation of your very liberal patronage we have only to continue our very low prices, and to keep, as we have done, the best of goods. We intend to do that, and have no fears but you will call and see us, not, withstanding any pokerish stories that have been, or may be told you by some of our neighbors. One thing you will always find at No. '3, that we always sell goods with the beautiful to the control of the control o goods which we have, as cheap as those we have not.
