JAYNE'S EXPECTORANT.—This medicine has JAINES EATEU ORANT.—This medicine has already proved itself to be all that it has been recommended, by these who have given it a fair test in this country, and the demand for it increases daily. We have just heard of an important cure of Asthma, which has been effected by the use of it in a neighboring town
—the case was that of a female, who had for a long time
been under the care of a physician, but had received no
relief, and her case was considered hopeless. As a last been under the care of a physician, but had received no relief, and her case was considered hopeless. As a last resort she purchased a bottle of Dr. Jayne's Expectorant, which caused her to expectorate freely, gradually eased her cough, and rapidly restored her to health. We have no hesitation in saying, that this preparation of Dr. Jayne, for the cure of Coughs, Colds, Influenza, Asthma, Constraints and the most walvable medicine area offersumption, &c., is the most valuable medicine ever offered to the American public. There is no quackery about it—Dr. Jayne is one of the most skilful practising physicians in Pennsylvania, and wherever his various preparations have been thoroughly tested, he is looked upon as a great public benefactor.—Someract (Mune)

BALDNESS AND LOSS OF HAIR is caused by a want of healthy action in the vessels which throw off the perspiration from the head. When these vessels are weak and discussed, the perspiration is thick and clammy and adheres to the mouths of the pores, and clogs them up, and dries and forms scurf and dandruff. Less blood is then carried to the roots of the hair, and for want of which the hair has not sufficient nourishment, and consequently becomes dry and harsh, and begins insensibly to fall off, which, continuing to increase, eventually middless hallness. produces baldness. Restore the capillary vessels of the head to their former healthy circulation, and fine silky new hair will make its appearance, which will increase in quantity and volume, until the hair becomes thick and healthy.

Jayne's Hair Tonic is the only preparation that has been known to produce new hair on bald heads, which it has done in inunmerable instances, and will seldom fail if properly and perseveringly used.
