SPRING TRADE. TO COUNTRY MERCHANTS, E respectfully ask your attention to the follow-ing reasons why you should make your purthe-ses of goods in the New York market, very frankly con-fessing it is our desire that you should do so. It must be admitted, that from 50 to 60 per cent. of

all the foreign merchandize which is imported into this country, is received into the port of New York. Of course there is here the opportunity for the widest selection.— The stock of goods on hand in this city, is at all times larger than the united stocks of all the other Eastern cities. It is equally certain that New York is the chief ties. It is equally certain that New York is the chief and grand depot for the manufactures of the Eastern and middle states, and of the products of the Western. The prices of goods in New York, by reason of its immense supplies, and the consequent competition, see necessarily lower, and credits are extended on as liberal a

cale as at any other point.

The Merchants, Mannfacturers and Importers whose addresses are subjoined, are prepared to prove the truth of these positions, and will be happy to dispose of their goods on terms which will verify all that is asserted here.
