THE WARM WEATHER.

The sudden changes of the weather, during this sea son of the year, exhibit a most baneful effect on the human system, debilitating and prostrating it. The sto much and bowels become deranged, giving timely notice to all, who are inclined to give attention to the warning voice of nature. At such times "Jayne's Carminative" never fails to afford immediate relieff, checking the disease and restoring the patient to vigorous health. Mothers cannot be too cautious with their children during this month, and the month following, and in the earliest sugges, of this summer disease, whether from teething, oppressive heat, or other causes, they should at once resort to this never failing remedy. Hundreds of certificates from respectable persons in this city, are in posses sion of the proprietor, ready to exhibit to all who may desire to see them at his office, No. 8 South Third street,

Brandrethian System, we would entreat them to BRANDRETH'S PILLS, & THE BODY'S WASTE. the Brandrethian System, we would entreat them to ponder well upon the following facts.

The food taken into the stomach is converted into blood, which vital stream flowing through all the ramifications of the system, not only imparts strength and conunuates life, but actually creates, forms and build's up up each and every part of the animal machine. If the blood therefore is pure and healthy, the body which is formed from and supported by the blood cannot be diseased. But if there he in any part of the body any affections, such as a bile or ulcer, even a bruise, the blood circulating through that part takes up impure matters from the local affections and carries it into the general system. This is the cause often of sudden death to persons of full habit, afflicted with biles, and who use no medicine, the matter gets into the circulating system and chokes up the fine blood vessels which supply the brain with vitality, and life ceases as if bereft by lightning .-Nor this can be remedied-the Brandreth Pills will if used at these times, take out all impure matters from the correlation, and save the general health, at the same ume they are curing the local affections.

Oh how important it is to now find that this subject be well comprehended, it would same many from tedious umes of sickness, and often secure their services to their thends, when otherwise the tomb would have its victim, Sold by J D. & E. THE subscribers are now receiving and opening very large supply of sensonals. GOODS, which they are anxious to sell on the most favorable terms for

ready pay.

They are fully determined that no one shall sell Goods cheaper than they. Having taken much pains in the cheaper than they. Having taken much pains in the selection of their goods—and as many articles of merchandize have fallen off in price since spring purchases were made, they confidently believe they can offer some inducements to those who wish to buy cheap goods they will not readily find elsewhere, especially a store that surehand their analysis of the store that their store that the stores that purchased their goods early in the season It will take but a moment to drop in and examine some

of their cheap Goods. Such as
Good Brown Muslin, 7 cents per yd. Calicoes. Very good Prints, 10a12 & 15 per yd. 7, 8 & 9 cents per lb.

Brown Sugar, Good Molasses, 30 cents per gallon.
12½ cents to \$1 per lb. Good Molasses,
Green Tea from
12½ cents to \$1 per ib.
And all other articles in proportion. They do not like to say they will sell "cheaper" and "more" "gooda" than any body else. That would seem too much like boasting; but they will say distinctly, they will so be undersold; and, will also say to their Lumber and Froduce customers, that they have the most entire confidence that no fault will be found with the price of Goods. If they only bring in their Lumber and Produce, they will find goods as cheap as where they sell exclusively for casn!
