COLONEL PAYNE — This gallant officer, who Subscription Agency Offices.

American and Foreign Newspaper, Advertising & STILL THEY COME! NEW COMES Subscription Agency Offices. was so severely wounded at the battle of Resaca de la Palma, arrived at Baltimore last night by the Susquehanna Railroad, and took lodings at Barnum's. He has so far recovered from his wound as to be able to walk pretty well on crutches. He brings with him a number of trophies of the two battles, consisting of eighteen standards of flags, banners, lances, spears, &c. Among them is the famous lances, spears, &c. Among them is the lamous and beautiful flag, remarkable for its elegantly worked Eagle, bearing the inscription, "Battallion Guardacoste Tampico." This trophy was torn from his staff by a Mexican soldier in the heat of the battle, who put it into his hat. He was subsequently taken prisoner, and the flag preserved. The health of the veteran Colonel, regret to see, is much impaired, and he is but a shadow of what he was when he left the command of Fort McHenry to join the army at the South. He will leave here to-morfor Washington with the trophies, which will be deposited in the War department.

Captains Hunter and Kerr, Lieutenants Saunders, Lowry and Jones, of the Dragoons, have arrived in Baltimore from the seat of war. They were all gallant and brave participants in the battles on the Rio Grande.—Baltimore Patriot.

THE BRILLIANT METEOR OF MONDAY NIGHT -The meteor noticed on Monday night passing over this city, appears to have made an extensive tour through the heavens, and to have attracted unusual share of attention. The journals of Balumore recorded its flight, and those of Carlisle and York also speak of it. None of them are so particular in noting the exact time of the occurrence, or the situation of the phenomenon, as to enable any calculation to be made of its height in the heavens, or the rapidity of its flight. The Carlisle (Pa.) Stateman has the follow-

ıng:--

A Brilliant Meleor .- One of the largest and most brilliant meteors we have ever seen, passed over the borough on Monday evening, about 9 o'clock. It started from the South and took a straight course directly North. The apparrent diameter of the nucleus, or head, was arout 16 Inches, and of the tail 8 inches; and 18 apparent length 8 feet. Its beaming light, realing that of the moon, produced quite an renoment here. It was visible about one minute.

DANGEROUS SPORT .- On the 4th, a couple at John Bulls, from Canada, paid a visit to ogensburgh, dressed in an ordinary sailor's gub, and after loitering about for a time, ascended to the top of the liberty pole, and low-cred the "star-spangled banner." No sooner we the outrage discovered than the crowd made a rush for them, and were on'y prevented executing summary justice by their prompt arrest after being carried before a magistrate, they allowed to depart on conditions that the dig be immediately replaced. By the assistpreclothers this was done without delay, and they made good their escape from the exsaed crowd.

Son Suith, the eccentric manager, preacher and lawyer, went into the St. Louis Police Court, a few days ago, to prosecute a fellow ir kicking up a row at his theatre. As soon as s he got inside, a dirty-faced chap applied to im to defend him in a riot case, to which Sol consented and received his V. To his utter stonishment, when the boy was called up and Sol had responded as his Attorney, it was the identical fellow he had prosecuted for the ow at his theatre! There was no chance for a back-out, however, and Sol went on, defendcd and cleared his client.

MONTOUR TRON WORKS -On Friday last, many of the hands in the Montoo Rolling Vid gave out from the effects of the heat, that the Mill was stopped till Monday since which time the work of making railroad iron progresses

The lease of Perry, Garretson & Co. of the Furnaces of the Montour Iron Co., having expired, the Furnaces are now blown out to reeive new hearths, and other repairs, when the three Furnaces heretofore in blast, together with the large new one just finished, will be put in blast under the immediate direction of the Mon-Company .- Danville Intelligencer.

RANDOLPH's SLAVES-Resistance to their Settlement in Ohio .- The emancipated slaves or John Randolph have met with a warm rereplion in Mercer county, Ohio, in which they were about to settle. The citizens of Mercer menty turned out, en masse, and called a meetincome rather formed themselves into one immediately, and passed resolutions to the effect 'lat said slaves should leave in 24 hours, which they did in other houts than the ones which saveved them there. They went back some 23 miles, at which place they are now encampel, not knowing what to do.
