"Sugar Coaled Pills."—Beware! Canlion.

"THE increasing popularity of Dr. G. BENJ.

BMITH'S IMPROVED INDIAN VEGETABLE FUGAR COATED PILLS. has induced a
number of persons to make something they call rivis
and coat them with sugar, in order to sell them for the
genuine, while they do not possess a particle of t e
goodness, nor even assimilate in appearance to the
original, Dr. Smith's Pills. In short, they are an intended FRAUD upon the community. A minister
who at first had an interest in an imitation Sugar Costo.' Pill, manufactured in Altsuny, N. Y., has given them
up, as he says, on account of the miscrable dishonest
parties concerned in manufacturing them. The sum
party are now industriously circulating reports calculated to injure Dr. Smiths and to affect the reputation of
his valuable pills; but rather than notice them in public,
Dr. Smith is about to institute legal proceedings against
them for their slanders, as he has in another case against
a similar party, in which he recovered a large amount of
damages. These miscrable imitators have to resort to
the most abominable means to palm off their counterfeit
pills, as the public know that Dr. Smith's are the original
and genuine. Several instances have come to public
notice in which life has been endangered by the unfortunate use of the counterfeits. It is Dr. Smith's Pills
that are doing so much good in the country—as the
following plainty show.

The "IMPROVED INDIAN VEGETABLE FILLS," (Suga Coated,) are certainly doing much good in the whole country, and are highly externed, if one half is true that people write and say about them. They are so easy in their operation that all like them. The editor of the Northern State Jonmal, (one of the largest and best papers in the State of N. Y.,) writes as follows;

Dr. G. Benj. Smith—

Dear Sir. I was laid up with a bad cold some time Dear Sir. I was laid up with a bad cold some time since my return from N. Y., and during my illness I made trial of your pills, and I must say I found them excellent. They are the best medicine for the purpose they are intended, that I have yet seen. I seldom take pills, but I found yours entirely free from the objections to which other pills are liable. I hope they will continue to be a source of profit to you, as I doubt not they will be means of relief to the afflicted on a large scale.

Yours truly, J. GREEN.
