A little Logic and Common Sense.

There are three things beyond dispute:—1st—If a man pays out much money, he must receive as much.

2. If a man's expenses in business are large, his profits

i. It a man's expenses in business are surge, his profits must be large.

I. Therefore, the Grocery and Shoe Establishment at the corner of Main and Bridge sta, in a small plain store, at a cheap rent, can afford to sell boots & shoes, hats & caps, and groceries, at lower prices, and of better quality than any other store in town.

Now, if this is not sound logic, two and two do not be the capture of the cap

nake four; but if it is, common sense calls on you to come to us for your Hats & Caps, Boots & Shoes &c ee the contrast, and let your own reason decide it

was not your advantage to give us a trial.
