A Natural Remedy.

WE CAN confidently affirm that among medicines designed for general use, none stand higher in regular estimation than

Wright's Indian Vegetable Hills.

Hard'y a day passes but we receive testimbnials in their favor, and the most enthusiastic are those who have longest used them. What better prove of excellence could we ask? In them, we behold a signal triumph of principle over projudice and truth over defamation. The principles upon which this celebrated medicine is munded, are beautifully simple. Every one is aware that, in a state of sickness, the stomach and bowels are

Of course, so long as the continue in that state, the food is badly dige-ted, and the blood, in consequence of being badly prepared, is less fit for the proper support of health and life.— Should the stomach and bowels continue disordered, the mischief extends; the corrupt humors collect upon that organ that is weakest and least able to throw them off anis thus disease becomes seated. The same effect is produced in other ways.
