The poor wretch who walks upon crutches, May often be envied, far more Than he who in splendad apparel Can shot on the beggar his door; He cares not for for claret and sherry : Of venison he has not his fili-Yet dares to be honest and happy, And lets the world do as it will,

He boasteth no lordly possess No livery at table to wait; He maketh no hollow professions To cheat his friends, sooner or late ; He ruins no hard working tradesman. Who gets but a curse for his bill; But tries to be honest and happy, And lets the world do as it will.

He joins not the bowl or the wassail. He seeks not the gambler or set; Contentment and health are the blessings That daily recur to his lot; And whilst in the midst of his children Good precepts he strives to instil; He shows that he's honest an i happy, And lets the world do as it will.

Oh! who then would grumble at fortune, Though sorrow and toiling cetide !-The man that with wealth is a villain, Might be virtuous were it denied ! Too much may o'erburden and sink you, To little oft keep you from ill; Then try to be honest and happy, And let the world do as it will.

The man who with plenty is honest. Hath little to ask for his name : But he who, though humble, is upright, Shall live in the annals of Fame: The vicious may mock at his mem'ry, But ages will think on him still-Then strive to be honest and happy, And let the world to as it will.

### Work in the Carden.

Sowing Seeps .- Prepare a border with shutoern exposure, by manuring liberally with unsermented stable manute, dig this in a sput deep, rake the ground thoroughly, then put on a covering of well rotted manure, an inch or two deep, rake this in well, then lay off your border in suitable divisions, to receive the dif- early as possible. ferent kinds of seeds that you intend to sow .-Your bed being thus prepared, sow early and kinds may be about being used up, the late those made from the Goosberry. A syrup kinds will come into play. Having sown your made from the stalk of the Rhubarb is said to cabbage seeds, of different sorts, sow ashes thereon with a light hand, then rake the seed in, so as to cover them lightly, when you must pat the ground down with the back of your snade. It may be well here to remark that plant beds the roots. should not be shaded, but well exposed to sun and air. When the plants come up, if they seets, mix up equal quantities of soot, ashes and succession. Having sown your Cabbage seed. in the other divisions of your prepared bed, sow Tomatoes, Egg Plant, Cauliflower, Brocoli, Celery, and Lettuce seeds;

PEAS.-Select a loamy bed, and manure it with well rotted manure, dig that in, rake your your peas therein thickly and cover with the noe, patting down the ground as you proceed. To secure a countinuous supply, you can either w the early varieties at intervals of ten days

as soon as ever the frost is out of the ground. the same breed, also from the food. Sound potatoes must be selected, as it useless to plant those infected with rot; and, indeed, Alderney cows give very rich milk, seven quarts as a precautionary means, we would advise that of which will often. if not generally produce a (for the garden culture) the seed Potatoes should pound of butter; while the milk of some cows be immersed in brine before being cut into sets, is so poor that it takes nineteen or twenty quarts and when cut, that they should be dried in of milk for a pound of butter. The farmers Ashes, Lime, or Plaster. In planting the sets, cow, Blossoms, that gave so large a quantity of after manuring the drills, we would sprinkle milk, did not yield a large amount of butter, as a mixture of charcoal dust, lime and ashes over it took nineteen quarts for a pound. On an over them prior to covering them up. When average it probably takes about twelve quarts the potatoe plants are about an inch high, we of milk for a pound of butter. would dust over them a mixture of equal parts Mr. J. Leathe, of Woburn, who has a of lime, plaster and salt, in such quantity as to excellent cows that give rich milk, lately made give the young plants a gentle dusting. We an experiment, while his cows were still fed do not say, that this treatment will protect the partially on hay. He measured out thirty potato from the rot, but it may do so, and is quarts of milk which produced 71 pounds of

EARLY TURNIPS .- Fowards the latter end of this month will be a good time to prepare a bed the whole thoroughly together by frequently of the spade, rake the bed well, then spread the then taken out, drained and dried in ashes or lime, so wed thinly, raked in and the ground two pounds to the quart. Here is but a specicompressed, by being patted with the back of the spade. As soon as the plants come up, mixture of equal parts of plaster and ashes should be sown thereon, so as to dust the plants well. This operation should be repeated daily, each morning, until the plants get into the rough plants begin to belly, they must be thinned out so as to stand about 8 inches apart, and the weeds kept down until the leaves shade the will assist you, when you put forth such feeground. Thus treated, a bed of early turnips ble exertions to obtain livelinood, and tell evemay be secured for table and market-and of rv third person you meet your miserable cirthis, those who live near a market, may be as cumstances. People naturally have an aversured, that they will find ready sale and good sion to employ a complaining, doleful looking prices, as but few persons raise turnips this car- creature ; he is enough to destroy the cheerly for market.

so provident as to raise Cabbage plants in a hot bed, should sieze the occasion of preparing a ful spirits and smiling countenance, who takes bed to set them out in, as soon as the frost is things by the smooth hand'e, than two shillings out of the ground. Cabbages are gross feeders, to a morose, cross, down hearted individual, therefore, require a good deal of strong manure. who is eternally under a cloud. Such a man To prepare plants raised in hot beds for trans- would ruin any establishment. Our advice is,

before setting them out. To protect them from the cut worm, prepare a paste-like mixture of soot and flour of sulphur, moistened and brought to the consistence of paste, and suffered to cool. as you are about to set the plants out, dip the nots and stem of each plant into it up, to the leaves, when it must be inserted into the ground. This mixture will not only protect the plants from the attacks of the cut-worm, but serve as from the attacks of the cut worm, but serve as a positive manure to give them an early start in their growth, a thing of great importance as all agreeable sounds, like the busing of it sects, falling of their growth, a thing of great importance as al gardeners well know.

EARLY BEETS, PARSNIPS AND CARROTS .-We advise that a bed in each garden should be appropriated to secure an early supply of these appropriated to secure an early supply of these excellent table roots. As the same soil suits, one bed would serve for a supply. The manure by well. Physicians and Surgeons highly recommend one bed would serve for a supply. The manure to be used should be thoroughly rotted: the bed dug deeply and well taked and laid off into drills 2] feet apart, which should be sown as thinly as possible, and covered up about 2 inches. The plants up, the beets should be thinned out to stand about 8 inches apart, the passinps 6 inches apart, and the carrots about 4 cure in all cases, but in nine cases out of ten of recen inches apart. The weeds must be cleaned out and the earth loosened two or three times before the crop is laid b.

BRANS .- The Lisbon, Mazagan and Windsor neans may be planted as soon as the frost is out Beans delight best in a clayey. of the ground. or clayey mould soil, which should be moderately manured, dug with care and thoroughly

RADISHES AND LETTUCE .- As soon as the frost is out of the ground Radishes and Lettuce seed may be sown in the open ground;-to secure continuous supplies it is best to sow the seed at intervals of ten or twelve days. When the letture plants are of sufficient size they should be taken up and set out to head and form

into loaf. Asparagus Bens .- If you did not do so last fall, you should dress your Asparagus beds | co without delay. Prepare a compost of 9 parts is only necessary to add that she used two bottles, and well rotted stable manure and I part ashes, is perfectly restored—she is cured. Any information is perfectly restored—she is cured. Any information in regard to the case may be obtained at the store of Dr. rows of asparagus, fork it in well, then rake Jayne, No. 8, South Third street, Philadelphia. the bed well and finish by sowing salt over it so as to whiten the whole surface of the ground. CULINARY AND MEDICINAL HERBS, of all kinds, may now be sown or planted out.

Horse Radisit .- If you have not a bed o this most healthful and palatable root, prepare a bed on some moist border and plant one. It is certainly one of the best condiments used on the dinner table-and is besides one of the very hest substances to make a syrup of for colds and

Oxions .- Prepare a bed by manuring and raking thoroughly. Then make drills I foot apart and drop onion seed therein 4 inches ipart.' When they come up keep the ground clean with the hoe. Be careful not to bill up to the root of the onton, and you will be sure to have a good crop of well sized onions by August. When the tops get 10 or 12 inches high bend them down, which will contribute to facilitate the growth of the root. Sow your seed as

RHUBARB OR PIE PLANT .- Get a few dozen plants of this delightful vegetable, and set them late cabbage seed, as the Early York, Battersea out in a well manured and pulverized loamy and Sugar Loaf-the large Flat Dutch, the Drum bed. Set the plants out in rows 2 feet wide, Head, and Savoy. This, embracing early and the plants 2 feet asunder, keep the bed clean, late varieties, will secure a continuous supply and 3 dozen plants will furnish the materials of cabbage for the table or market, s the early for pies for a family, nearly equal in flavor to

be a cure for the summer complaint of children. GOOSBERRIES. CURRANTS AND RASPBERRIES. -Dig round and trim these, and it would be well to dig in a little well rotted manure about

GRAPE VINES .- Dig around your grape vines. taking care to dig in about the root a compost should be attacked by lice, bugs, or other in- formed of 5 parts well totted manure, 1 part ashes, I part bone dust or horn shavings, and I flour of sulphur, and give them a very slight part lime. Through the early part of the seadusting with the mixture, two or three days in son it would be well to give the vine itself occasionally sprinklings of susp suds, as also the roots.

# Proportion of Milk to Butter.

Sometimes it is desirable to know the proportion between the quantity of milk and the butter produced from it; for the guestion is sometimes presented to farmers, whether it is better milk or make huster. Vet no d o seli apart, or sew the early and late kinds at the same time.

EARLY POTATOES.—These may be planted erall breed of animals, but from individuals of the same time.

EARLY POTATOES.—These may be planted erall breed of animals, but from the food.

EARLY POTATOES.—These may be planted the same breed also from the food.

The difference is sometimes one-half. The

cream, (three qus. in measure.) and three pounds

three ounces of good yellow butter. As to weight, we have various estimates as for early turnips. For this crop a compost the proportion of butter to milk. It all experimade of six parts cow dung, one of lime, and ments of the kind the milk should be weighed one of ashes, will be found to be the best. Mix as well as the butter. Measures such as used the whole thoroughly together by frequently for milk differ greatly; so much that it seems turing over the mass, then spread one-half of that very little reliance can be placed upon them. the compost on the bed, and dig it in the depth From statistics now before us showing the amount of butter produced, and quantity of milk other half a spade deep, and rake the bed in weight and measure, in one case it is stated thoroughly, when it will be ready to receive that 161 quarts of milk meighed forty two the seed. Previously, however, to sowing the pounds which is two lbs nine owners to the seed—which should be the Early Dutch—it quart.—In another case, it stated that a cow should be soaked in fish oil for twelve hours, gave twenty-six quarts of milk per day, which weighed forty-seven pounds. Here is less than men of the great variations in the measures of milk, and it shows the importance of weighing. instead of measuring milk, in making experiments.-Boston Cultivator.

Poor .- You are poor, you say, But is that reason why you should hang your head, and not exert yourself to become better off? Who or market.

Cabbage Plants.—Those who have been them can do half the work. We would rather plantation, it is necessarly to raise up the lights if poor, be cheerful and happy, and you will for several days, to inute them to the weather not long remain out of employment. Adpertisements.

water, whizzing of stram, &c., &c., which are symptoms of approaching deafness, and also generally attendant with the disease. Many persons who have been deaf for ten, fifteen, and even twenty years, and were

its use.

The very great number of happy results that have followed the use of SCARPA'S ACOUSITC OIL, have been truly astonishing. And what is wonderful, some who were deaf from birth, have been so much improved

date, there is a certainty that the results will be mos happy and satisfatory to the patient. The application of the oil produces no pain, but on the contrary an agree-able and pleasant sensation. The recipe for this medi-cine has been cotained from an Aurist of great reputa-tion, who has found that deafness, in ninetern cases out of twenty, was produced from a want of action in the nerves of hearing, or a dryness in the ears; his object therefore was to find something which would create to healthy condition in those parts. After a long series o experiments his efforts were at last crowned with suc cess, in the discovery of this preparation, which has re-ceived the name of SCARPA'S COMPOUND ACOUS TIC OIL. A long list of certificates might be given, but such is the confidence in the medicine, and so high has been its reputation, that but one of them will be at

Co., Pa., and now about eighty years of age, had been gradually getting deaf for more than 40 years, so that it was next to impossible to make her hear conversation in the loudest tone of voice. Last winter she was induced to try "Scarpa's Oil for Deafness." It For sale by MONTANYE & FOX, Towards, Pa only agents for Bradford county.

HARRANTED ALWAYS TO CURE!

# 1BROCATION

FEMORRHOIDS, OR PILES, is a disease produc 4.1 ed by local irritation costiveness, purgative stimu-lants, undue determination of blood to the hemorrhoidal vessels by excessive riding or walking, or a congestive state of the liver, and peculiarity of the con-titution itself. It is usually considered under three form, or varieties, as follows: Blind Piles, White Piles, and Bleeding Piles This disease is so common, and so very well known, that a description of its symptoms is not deemed neces-

The success that has followed the use of the Embro cation in the cure of this disease, has been truly astonishing. Phy-icians now advise their patients to try it, as the only Pile Medicine.

In addition to its being a positive remedy for the Piles. it never fails to cure that INTOLERABLE ITCHING, which is so very common, and has its location in the same parts as the Piles.

same parts as the Piles. Read the following, from the editoral colums of Alexander's Weekly Messenger;
FOUND AT LAST—A SUME CURE FOR THE PILES!
—Physicians and Chemists have long been anxious to discover a medicine that would cure one of the most troublesome diseases, the Piles. Success has at last been the result. Dr. JACKSCN'S PILE EMBRO-CATION est calls to teach the labeling allegations. CATION not only stops all bleeding, allays pain and inflamation; subdues that into lerable itching, but effectu-ally cures, like a charm and in a very shot time, per-sons whose, lives have been rendered miserable for years.

Only a few from the great number of certificates will be published. Read the following: New York, 721 Broadway, September 8, 1815.
Dr. N. Jackson—Dear Sir: Will you send me six six bottles of your Pile Embrocation; I wish them part to keep myself, and part for a legal gentleman, a friend of mine, who has found great relief in using from my bottle two or three tirees. You remember, when in Philadelphia, I was suffering dreadfully from this terrible scourge. I only took one bottle from you; I have not used it quite all, and am now perfectly well. I have not used it quite all, and am now periecuty well.

As you may suppose, I proclaim the virtues of your medicine wherever I go. I tell every friend atout it; and it is singular to perceive how many are suffering notice in which life has been endangered by the unfortunate use of the counterfeits. It is Dr. Smith's Pills and second best to none west of that city from whence came that mighty runs west of that city from whence came that mighty runs west of Gold Junetry.

Now my friends, in all your gettings don't forget in this way—I believe half of my acquaintances are nate use of the counterfeits. It is Dr. Smith's Pills and second best to none west of that city more or less afflicted. Let me tell you that you can that are doing so much good in the country—as the Now my friends, in all your gettings

only Agents for Bradford County.

DR. WOOD'S SARSAPARILLA AND WILD CHERRY BITTERS. FOR the permanent removal of all such diseases as take their rise in an Impure Blood, Impaired Digestion, Morbid state of the Liver and Stomach, Weak ness of the Nervous System, and a Disorded habit of

Constitution generally.
Dr. Wood's Sarsaparilla and Wild Cherry Bitters have already, by their substantial excellence, won a degree of public favor and patronage which puts them beyond the need of recommendation. Being faithfully prepared of the most excellent materials, they can be fully confided in by all in newd of a touic, aperient or

lternative remedy.

This preparation will be found on trial to be a sun and speedy reinedy for the diseases enumerated above.
They purify the blood, secure regular digestion, promote a healty action of the Liver and Stomach, and strengther a nearly action of the Liver and Stomach, and strengthen the nerver, at once securing health and vigor to the whole system. In all cases of despondency, arising from indigestion or nervous irritation, they have been used with remarkable success; nor are they less useful as a remedy for Headache, Flatulency, loss of Appetite and a general prostrution of the system. At the same time it must be stated that they are neither violent nor at all dangerous in their operation, securing as they do the desired end, by a steady, regular and easy influence. Taken daily, in doses precribed, they will be found to operate in that gentle and salutary manner, which is, in fact, their highest recommendation. That prejudice usually existing against advertised medicines, would not be merited if bestowed on this. The wonderful cures it has performed and the acknowledged celebrity of its principals constituents, should at one

it to the public favor.

RECOMMENDATIONS, RECOMMENDATIONS,
Mr. Philip Wilcox, New Bedford, was entirely cured of a confirmed concer of the stomach, throat and mouth, and his general health much improved by the use of only one bottle. Col. John Baylics, Bristol, Mass., has voluntarily certified that he was cured by the Bittera, of Jaundice, Indigestion, Headache and Vertigo.

J. P. Perlins, Esq., New Bedford, was cared of an eruntion of the face.

Dr. W. H. Miller of N. Y., testifies that many of his patients have been benefitted by the use of the Bitte and in every case they have given the most perfect astistaction.

A CERTAIN CURE FOR PILES!

Dr. A. Upham's Vegetable Bleetuary,
AN INTERNAL REMEDY, INVENTED BY
DR. A. UPHAM's distinguished Physician of New York city, is the only real successful remedy for that dangerous and distressing complaint—the PILES —ever offered to an American public. Mark this. It is an INTERNAL REMEDY—and

not an external application, and will core every case of Piles, either bleeding or blind, internal or external ind probably the only thing that will. There is no mistake about it. It is a positive cure—speedy and permanent. It is also a convenient medicine to take permanent. It is used to convenient measures of take, and improves the general heal h in a remarkable manner. Each box contains twelve doces, at 8½ a dose. It is very mild in its operation, and may be taken in cases of the most acute inflammation without danger. All external applications are in the highest degree disagree able, inconvenie t and offensive; and from the very na fure of the disease, inconvenient in their effects. This nedicine attacks the disease at its source, and removing he cause, renders the cure certain and permanent. To Marrien Ladius .- Married ladies are almost in-To MARRIED LADIES.—Married ladies are almost in-variably subject to that painful and injurious disease, the Piles, with consequent inflammation of the stomach, bowels and spine, weakness of the back, flow of blood to to the head, dc. The Electusry is perfectly safe for pregnant ladies, and the most useful cathatic that can possibly be used, as it not only removes the Piles and all inflammatory diseases without pain or irritation,

but will insure on easy time, a safe delivery, and a sound constitution in the offspring.

The Electuary contains no mineral medicine, no aloes, colocynth or gamboge, or other powerful and irrita-tive purgative. No fear of taking cold while under its nfluence—no change in diet necessary. If taken ac-ording to directions, a cure for life is guaranteed. Sold wholesale and retail by Wrarr & Ketters. "General Agents for the Southern States," 121 Fulton street, N. Y., HUSTON & LADD, Towands, and ruggists generally throughout the United States. Price

## "Sugar Coated Pills."-Beware! Caution.

HE increasing popularity of Dr. G. BENJ. SMITH'S IMPROVED INDIAN VEGETA-BLE SUGAR COATED PILLS. has induced a umber of persons to make something they call FILLS nd coat them with sugar, in order to sell them for the genuine, while they do not possess a particle of the goodness, nor even assimilate in appearance to the original, Dr. Smith's Pills. In short, they are an intended FRAUD upon the community. A minister who at first had an interest in an imitation Sugar Coat-Pill, manufactured in Albany, N. Y., has given them up, as he says, on account of the miserable dishones pp. as he says, on account of the miserable cisnoness parties concerned in manufacturing them. The same party are now industriously circulating reports calculated to injure Dr. Smiths and to affect the reputation of his valuable pills; but rather than notice them in public, Dr. Smith is about to institute legal proceedings against them for their slanders, as he has in another case against a similar party in which he are a labeliar party in the case of the ca a similar party, in which he recovered a large amount of damages. These miserable imitators have to resort to the most abominable means to palm off their counterfeit pills, as the public know that Dr. Smith's are the original MORE MINISTERS.

Use and Recommend Dr. Smith's Pills than all othera.
This is to certify that I have used the Sugar Coated
Pills manufactured by G. Benjamin Smith, of New-York, for some time, and believe them to be a good medicine; and also, from inquiry in that city, I am persuaded that he is the original inventor, and therefore is entitled to the benefit of the invention.

Pastor 1st Baptist Church, Pittsburgh.

From the Blue Hen's Chieken, (Del.) We call the attention of our readers to the certificate of Rev. S. Williams, Pastor of 1st Baptist Church, Pittsburgh, in relation to Dr. Smith's Pills. We can ourselves bear testimony to the excellence of these Pills-one of us having used them and experienced great relie The above is the best paper in the State of Delaware

The "teproved indian venerable pille," (Suga The "INFROVED INDIAN VEGETABLE FILLS," (Sugar Coated,) are certainly doing much good in the whole country, and are highly esteened, if one half is true that people write and say about them. They are so easy in their operation that all like them. The editor of the Northern State Jonnal, (one of the largest and best papers in the State of N. Y.,) writes as follows;

\*\*Watertown, May 31, 1846.\*\*

Dr. G. Benj. Smith-Dear Sir. I was laid up with a bad cold some tim

Dear Sir. I was laid up with a bad cold some ume since my return from N. Y., and during my illness I made trial of your pills, and I must say I found them excellent. They are the best medicine for the purpose they are intended, that I have yet seen. I seldom take pills, but I found yours entirely free from the objections to which other pills are liable. I hope they will continue to be a source of profit to you, as I doubt not they will be means of selief to the afflicted on a large scale. be means of selief to the afflicted on a large scale.
Yours truly, J. GREEN.

Tonawanda, Pa, Sept, 18 1846.

Dr. G. Benj, Smith—

Dear Sir: Your agent left with me a lot of your SUSAR COATED PILLS, and I have but a few boxes left. Sugar Coaren Pills, and I have but a rew boxes tent.

Every box I have sold has given entire satisfaction. I

have taken them myself and I consider them the best

pills I have ever used, and I am not afraid to

recommend them to the public. I wish a further supply Yours respectfully.

JACOB KIBLER, P. M.

Huntington Ind., June 21, 1646.

Dear Sir : I am most out of your INDIAN VEGETABLE SUGAR COATED PILLS," and find them selling so fast that I think you had better send me two gross immediately. They give such general satisfaction that people at least twenty miles for them, and as it is generally known least twenty miles for them, and want governing at out.

I am agent for them, I would be very sorry to get out.

Yours respectfully,

SAML. MOORE & CO.

BEWARE !!!

CLOCKS AND WATCHES.

HE subscriber not being in full commonion with the firm of M—, he is not prepared to hoast of the largest assortment of JEWELRY out of Juli: and having never learned the Cabinet making business, he is not prepared to do any work in that line; but having served a regular apprenticeship (!) in the watch repairing business, and the experience of 16 years, has no hesitation in saying that all work entrusted to him shall be done in a workmanlike manner, promptly,

to get your watches fixed at old No. 100 opposite the

Public Square and two doors north of Briggs tavern.

A.M. WARNER.

Townnda, April 29, 1846.

(In N. B.—I pledge myselfto do my work right. All work warranted one year and the money refunded if it does not perform according to agreement. Stick a P.O. there!

BOOT & SHOE MAKING.

ILCOX & SAGE have associated themse in the Boot and Shoe Making bosiness, in the borough of Towards, and may be found at the old stand of S. Hathaway, lately occupied by Elkansh Smith, neat I. H. Stephens' Exchange Hotel, where they solicit a share of public patronage. They intend, by a careful selection of stock, and by attention to the interests of their customers to make a next and deathly machine. their customers, to make as neat and durable work as car oe manufactured in this portion of the country.

They keep constantly on hand, and will manufacture

to order, morocco, calf and coarse hoots and shoes. Ladies' Gaiters, shoes and slips; children's do.; gent's Ladies' Gatters, successful dec.

cotton, wool and buck gloves,
cotton hose, suspenders,
German handdreh's,
cotton and pongee hdh's,
gingham cravats, plaid ahawls,
wool comforters, cotton tapes, patent
thread, sewing silk, cotton balls, packs
pins, needles, spool cotton, hooks and eyes,
suspender, shirt and metal buttons, with many other
articles, usually found in a store, not mentioned.
The publicare invited to call land examine. The public are invited to call and exar before purchasing elsewhere, as they will be sold cheaper than at any other establishment in town.

Towards, Nov. 11. H.O'HARA & CO BOOTS & SHOES OF ALL KINDS. JUST received from Philadelphia, a large and splendid ascortment of men's calf, kip and coarse boot, ofrm \$1 50 to \$5 50; boy's do.; ladies gaiten and ortm 51 bu 63 bu; only a do.; ladies gaiter and wasking shoes; also, fine kid ellips and buskins, and all kinds of overshoes; do. calf boolees and laced shoe; children's and Misses shoes of all kinds, heavy and light, suitable for every kind of weather, Youth's calf, kip and coarse boots to suit children from 4 to 12, year, old. We pledge ourselves to give a better article at a lower price than any other establishment in Bradford county. TRUNKS from \$1 50 to \$18 00
HATS AND CAPS.

A large assurtment of fashionable Hats and Capa of every kind and description for sale very low. GROCERIES.

Molasses, sugar, coffee, codfish, No. 1, and 2 Mackerel, best quality black and green tea, from 31 to 88 cents
a pound; pulverised and losf sugar; rice tobacco, souff,
sperm, dipped and mould candles; raisins by the box
or pound, starco, soep, segars at 60 cents per hundred,
and in fact all kinds ever kept in our line which people
will find it their savantage to purchase and we will will find it their advantage to purchase and we will give you reasons for it:

A little Logic and Common Sense. There are three things beyond dispute:—1st-If amm
pays out much money, he must reveive as much.

2. If a man's expenses in business are large, his profits

must be large.

3. Therefore, the Grocery and Shoe Establishment at the corner of Main and Bridge sts., in a small plan store, at a cheap tent, can afford to sell boots & shoes, store, at a cucup rein, can assure a lower prices, and of heats & caps, and groceries, at lower prices, and of better quality than any other store in town.

Now, if this is not sound logic, two and two const nake four; but if it is, common sense calls on you to come to us for your Hats & Caps, Boots & Shore &c. See the contrast, and let your own reason decide it is

was not your advantage to give us a trial,

FINUINGS of all kinds constantly on hand. Threat, wls, bristles, shoulder-sticks, kit and files pin kinds of binding, silk cord and straps for b pegging awls, skiving, paring and crooked knives at floats.
