## HEADQUARTERS OF THE ARMY. Vera Cruz, April 11, 1817.

Major General Scott, general-in-chief of the armies of the United States of America, to the good people of Mexico:

PROCLAMATION.

MEXICANS! At the head of a powerful army, soon to be doubled—a part of which is advancing upon your capital-and with another army, under Major Gen. Taylor, in march from Saltillo towards San Luis Potosi-1 think myself called upon to aderess you.

MEXICANS! Americans are not your ene mies; but the enemies, for a time, of the men who, a year ago, misgoverned you, and brought about this unnatural war between two great republics. We are the friends of the peaceful inhabitants of the country we occupy, and the friends of your holy religion, its hierarchy and its priesthood. The same church is found in all parts of our own country, crowded with devout Catholics, and respected by our government, laws, and people.

For the church of Mexico, the unoffending inhabitants of the country, and their property, I have, from the first, done everything in my martial law against the few bad men in this

My orders, to that effect, known to all, are precise and rigorous. Under them, several Americans have already been punished, by fine, for the benefit of Mexicans, besides imprisonment, one for a rape, has been hung by the neck.

Is this not a proof of good faith and energetir discipline ! Other proofs shall be given as often as injuries to Mexicans may be detected. On the other hand, injuries committed by individuals, or parties of Mexico, not belonging to the public forces, upon individuals, small mules; or any other person or property beparticular offenders be not delivered up by patriotic State. Mexicia authorities, the punishment shall tall upon entire cities, towns, or neighbor-

Let, then, all good Mexicans remain at mules, beef, cattle, corn, barley, wheat, flour or bread, and vegetables. Cash will be paid for everything this army may take to purchase, I am, sir, very respectfully. your ob't servant, and profection will be given to all the sellers. The Americans are strong enough to offer these assurances-which, should Mexicans wisely accept, this war may soon be happily ended, to the honor and advantage of both belligerents. Then the Americans, having converted enemus into friends, will be happy to take leave of Mexico and return to their own country WINFIELD SCOTT.

MINESOTA .- This new territory is bounded or the North by Canada West-on the East by Michigan and Wiscon-in-on the South by the parallel 43° 30, which is the mos (Northern time of Iowa-and on the West by the river Shoux and Red River of the North. The line separating Minesota from Michigan, is in Lake Superior, and that separating it from Wisconsin pisses along Lake Superior to the Falls of the St. Louis river, and thence South till it strikes the river St. Croix, which it follows to the Mississi, pi. Thence down the Mississippi to lat. 131. the place of beginning.

Contraced within these boundaries there are about 90,000 square miles .- equal to 58,000,mot of acres. It is in nearly the same latitude as the State of Maine. In area it exceeds the Island of Great Britain, and it is nearly equal to France. Comparing it with old States-it is as large as New York and Pennsylvania. For the production of wheat and the grasses its soil

harbors and the Mississippi offers fine navgation up to the Falls of St. Anthony, more than 100 miles above the southern boundary of single single southern boundary of single southern southern boundary of single southern 100 miles above the southern boundary of city?

With the exception of the western portion lake border is rich in metal iferous deposits.

The most important points in Minesota, at present, and probably for all time to come are Fond du Lac, at the western extremity of Lake Superior, and Fort Snelling near the Fall of St.

With miny, its cold climate will be an objection. It is pretty well north, but if a man seek a home in Minesota than in Texas-There is however, abundant room, as yet, this side of that territory. Northwestern Ohio, Michiand Wisconsin should first be settled .-Toledo Bla.le,

A JUDICIAL MURDER, -A young man, nam-Chas, H. Smith, was hung, or rather butchered, Hickman, Ky., on the 29th inst, for the morder of Abraham O. Tyler.

A small cotton rope was placed around his Beck, which of course broke when the drop fell. The victim lay stretched on his back for some minutes upon the ground, in great agony and pparently dying. ## [From the Harrisburg Argus.] Gov. Shunk and Gen. Taylor.

Below will be found an interesting correspondence between his Excellancy, the Governor of Pennsylvania and the Hero of Buena Vista—Gen. Taylor. We dare not presume to speak even in commendation of this corres pondence; it answers so well for itself. We know the people of Pennsylvanian will read it. Will the anti war party in this country be so obliging as to give us a sermon on this corres-Dondence?

EXECUTIVE CHAMBER:

Harrisburg, Pa., Jan. 10, 1847. Sin :- I have the honor to transmit. here with, a copy of resolutions tendering to you the thanks of the General Assembly of this Commonwealth, for the prudence, skill, and bravery with which you have conducted the campaign against Mexico; and, also, expressing the sense of that body, of the suffering, services and heroism of the officers and men of the United States Army, in Mexico; volunteers, as well as regulars, and its tender of hearty thanks for their gallant and patriotic conduct.

These resolutions speak the sentiments, and express the feelings of the freemen of Pennsylvania: and, I assure you I not only participate in these sentiments and feeling, but it is one of the most pleasant duties of my life to be the power to place them under the safeguard of medium of communicating them to those whose patriotism, skill and bravery, so richly merit the approbation of their country.

FEDERAL CONSISTENCY .- The Argus, federal sheet published in Westerd Pennsylvana, is out with other presses of the same party, in favor of General Taylor as the Federal candidate for the Presidency. This same Argus, in May 1846, said :

Pennsylvania, Harrisburg.

" He (Gen. Taylor) is also the man who recommended the BLOOD HOUNDS, that were put upon the trails of the Indians; and which brought the Loco Foco party into such bad repute. He is, undoubtedly a brave man, but is thought to be not well qualified for the duties and responsibilities that rest upon him as Commander of the Army of Occupation."

It is proper to remark, (says the Beaver Star, a some remarks upon this unprincipled course of the Argus.) that the article was published before it was discovered that Gen. Taylor was a Whig, which may account for the change that has come over the tone of the Argus. It is now willing not only to swallow all it has said in favor of abolition principles, but will even support the man wild introduced the clong tailed.

THE TIME-HONORED CUSTOM of taking a little open ing medicine in the Spring of the year, is founded in wishes to raise a vigorous family (and we know common see e and sound philosophy. Every one is seeal nothing more desirable) he will much sooner sible of the inconvenience experienced on the recurrence of a warm spell, after a season of cold weather. A feeling of lassitude, drowsiness, sometimes a swimming of the head and headach, a sense of fulness, and a host of unpleasant symptoms, are the general results. The morbid accumulations of winter are set loose by warm weather, and float in the circulation or lodge in some part of the body. Hence it is perhaps, that Spring is so

fatal to consumptives and others. For the purpose of purifying the blood and other fluids, there is no medicine superior to Wright's Indian Vegetable Pills, and it is strongly recommended as a Spring medicine. These Pills act upon the whole system, and not on one part of it merely, as other pills do. Hence if disease be present in any part, it must be driven forth.

BEWARE OF COUNTERFEITS .- The public are cauioned against the many spurious medicines which, in order to deceive, are called by names similar to Wright's Indian Vegetable Pills.
