painful and injurious disease the Piles, with consequent inflammation of the Stomach, Bowels, and Spine, weakness of the Back, flow of the blood to the head, &c.-The Electuary is perfectly safe for pregnant ladies and the most useful Cathartic that can possibly be used, and t will not only remove the Piles and all inflammatory diseases without pain or irritation, but will ensure an easy time, a safe delivery, and a sound constitution in

CAPT. G. W. McLEAN'S CERTIFICATE.

Ranway, June 16, 1847. I have been officted for years, with the Piles, and nave tried, without anything like permanent benefit, almost everything assuming the NAME of a remedy, had, as a matter of course lost all confidence in medicine. Under this feeling, I was induced-not without reluctance. I confess-to use "UPHAM'S ESECTUARY." and having used it for about three weeks according to the directions laid down, I find, to my utter surprise as well as satisfaction, that every symptom of the has left me. I think it due alike to Dr. Upham and

myself to make this statement.

Towanda, Jan. 20, 1847. NATURE'S OWN REMEDY! THE INVALID BEST FRIEND! It is confidently asserted that there savan was a medicine which has given such unform and universal satisfaction, as

WRIGHT'S INDIAN VEGETABLE PILLS. They have stood the severest trials, by curing when all other remedies failed, and have established a reputaraised against them.

SPRING, SUMMER, FALL AND WINTER. Bach produce, by their variations of temperature, peculiar effects upon the human body. The heat expands and the cold contracts the volume of the circulating fluid, and when changes take place auddenly, the effects are often serious. Wright's Indian Vegetable Palscounhy fersons affected with a new, since an incomposition with a are often serious. Wright's Indian Vegetable Prilis counters if a cure is not affected by the use of teract the evil influence of sudden changes, by purifying the blood, and keeping the stomach and bowels in a patural and healthful condition FOR FEVER AND AGUE.

That scourge of the West. Weight's Indian Vegetable Pills stand unrivalled. An instance has never come to our knowledge of these Pills having been taken, without effecting a complete cure. In Chills and Fever the liver and biliary functions are chiefly disordered, supetinduced by great physical debility. When the symptoms first appear, no time should be lost before resoning to these Pills. A few doses will give such manifest relief that no persuasion will be necessary to continue the use

FOR DYSPEPSIA. Wright's Indian Vegetable Pills will be found rem superior. In this disease, the gastric juice is weak and deficient in quality. Consequently, the direction is imperfect and the health impaired. These Pills remove the bile from the stomach, restore its tone, and improve

FOR JAUNITICE. Wright's Indian Vegetable Pills are equally well adapt ed to the removal of this complaint. As they operate upon the one general and uniform principle, of cleans rectifying the secretions, they remove the cause of Jaun dice, and of all other disorders

GREAT FEMALE MEDICINE! It would be difficult precisely to tell to which of the two sexes Wright's Indian Negetable Pills have been the greatest blessing. But it is very certain that those Pills have given health, and spirits, and a good complete ion, to hundreds of females, who would without them have been in their graves. A box of Wrights India Vegetable Pills is an inestimable medical companion i certain periods.

HEADACHE, GIDDINESS, &c. The presence of pain in any part indicates a compg state of the blood, which nature is striving to correct A few doses of Wright's Indian Vegetable Pills taken on going to bed will be certain to give relief, if the thing be at all possible.

VALUABLE ANTI-BILIOUS MEDICINE The sensations accompanying liver complaint are of the most wretched description. Habitual drunkenness is frequently brought on by liver complaint. A paper, suffering from this disease, should not be mocked with pretended cures; yet there are very medicines that it worth a straw in the removal of this complaint. Calomel has hi herto been the chief reliance, but the remedy has proved itself worse than the disease! then shall be done? We say, give Wright's Indian Vegetable Pills a trial. If they do not exceed your expoctations we are willing to bear all the opprobrium of failure. And we say to all

TRY THEM. There is no risk run-no money thrown away-you are certain of benefit.

ONE WORD MORE. When you have found that Wright's Indian Vegets heard of, stick to them! Don't run after erer up start Remedy, which attempts to bluster itself into noto-

medicine, no more like it than chalk is like the One man advertises "Improved" Indian Vegetable Pile.

There is no safety elsewhere. The country is swamm ing with counterfeiters, both of money and of medicate
But which is vorst? Is not the counterfeiter of a me cine but little better than a robber and a murderet
