Aricetteral Control Work on the Parm.

WHEAT To those who may not have finished their seeding of wheat, we would respectfully remark that they should be sure that the ground is in perfect whate of pulverization before they commit their seed to it. There is no soil, however teas cious that may not be reduced to a fine tilth by the repeated used of the roller and harrow. Their ground being in good order, no time should be lost in rowing the wheat . For the preparation of the seed, quanity of seed per acre and every other particular relative to the proper seeding of wheat we beg to refer to our remarks and advice as contained in last month's

ioumals. Ryr -We trust every man who intends to grow Rye has it up and flourishing : but if there should be any who have neglected to put it in at the right time, which is August, we would state that we once raised a very good crop of Rye from a field which we sowed on the 24th of November. The day after an intense frost came and froze the earth. Our rye was ploughed in 4 inches deep and did not make its appearance until the 10th day of the following March. We mention this fact to show that Rye may be sown as late as the present, and later, not to encourage any to delay doing in October what should have been done in Angust; for we maintain that no farmer can prosper who loses sight of the importance of the rule of doing all things at the right time

PUMPKING. Be careful to gather your pumpking before they are injured by the frost ; put them away in some dry place where they can remain good until used up by your milch-cows and hogs.

Hogs AND MANURE.-We mention these in connection, as smong the best manufacturers of manure to be found are hoge. As your pumpkins are now fit to feed and there are lots of fallen apples in the orchard, which will afford a supply of food for hoge, we would advise you to fix up a pen to accommodate your hogs at night. Haul as many loads of loam and leaves from the woods as will give you at least a foot in depth of such material over your hog-yard. In spreading it, do so as that centre is the lowest point. Confine your hogs therein of a night, give them, a good feed of pumpkins, refuse apples or any other vegetable matter, and by the time you will be ready to commence the process of fattening them, they will have converted every load in the pen-yard into good manure, so that you may remove it, replace it with other raw materials and set them to work anew.

CATTLE AND MILER Cows. See that your cow wards are well provided with the raw materials to be converted into manure thro' the fall and winter. Now is the time to commence the good work. Have your yards covered with some 2 or 3 feet in depth of earth or mould and leaves, so arrranged as to absorb the liquid voidings of your stock-in every gallon of which there are the elements of a bashel of wheat.

GRAIN.-Have your grain threshed out at the earliest convenient time, in order that you may be in a position to avail yourself of the rise of the market. We make this remark now in consequence of a farmer friend having told us somé few weeks since that he had lost the chance of the late high prices, in consequence of not having his grain, 1200 bushels, ready for market. So much for not doing things at the right time. The difference between prices now and v hat they were in June last, would buy his groceries and school his children for a year.

FATTENING Hogs .- No one should delay putting up their hogs to fatten beyond the time when they may have eaten up the acorns, as they take on fat much faster when the weather is moderately warm than when it is cold. Let no one fail to provide his pen with good, warm and dry sleeping apartments.

Faur Taxes .- Examine them, scrub them down with a brush dipt in weak ley, and then give their trunks a painting with a mixture made as follows; 1 gallon soft soap, 1 ib. flour sniphur, and 1 quart soot, to be thoroughly mixed together.

Working Stock of ALL KINDS.—These must receive additional feed and care, not forgetting that a good currying is equal to a quart of oats.

PLANTING OUT ORGHANDS.—Grounds intended for orchards should, besides being plowed, be subsoil plowed. These operations being performed, if the ground has not already been limed, it should have from 50 to 100 bushels to the acre spread or it, when it will be in a condition to have the trees set out on it. The best manure to put in the hole with the young tree would be a compost made of loans from the woods and the scrapings of the road. each tree to have about a gallon of ashes spread on the surface after the tree is planted.

SHEEP.-If you have not already done so provide your sheep with comfortable sheds, and see that they are supplied with dry beds through the winter. BUCKWHEAT.-See that your buckwheat is cut before the frost takes it. Save the straw as you will need it before the winter is over, or we have been greatly deceived as to the quantity of hay that has been made.

Young Stock.—These must be cared for as the pasturés get short.

Roots of every kind must be gathered and put away before any injury is done to them by the frost. CORN STALKS .- Make your arrangements so that you will be able to spare the time as soon as your corn is gathered, to cut down, hauf in, stow away your comstalks. In them should your hay be deficient, you will find an excellent substitute. If cut into inch pieces and steamed they will make a very good feed for cattle.

FENCES.-Examine and repair these, as good fenses keep up the friendship between neighbors. Ournovers of every denomination should be thoroughly cleansed and white-washed.

FALL AND WINTER PLOWING .- Any stiff lands that you intend to put in crops next spring should be ploughed through the fall and winter. You must seize the proper time to plough which is when the ground is neither wet nor dry. When ploughed in such condition the frost will benefit is

DRAINING.-All stiff, wet, tenacious lands should be drained, and the present is a good month for such work. A main open drain of 3 feet in depth on either side of a field, with covered drains at inpervals of ID feet, connected with the main drains. would convert setiff, intractable, wet clay into a friable leam; and save the expense, in the increase and quality of the crop; the very first season, be sides which, it will make the soil much earlier and render is more easy to be worked.

Good BLACKING.-Put one gallon of vinegar into a stone jug; add one pound of ivory black, well pulverised; half a pound of loaf-sugar; half an ounce of oil of vitriol, and one ounce of sweet oil; in corporate the whole by stirring. This is a blacking of a very great repute.

THE GREFENBERG COMPANY bendy giv A notice, that P. L. INGERBOLL. Elemin. Yates, and Steuben counties, N. Y., and, for Manifold Watern, Crawford, Taga, Potter, M. Kean, Erie, Cha-

Watren, Graviord, Fuges, Police, M. Keen, Ecte, Olision, Center, and Wyseling counties, Penna This General Agent is fully prepared to appelled with Agents wherever these is he branch, of the company; either on personal application, or by mail, past grand—The rapid sale of these celebrated pills and the extraordinary cures they are constantly effecting, render them, by far, the most popular pill of this age. An Agency will consequent to be most entantly.

will consequently by very valueble.

The Granfesberg Pills are imponentally appeared any over before discovered. In all billous complaints any was perore discovered. In all billions complaints in general derangement of the system , is all disorders which result from a bad state of the blood these sittle

are a sovereign semedy and chronic, the Grassenberg In the class of dischar called chronic, the Grassenberg Pille achieve their highest triumphs. Here they dely all competition, and markets within the kilden represent of the system, they quietly but sevely parify the blood, root out disease, and give tone and vigor to the body. Chyes are obstaintly effected by these Piles, in class where every ather means had completely failed. The most abundant pose of this could be given, but a trial of one bey will convince the patient. They can be of dered and sent by mail, at trifling expense. The price is 25 cents a bey. Where two dollars worth are ordered, and the money remitted the Company will also the ed, and the money remitted the Company will pay the postage on the pills. Remittences at the Company's risk. Wherever there is no agency of the Company,

they can be ordered by neil.

There Pille are taking the place of all others, and no sick person should be without them.

All billions complaints, hours remains. Al bifious complaints, borrel complaints, constip-tion, dyspepsis, fever and agos, headsche, jaundice, er complaints, rheumation, all stoutche, jaunute, fe-er complaints, rheumation, all stoutch complaints, green dickness, dec., dec., yield at once to these Pilla. They purgentury effensive humors, arest the progress of disease, and at the same time restore tone and vigor to the system. In cases of general derangement of the

beakh, they are sovereign. By their noe, the weak will become strong ; the pele and bilious complexion he restored to a perfectly fresh and healthy color; all the bad symptoms will one by one disappear.

In short, these Pille are an inconceivable upon any other medicine ever before offered to the pubic. A trial will satisfy any one of this. In addition to the above, may be found at the new merous depots of the Company, the following income

parable medicines, viz:
The Gracienberg Sarseparilla Compound;

OR the cure of DEAPNESS, puine, and the descripting of matter from the stre. Also all those disagreeable sounds, like the training of it seems, falling of sider, whitship of steam, the day which are symptotic of speciality desires, and sho generally attendant with the disease. Many persons who have been deaf for ten fittens, and even treasty years, and were obliged to one our trumpets, being clear diving one or two battles, threich under their frampets, being caude perfectly while. Phy debane and Surjects, being caude perfectly while Phy debane and Surjects, being caude perfectly with the continuents of the continuents of the continuents of The cory grant number of heapy sentite that have ful-

lowed the use of SCARPA'S ACOUSTIC OIL; have been truly estentisting. And what is wenderful; some who were deaf from birth, have been as such improved

as to hear common convenation very readily.

It would be the height of proumption to warrant a
cure in all cases, but in miss cases but of top of deaths cure in all value, but in miss cases but or ten or seame date, there is a certainty that the results will be most happy and satisfatory to the patient. The application of the oil produces no pain, but on the contrary an agree-able and pleasant sensation. The recipe for this medi-cine has been ostained from an Aurist of great reports-tion, who has found that deafness, in theseen cases out of iwenty, was produced from a want of action in the on swemty, was produced from a want or access in the nerves of hearing, or a dryness in the sare; his object therefore was to find something which would create a bealthy condition in those parts. After a long ceries of experiments his efforts were at last crowned with succase, in the discovery of this preparation, which has received the name of SCARPA'S COMPOUND ACOUS TIC OIL. A long list of certificates might be given but such is the confidence in the medicine, and so high has been its reputation, that but one of them will be a

present published:
Mear Expragnment Cons. A fiely in Smith field, Brad. Co., Pa., and now about eighty years of ago, had been gradually getting deaf for more than 40 years, so that it was next to impossible to make her hear conversation in the loudest tons of voice. Last winter she was induced to try "Scarpa's Oil for Desiness." It s only necessary to add that she used two bottles, and perfectly restored she is cured. Any information regard to the case may be obtained at the store of Dr.

Jayne, No. 8. South Third street, Philadelphia.
For sale by A. S. CHAMBERLIN, Towards, Pacody agent for Bradford county.

28—1y A Very Important Communication

TO ALL PERSONS IN ALL PLACES, AND UNDER ALL CIRCUMSTANCES. IF YOU ARE SICK, get cured: if well, employ spectres to continue so. Every individual indulge in habits, which must, to a greater or lesser extent, di arrange the admirable and intricate combinations which

form the system, and consequently EVERY INDIVIDUAL should moses some mild, yet efficacious, simple and socredited agent for preserving all the functions of the body

DR. WOOD'S

SARSAPARILLA AND WILD CREEKE BITTERS will achieve this result, and should be in every family and in the hands of every person, who by business, pro-feasion or general course of life, is predisposed to the ve-ry many little ailments that render life a curse, ins ead or a blessing, and finally result, in their aggregated condition, is the cause

OF DEATH. The Bitters here mentioned are compounded by man of great skill and knowledge, from the simple Na ture presents to those who care to find them, and which are the only reliable entidotes to the poison of disease. The chief ingredients are the universally-beloved Sar saparilla and the Burk of the Wild Cherry Tree, with which the red man of the forest cures nearly every discase of the internal organ. These materials,

ENTIRELY HARMLESS: and prepared as they are bere, one of the greatest medi-cal operatives in the inhabitable globe. By taking these surrans, the scrofulous may be restored to bese-ty, and avoid the sharp knife or the surgeon; for they

of only realicate pimples and tumors, but overcome CANCER AND KING'S EVIL! Whoever is subjected to the horrors of Consumption, should at once purchase this sure remedy. In the train of Contiveness follow dreadful local congestions, often times insanity, very frequently mania or hypochandria, violent headuches, pulpitations, and other effections of the heart and rheumatic mellings. Dr. Wood's Compound is one of the most efficient me

ly be procured. From being confined in close rooms, and from taking bly be procured. a small modicine of exercise, numerous persons daily are made to deplore a loss of appetite.painful keadackes, mealmens of the muscles, languer, want of energy sufficient to permit them to seek recreation, &c. &.-These persons say for years, that they "don't feel very welt." If they do not employ a method be which that well." If they do not employ a method by which they can feel quite well, they eventually sink under a severe fit of illuses, and are

SAVED FROM THE GRAVE only by a miracle, and even then the lancet, leech, blister and calessed have left them mere shattered butter, full of aches and correws, and not only a pest in themselve; but a source of diagrat and annoyance to all with whom they come in contact. All these
FEARPUL CONSEQUENCES

may be avoided by an early application of the virtues of these Birrans. For the truth of this, the proprietor pledges his word and honor, and in evidence can show files of undoubted certificates which he has received, unsolicited from all questers. He does not, however, sek the invalid to swallow his certificates, but his BITTERS, and is willing to stake all he holds dear on earth in favor of their worth.

THE DYSPEPSIA. in either a modified or severe form, will disappear before the qualities of Dr. Wood's preparation, and the
cure may be relied on as a permanent one. Did the
BITTERS possess no other recommendation, it would
be one of the finest vegetable compounds medical actcures can invent; but it is quality the constitute actience can invent; but it is equal to the complete eradication of

LIVER COMPLAINTS, in every shape, and of every affection, minor or gigantic, of the biliary apparatus. Individuals who are constitu-tionally billions ought regularly to take this mild agreesble and excellent TONIC AND APERIENT, as it will dif-fuse health throughout every fibre of the frame, and send happiness and love of life thrilling to the heart-

Families ought to keep it on hand. Every medicine chest on board of ship should also be well stocked with this capital remedy, as SCURVY cannot afflict those who take it, or long resist its vigorous sessuits. All impurities of the Blood vanish pefore it, and the old relics of earlier improdence invariably disappear, soon after being submitted to its action.

Every complaint of the stomach is broken by it. The

BITTERS have in no instance failed of curing JAURDICE,

SETURAL BURILITY copy disorganization of
THE NERVOUS SYSTEM.

By neglecting the little inmeds made upon the latter a vast portion of our fellow beings are rendered extremely miserable—so miserable indeed, that they wish to dis. Every bottle of "Dr. Wood's Barsaperille and Wild Charry Bitters," contains a medicum of joy and content for each of these anxious and improdent sufferers. Remember that an injudicious use of mercury is inevitably productive of many evils which are put to flight by this forious and masurpassable compound : and that afflic-

one which are **HEREDITARY** may epocally and eafely brobuffled of through its agen-cy. As a medicine which must benefit

EVERY BODY, PAIRING INVALID, no equal in to be found for it. It would be well to bear in mind that preventive in infi-nitely more desirable that cure and that plr. Wood's Sursuperilla and Wild Cherry Bitters ARE BOTH.

TENT OUSAND PERSONS. THAT HAVE USED DR. UPHAM'S ELECTU-INPLAMMATORY DISEASES AND SEVERE COSTIVENESS, have given their certificates of cures nade by its use, when all other remedies have failed, and

to any persons afficted with Piles, and all diseases of similar nature, or which are found in conjunction with

DR. UPHAM'S VEGETABLE ELECTUARY. and will cure any case of Piles, either bleeding or blind, internal or external, and the only thing that will. There is no mistake about it. It is a positive cure, speedy and permanent. It is also a convenient medicine to take, and improve the general health in a remarkable manner. It is very mild in its opperations, and may be ta-ken in cases of the most scute inflummation, without danger. All external applications are in the highest degree disagreeable, inconvenient and offensive; and from the very nature of the disease, temporary in their effects. This medicine attacks the disease at its source, and removing the cause, renders the cure certain and perma-

INFLAMMATORY DISEASES. Although the Efectuary was originally prepared for the cure of Piles, yet it has proved itself to be a medicine for apperior to all others, in all diseases of an influminatory character, with a determination of blood to any particular part or organ. In Inflammation and Congestions of the Liver and Spicen; Inflammation, Soranes and Ulceration of the Stomache, Bowleis, Kidneys and Bladder : Inflammatory and Mercurial Rheumetism, it is the best medicine ever discovered.

IMPURITIES OF THE BLOOD. For all Impurities of the Blood, arising from their mrudent use of Mercury, or other causes; for all diseases of the skin and scrolulous affections; in all case here the blood is powerfully determined to the head, roducing dizzidess and distress, Dr. Upham's Electory

TO MARRIED LADIES. Married ladies are almost invariably subject to that minful and injurious disease, the Piles, with consequent offenmetion of the Stomach, Bowels, and Spine, weakness of the Back, flow of the blood to the head, &c .-The Electrony is perfectly safe for pregnant ladies and the most useful Cathartic that can pessibly be used, and is will not only remove the Piles and all inflammatory iscence without pain or irritation, but will ensure an easy time, a safe delivery, and a sound constitution in

the offering.

RAHWAT, June 16, 1847. I have been afficted for years with the Piles, and ave tried, without anything like permanent benefit, almost everything assuming the MARE of a remedy. I had, as a matter of course lost all confidence in medicine. Under this feeling, I was induced—not without relucibnee, P confess—to use "Uruan's Esectionet," she having used it for about three weeks according to the directions laid down, I find, to my utter surprise a well se satisfaction, that every symptom of the disease has left me. I think it due alike to Dr. Upham and

PAILADELHPIA CERTIFICATE. culiarly putrid smell, were the frequent discharges.

Chairs! Chairs! This way for Bargains!

THE subscriber would respectfully say to his old customers and the public generally, that he has re-commenced the manufacture of Chairs, etc., et his old shop on the north side of Bridge street, in the build. ing known as the "Yellow House." He keeps constantly on band, or wiff make to order, (in a next and durable style) all articles in his line as chesp as the cheapest. His friends can be surplied with Fancy, Winsor and Common Chairs, of differ.

ent patterns-Settees, Rocking Chairs, Children's Chairs, &c., &c. Also-Bedstends and Tables. Call and see me at my shop on Bridge street, and I will satisfy you that you can buy reasonable.

White wood, Cucumber and Basswood plank, wanted in exchange for chairs poressonable terms. JESSE TAYLOR. Towanda, Jan. 20, 1847. NATURE'S OWN REMEDY! THE INVALID BEST PRIEND! It is confidently asserted that

there MEVER was a medicine which has given such uniform and universal satisfaction, as WRICHT'S INDIAN VEGETABLE PILLS. They have stood the severest trials, by curing when all other remedies failed, and have established a reputation in the face of the envious slanders which have been

raised against them, SPRING SUMMER, FALL AND WINTER. Each produce, by their variations of temperature, peculiar effects upon the human body. The heat expands, and the told contracts it e volume of the circulating folia, and when changes take place suddenly, the effects are often serious. Wright's Indian Vegetable Pills countracts the acid influence of sudden expanses, by multiple teract the evil influence of sudden changes, by puritying the blood, and keeping the stomach and bowels in a natu

ral and healthful condition

FOR PEYER AND AGUE.

That scourge of the West. Wright's Indian Vegetable Pills stand unrivalled. An instance has never come to our knowledge of these Pills having been taken, without effecting a complete cure. In Chills and Fever the liver and biliary functions are chiefly disordered, superindaced by great physical debility. When the symptoms first appear, no time should be lost before resorting to these Pills. A few doses will give such manifest relief that no persuasion will be necessary to continue the use

of them. FOR DESPEPSIA.
Wright's Indian Vegetable Pills will be found ren superior. In this disease, the gastric juice is weak and deficient in quality. Consequently, the digestion is imperfect and the health impaired. These Pills remov the bile from the stomach, restore its tone, and improve the digestion.

FOR JAUNUICE.

Wright's Indian Vegetable Pills are equally well adaged to the removal of this complaint. As they spense upon the one general and uniform principle, of cleansing the stomach and bowels, purifying the blood, shi rectifying the secretions, they remove the cat dice, and of all other disorders.

GREAT FEMALE MEDICINE!

It would be difficult precisely to tell to which of the two sexes Wright's Indian Vegetable Pills have been the greatest blessing. But it is very certain that these Pills have given health, and spirits, and a good completion, to hundreds of females, who would without them have been in their graves. A box of Wrights Indian Vegetable Pills is an inestimable medical companion s certain periods. HEADACHE GIDDINESS &c.

The presence of pain in any part, indicates a compa-state of the blood, which nature is strong to count. A few doses of Wright's Indian Vegetable Pille, taken on going to bed will be certain to give relief, if the thing be at all possible. VALUABLE ANTI-BILIOUS MEDICINE! The sensations accompanying liver complaint are of the most wretched description. Hubitual drunkenses is frequently brought on by liver complaint. A patient suffering from this disease, should not be mocked with pretended cures; yet there are very medicines that are worth a straw in the removal of this complaint. Calo mel has hi herto been the chief reliance, but the temedy has proved itself worse than the disease! What then shall be done? We say, give Wright's Indian

Vegetable Pills a trial. If they do not exceed your are peciations, we are willing to bear all the opprobrism of failure. And we say to all.

TRY THEM. There is no risk run-no money thrown away-you se

certain of benefit. ONE WORD MORE. When you have found that Wright's Indian, vegets ble Pills are a "leetle" the best medicine you get heard of, stick to them? Don't run after svery open to the stick to the st start Remedy, which attempts to bluster itself into 2010

riety. Above all BEWARE OF IMITATIONS of Wright's Indian Vegetable Pills. Previous to the introduction of this medicine, Indian Pills were next heard of! Now what hosts of them! And after it, what are they, but miserable imitations of the original medicine, and the control is the charge in the charge in the charge in the charge in the charge. medicine, no more like it than chaft is like ches.

One man advertises "Improved" Indian Vegetable Pils.

This would be a capital joke, if it were less serious. Be

BUY OF THE REGULAR AGENTS. There is no safety elsewhere. The country is said ing with counterfeiters, both of money and of medicing with counterfeiters, both of money and of medicine. But which is worst! Is not the counterfeiter of a medicine with the counterf cine but little better than a robber and a murdere Buy of the regular agents only, we say again.

CAPT. G. W. McLEAN'S CERTIFICATE.

myself to make this statement G. W. NcLEAN, late of the U. S. N.

DR. UPHAM-DEAR SIE.-About five years ago ! was afflicted with what was called Chronic Dysentery. I have suffered with it ever since, and physicians have told me that my liver was affected, and that my howels were ulcerated, for blood and pus, attended with a peshort time since I made a visite to Massachusetts, in hopes of benefit from a change of air, but suffered more severely than ever before. While there a physician of-fered to cure me for \$40, in three months. Happily, in the midst of intense pain, occasionally relieved by laudapum, I mw in the wrapper of your Electuary, a perfect description of my complaint, together with many certifi-cates of cures. This gave me great confidence in the medicine, and I purchased a box, and nine doses of which has apparantly cured me, and I am prepared to my every thing in its favor, or render any service I can

to humanity by subscribing to its merits.

Respectfully Yours,

BENJAMIN PERCIVAL, 89 South Sixth st. thus (C) A. Upham M. D.) The hand is also done with a pen.

L'Epine and Plain Watches, with a complete assortment of Gold Jewelry, such as Ear Rings, Finger Rings, Breast Pins, Bracelets, Lockets, Gold chains, Gold Pens, Keys, etc. Also, all this of Silverware, and any quantity of Steel Beads—and which he offers

en agreement given to that effect if required.
N. B.—MAPLE SUGAR, and Country Produc is done—I war against credit in all its forms.

Towanda, April 28, 1847.
