

**Agricultural**  
**Cisterns for Farm Buildings**

Pure, wholesome water, as a constant beverage for man or animals, is essential to sound health. Its relative salubrity depends on the various animal, vegetable and mineral particles, with which it is impregnated, and the places whence it is procured. The transparency or purity of that obtained from wells or springs, varies according to the strata of earth through which it percolates. The most wholesome fluid is derived from springs issuing from pure sandstone or primitive rocks, from sandy soil principally composed of granite or quartz, which has undergone a perfect filtration. The water of lakes and ponds has similar properties in general, as that of rivers or brooks, being less agitated, and containing more organic matter in a state of decomposition, it acquires a greater degree of purity, and consequently is less fit for culinary use; though, on account of its softness, it may be employed with advantage for washing clothes.

Rain-water collected in the vicinity of cities or populous towns, as well as in the neighborhood of marshes or mines, especially during summer, is always more or less impure. Therefore it should not be used, if it can be avoided, except for washing linen, &c., or watering plants, unless it be purified by filtration or other means. The fluid obtained by dissolving snow is somewhat purer; but of all natural waters, that obtained by melting hail is the most pure, as it contains fewer extraneous particles, in consequence of its condensing high in the air; so that it cannot combine with noxious ingredients during its descent. Like all water, however, which falls from the clouds, it contains minute quantities of air, carbonic acid, nitric acid, carbonate of ammonia and other salts.

Well, or pump water, is generally less pure than the preceding, as it very frequently contains large quantities of carbonate of sulphate of lime, which is the cause of "hardness," and the property of curdling soap. In all large towns, that have long been inhabited, the wells are generally unfit for use, in consequence of the ground having been tainted by church-yards, vaults, and other nuisances, which doubles is the cause of much suffering, and even of the shortening of life itself. Therefore, in all regions where lime-stone or other impurities in the soil abound, or where the farmers unavoidably have to sink their wells to a great depth, would recommend the construction of cisterns near all the principal farm-buildings for retaining the water which may fall from their roofs. By this means a large supply of whole-some water may be had the year round, at a comparatively small cost, which will not only be essential in all purposes about the house, but will be found useful in irrigating the garden, as well as for the watering of the stock.

The most convenient and durable mode of constructing a cistern, is to make it of a circular form, under ground, with the bottom and sides lined with bricks or stone laid in hydraulic cement; and in many cases mortar may be plastered directly on the sides of the pit without the aid of bricks or stone. A cistern eight feet in diameter and nine feet deep, will hold about one hundred barrels, and will require three thousand four hundred bricks to face its sides. The cement to be employed should be of first rate quality, such as that used in the construction of the Croton aqueduct, or the Erie canal. If this cannot conveniently be obtained, a very good article may be made of four parts brick-dust, finely screened, eight parts fine, sharp, fresh-water sand, twelve parts lime completely slacked by burying in the ground so as to exclude the air during the process of slacking; three parts powdered quicklime, newly burnt; and three parts powdered charcoal. First, mix the slacked lime, brick-dust, charcoal and sand, with water sufficient to make a mortar thicker than usual; then sprinkle in the quick lime. Mix well with a trowel, and use immediately as it will soon grow stiff and hard.

Cisterns should be completely covered with planks or stone, so as to exclude insects, dust and leaves. If the building be situated on a hill-side, it would be preferable to conduct the water to the place where wanted for use by means of a pipe, without the labor of pumping, or lifting it out by hand.—*American Agriculturist.*

**THE FARMER'S CREED.**—We believe in small farms and in thorough cultivation. The soil loves to eat as well as its owner, and should be nurtured. We believe in large crops which leave the land better than they found it—making both the farmer and farmer richer at once.

We believe in going to the bottom of things, and therefore in deep ploughing, and enough of it—all the better with a spool.

We believe that the best fertility of the soil is the spirit of industry, enterprise and intelligence; with this, lime and gypsum, bones and green manure, manure or plaster, will be of little use.

We believe in good fences, good barns, good farm-houses, good stock, and good houses.

We believe in a clean kitchen, a neat wife in a spinning piano, a clean cupboard, dairy and conscience.

We firmly disbelieve in farmers that will not improve; in farms that grow poorer every year; in starved cattle; in farmers' boys becoming clerks and mechanics; in farmers' daughters unwilling to work; and in all farmers who are ashamed of their vocation.

**RECIPE FOR DYING BLUE.**—Take one pound of pounded logwood, boil it in a sufficient quantity of water until the substance is out of it, then take about half a gallon of the liquor and dissolve one ounce of verdigris, and an ounce of alum in it. Boil your yarn in the log wood water one hour, stirring it and keeping it loose. Take out your yarn, mix the half gallon that contains the verdigris and alum, then put your yarn into the mixture, and boil it four hours stirring and keeping it loose all the time, and taking it out every hour to give it air, after which dry it, then boil it in soap and water, and it is done.

The above will dye six pounds of cotton yarn an elegant deep blue. After which put in as much yarn into the same liquor, and boil it three hours, stirring as before, and you will have a good pale blue, or boil hickory bark in your liquor, and you will have a beautiful green.

Rest assured there is no imposition in the above. It is cheap. Any person following the recipe will find it proves satisfactory.—*Southern Cultivator.*

**CEMENT FOR CHINA.**—White of eggs, mixed up with a little quicklime, (or chalk burnt in a common fire and powdered) will make a good cement for glass and porcelain. It is not absolutely necessary that the chalk should be burnt, though it is generally used so.

Are you wronged? Bravely revenge the wrong. Slight it and the work is begun; forgive it, and it is finished.

**New York Advertisements**  
**To Western Merchants**

**NEW YORK CARD**  
September 1847.  
I have prepared a list of the names and addresses of the wholesale and retail dealers in the city of New York, and of the various branches of the country press, to make known their business and location and to afford a list of country merchants who wish to purchase any articles in the city.

**The Graefenberg Vegetable Pills**

Twenty thousand boxes sold each and every week!  
**THE GREENBERG COMPANY** give notice that P. C. INGERBOLL, Esq., for Cheating, Tompkins, Cayuga, Seneca, Ontario, Albany, Yates, and Warren counties, N. Y., and for Warren, Crawford, Yates, Putnam, M'Kean, Erie, Clinton, Center, and Wyoming counties, Penna.

The General Agent is fully prepared to appoint Agents wherever there is no branch of the Company; either on personal application, or by mail, post paid. The rapid sale of these celebrated pills and the extraordinary benefits they are constantly effecting, render them, by far, the most popular pill of the age. An Agency will consequently be very valuable.

The Graefenberg Pills are incomparably superior to any ever before discovered. In all bilious complaints, in general disorganization of the system, in all disorders which result from a bad state of the blood, these pills are a certain remedy.

In the case of those called chronic, the Graefenberg Pills achieve their highest triumphs. Here they defy all competition. Starting within the hidden recesses of the system, they quietly but surely purify the blood, root out disease, and give tone and vigor to the body.

Cures are constantly effected by these Pills, in cases where every other means had completely failed. They can be ordered by mail, at trifling expense. The price is 25 cents a box. Where two dollars worth are ordered, and the money remitted, the Company will pay the postage on the pills. Remittances at the Company's risk. Wherever there is no agency of the Company, they can be ordered by mail, at trifling expense.

The Pills are taking the place of all others, and no sick person should be without them. All bilious complaints, bowel complaints, constipation, dyspepsia, fever and ague, headache, jaundice, liver complaint, rheumatism, all stomach complaints, green sickness, &c., &c., yield at once to these Pills. They purify the blood, and restore the system to its natural state, and in the same time restore tone and vigor to the system. In cases of general derangement of the health, they are sovereign.

By their use, the weak will become strong; the pale and bilious complexion be restored to a perfectly fresh and healthy color; all the bad symptoms will one by one disappear.

These Pills are an inconceivable advance upon any other medicine ever before offered to the public. A trial will satisfy any one of this.

In addition to the above, may be found at the numerous depots of the Company, the following incomparable medicines, viz:—  
The Graefenberg Sarsaparilla Compound;  
" Fever and Ague Pills;  
" Children's Panacea;  
" Green Mountain Vegetable Ointment.

The attention of those suffering from disease, are especially invited to examine and decide for themselves. The following named persons are all Agents for the depots in Bradford County, for the sale of the above medicines from the Graefenberg Company:  
N. N. Betts, Towanda; Daniel Bailey & Son, Lewisville; D. B. Cotton, Litchfield; J. V. Daniels, Burryington; J. M. Edsall, Wells; David Gardner, Athens; Theodore Harding, Union and Canton; A. L. Merrill, Wells; Miss & Store, Standing Stone; C. T. Murphy, Cherry; George Nichols, Rome; T. M. Pike, Utsic; Rogers and Fritchler, Athens; Henry Russell, Windham; Stacy & Tozer, Springfield; B. Buffington, South Warren. 10y

**CHAIRS AND BEDSTEADE.**  
The subscribers still continue to manufacture and keep on hand a large assortment of all kinds of chairs, and wood seat CHAIRS; also SEETES of various kinds, and BEDSTEADE of every description, which we will sell low for cash or produce, or White Pine lumber, White wood, Bass wood, or Maple, will also be received for our work. Turning done to order in the neatest manner.  
TOMKINS & MACKINSON,  
Towanda, July 6, 1847.

**PAINTING.**  
**HENRY O. ALLEN.**  
RESPECTFULLY informs the citizens of Towanda, and the public generally that he is prepared to execute in the neatest style all descriptions of House, Sign, Coach or Carriage Painting, or Trimming; and every variety of Fancy and Ornamental Painting.

From his long experience and the many specimens of his productions now in use, he entertains a flattering hope that by close application to his profession, and being prompt to order he may secure a suitable share of public patronage. He may be seen at the building at the corner of Main and Bridge Streets, where he will be glad to attend to the calls of those who may want his services. PAPER-HANGING done on short notice, in a superior manner and reasonable terms.  
Towanda, July 6, 1847. 14y

**A Woolen Factory at Home.**  
The subscribers take pleasure in announcing to the citizens of Bradford County and vicinity, that they have leased for a term of years the building situated in Wyalusing town, and known as Ingham's Factory, and which they are now fitting up with machinery and apparatus for the manufacture of broad and narrow cloths, flannels, &c., in superior style and on the most reasonable terms. Those wishing to have wool manufactured upon shares will find it to their advantage to give them a call, as they are determined they will not receive less than the best market value for their wool. They work Wool into Broad or narrow dressed cloths for one half the cloth, or if preferred, they will manufacture by the yard as follows:—Broad cloths for from \$1 to \$1.25, narrow cloth, from 44 to 50 cts. Other articles manufactured for proportionate prices.

Wool carding and cloth dressing will be done on short notice and reasonable terms. They will be prepared for business on or before the first of June next.  
Wyalusing, April 25, 1847. HALL & HILL.

**NO. 3. IN TOWN AGAIN.**  
The subscribers are a little later than usual this spring with their extensive stock of merchandise; but what the good people of Bradford county have lost by our delay, we will now endeavor to make up to them in the quantity, quality and price of our goods.

We are now on hand with the LARGEST, BEST AND CHEAPEST stock of goods in Towanda, bought exclusively for the purpose, and since they have been reduced to their stock consists of usual.

**Dry Goods, Groceries, Crockery, Hardware, Drugs and Medicines.**  
For further particulars look along through the paper. We need not say "Call and examine our Goods," for we have no secret to keep. We will call at No. 3, before purchasing elsewhere. WM. H. BAIRD & CO. June 15, 1847.

**NEW DRY GOODS,**  
Corner of Main and Bridge Streets.  
JUST OPENING, at the corner of Main & Bridge Street, a well-selected assortment of new and fashionable DRY GOODS, which will be sold on unusually low for ready pay. The stock consists in part of Stettin, flannel, gingham, alpaca, the cheapest lot of prints in town, edgings, insertings, Swiss and cambric muslins, lincey, cotton, flannel, drilling, bleached and brown muslin, (not to be surpassed) tickle, check, cambric, cotton wool, and buck cloth, cotton hose, suspenders, German handkerchiefs, cotton and pongee hdkfs, gingham cravats, plaid shawls, wool comforters, cotton tapes, patent thread, sewing silk, cotton balls, packs, pins, needles, spool cotton, hanks and eyes, suspenders, shirt and metal buttons, with many other articles, usually found in a store, not mentioned. The public are invited to call and examine the stock before purchasing elsewhere, as they will be sold cheaper than at any other establishment in town.  
Towanda, Nov. 11. H. O'HARA.

**CROCKERY**, in the country, can be supplied with all articles in their line, on the most reasonable terms, at  
No. 1, BRICK ROW.

**SCARPA'S ACUSTIC OIL**

FOR THE CURE OF DEAFNESS, pain, and the discharge of matter from the ears. Also all those disagreeable sounds, like the buzzing of insects, falling of water, whizzing of steam, &c., &c., which are symptoms of approaching deafness, and also generally attendant with the disease. Many persons who have been obliged to wear trumpets, have after using one or two bottles, thrown aside their trumpets, being made perfectly well. Physicians and Surgeons highly recommend its use.

The very great number of happy results that have followed the use of SCARPA'S ACUSTIC OIL, have been truly astonishing. And what is wonderful, so many who were deaf from birth, have now become conversant very readily.

It would be the height of presumption to warrant a cure in all cases, but in nine cases out of ten of recent date, there is a certainty that the results will be most happy and satisfactory to the patient. The application of the oil produces no pain, but on the contrary an agreeable and pleasant sensation. The recipe for this medicine has been obtained from an Auriat of great reputation, who has found that deafness, in nineteen cases out of twenty, was produced from a want of action in the nerves of hearing, or a dryness in the ears; his object therefore was to find something which would create a healthy condition in those parts. After a long series of experiments his efforts were crowned with success, and he has secured the name of SCARPA'S COMPOUND ACUSTIC OIL. A long list of certificates might be given but such is the confidence in the medicine, and so high has been its reputation, that but one of them will be at present published.

**Most Extraordinary Case.**—An lady in Smithfield has been deaf and now about eighty years of age, had been gradually getting deaf for more than 40 years, so that it was next to impossible to make her hear conversation in the loudest tone of voice. Last winter she was induced to try "Scarpa's Oil for Deafness." It is only necessary to add that she used two bottles, and is perfectly restored to her hearing, and that she is now able to hear as well as she ever was. The oil may be obtained at the store of Dr. Jayne, No. 8, South Third Street, Philadelphia.

For sale by A. S. CHAMBERLIN, Towanda, Pa.; only agent for Bradford county. 28—1y

**A Very Important Communication**  
TO ALL PERSONS IN ALL PLACES.  
All times.  
AND UNDER ALL CIRCUMSTANCES.  
IF YOU ARE SICK, get cured; if well, employ measures to continue so. Every individual indulges in habits, which must, to a greater or lesser extent, arrange the admirable and intricate combinations which form the system, and consequently

EVERY INDIVIDUAL should possess some mild, yet efficacious, simple and accented agent for preserving all the functions of the body good order.

**DR. WOOD'S**  
SARSAPARILLA AND WILD CHERRY BITTERS will cheer the heart and should be in every family, and in the hands of every person, who by business, profession or general course of life, is predisposed to the very many little ailments that render life a curse, instead of a blessing, and finally result, in their aggregated condition, in the cause

**OF DEATH.**  
The Bitters here adverted to are compounded by a man of great skill and knowledge, from the simple Nature presents to those who care to find them, and which are the only reliable antidotes to the poison of disease. The chief ingredients are the universally-beloved Sarsaparilla and the Bark of the Wild Cherry Tree, with which the red man of the forest cures nearly every disease of the internal organs. These medicinal ingredients, powerful in their action, are, as common sense teaches us

ENTIRELY HARMLESS; and prepared as they are, one of the greatest medical operations in the inhabitable globe. By taking these BITTERS, the scrofulous may be restored to beauty, and avoid the sharp knife of the surgeon; for they not only cure the skin disease, but become CANCER AND KING'S EVIL!

Whoever is subjected to the horrors of Consumption, should at once purchase this cure. In the train of Costiveness follow dreadful lung congestions, often times insidiously, very frequently mania or melancholia, violent headaches, palpitations, and other affections of the heart and dynamic system. Dr. Wood's Compound Bitters is one of the most efficient medicines in ridding the complaint, and their fountain head, that can possibly be procured.

From being confined in close rooms, and from taking a small modicum of exercise, numerous persons daily are made to deplore a loss of appetite, gainful headaches, weakness of the muscles, languor, want of energy, sufficient to render their existence a burden. These persons say for years, that they "don't feel very well." If they do not employ a method by which they can feel better, they eventually sink under a severe fit of illness, and are

**SAVED FROM THE GRAVE**  
only by a miracle, and even then the lancet, leech, blister, and every medical science, are of little avail, and a source of disgust and annoyance to all with whom they come in contact. All these

**FEARFUL CONSEQUENCES**  
may be avoided by an early application of the virtues of these BITTERS. For the truth of this, the proprietor offers a reward of \$1000, in evidence that he has no fear of an undoubted certificate, which he has received, unsolicited from all quarters. He does not, however, ask that it should swallow his certificates, but his BITTERS, and is willing to stake all he holds dear on earth in favor of their worth.

**THE DYSPEPSIA.**  
In either a qualified or severe form, will disappear before the medicine of Dr. Wood's Compound Bitters, and the cure may be relied on as a permanent one. Did the BITTERS possess no other recommendation, it would be one of the finest vegetable compounds medical science can invent; but it is equal to the complete eradication

**LIVER COMPLAINTS,**  
in every situation, of recent or chronic origin, or giddiness of the bilious operation. Individuals who are constitutionally bilious ought regularly to take this mild agreeable and excellent Tonic and Aperient, as it will diffuse health throughout every fibre of the frame, and send happiness and love of life thrilling to the heart.—*Families ought to keep on hand.*

*Families ought to keep on hand.* Every individual who is afflicted with this complaint, should also be well stocked with this Tonic and Aperient, for it cannot effect those who take it, or long resist its vigorous assaults. All impurities of the blood vanish before it, and the old relics of earlier imprudence invariably disappear, sooner after being submitted to its action. Every complaint of the stomach is broken by it. The BITTERS have in no instance failed of curing dyspepsia, general biliousness, or indigestion.

**THE NERVOUS SYSTEM.**  
By neglecting the little intrusions made upon the latter a vast portion of our fellow beings are rendered extremely miserable—so miserable indeed, that they wish to die. Every bottle of "Dr. Wood's Sarsaparilla and Wild Cherry Bitters," contains a modicum of joy and content for each of those anxious and impatient sufferers. Resolute that injections of mercury is inevitably productive of many evils which are put to flight by this glorious and unsurpassable compound; and that affections which are

**HEREDITARY**  
may speedily and safely be subdued through its agency. As a medicine which must benefit

from the sweetest delicate to the coarsest and despairing invalid, no equal is to be found for it. It would be well to bear in mind that preventive is infinitely more desirable than cure, and that Dr. Wood's Sarsaparilla and Wild Cherry Bitters ARE BOTH.

Put up and sold in large bottles, at \$1, by WYATT & KETCHUM, 121 Fulton St., N. Y., HUSTON & LADD, Towanda, and by druggist generally throughout the U. S.

**J. GREENBERG VEGETABLE PILLS**  
and the Green Mountain Vegetable Ointment, for sale by the subscriber, only Agent for the town and borough of Towanda. 22y N. N. BETTS.

**ADIES! ISAY, LADIES!** If you have made L up your minds to buy a nice dress, cloak or shawl this season, don't fail to call at No. 3, Brick Row, where you can find the most, best and cheapest articles in that line, that is kept in town, besides all kinds of trimmings, Remoimber, &c. &c. 1111 BAIRD'S.

**NEW ESTABLISHMENT**

L. M. NYE & CO., would respectfully inform the citizens of Towanda and the public generally, that they have on hand a large stock of all kinds of UPRIGHT FURNITURE, of the best materials, and workmanship that cannot be surpassed, in addition to the usual assortment in country shops, we will keep on hand and make to order SOFAS, of various and most approved patterns; Sofa Rocking Chairs, upholstered in superior style, and for ease and durability cannot be surpassed in our large city. Also, the half French Mahogany Chair, beautifully upholstered, with curled hair, which never loses its elasticity, and finished with the best hair seating. We flatter ourselves that having had much experience in the business, we shall be able to satisfy all who may feel disposed to purchase, both as to quality and price, and by strict attention to business hope to merit and receive the patronage of a liberal community.

L. M. NYE & CO.,  
Towanda, September 1, 1845.

**CHEAP FURNITURE**  
MAY BE HAD at our shop much lower than it has ever been sold in Towanda. Goods are cheap, and when lowered, and that the reason we can afford all for to do it. All kinds of produce will be received in payment. Also, LUMBER of all kinds. L. M. NYE & CO. Sept. 1.

**COFFINS**  
WILL be put on hand a large assortment, and made to order, on shorter notice than any money than can be produced at any other establishment in the land. Those who are under the necessity of procuring that article will be satisfied. A good horse and pair will be had in attendance when desired. September 1, 1845. L. M. NYE & CO.

**MARBLE FACTORY,**  
In Towanda.  
H. M. BAKER respectfully informs the public that he has commenced the GRAVE-STONE business, in all its branches, at Towanda, where he will be ready at all times to attend to all calls in his line. Monuments, Tomb-stones, Grave-stones, of every description, &c., &c. made to order, and furnished as cheap as WORK and MARBLE of the same quality can be obtained at any shop in the country.

He invites the public to call and examine his work and materials, hoping to merit their patronage by strict attention to business, and by superior workmanship and good marble.

**LETTER-CUTTING** done with neatness and despatch, in the latest style. Shop on Main street, next door to T. Elliott's store, and three doors above Briggs' Hotel. Towanda, March 17, 1847. 40y

**TEN THOUSAND PERSONS**  
THAT HAVE USED DR. UPHAM'S ELECTUARY FOR THE BILIOUS, CHRONIC, DYSENTERY, INFLAMMATORY DISEASES AND SEVERE COSTIVENESS, have given their certificates of cures made by its use, when all other remedies have failed, and the proprietors are now prepared to offer

**ONE HUNDRED DOLLARS**  
to any persons afflicted with Piles, and all diseases of a similar nature, or which are found in connection with the Piles, if a cure is not effected by the use of

**DR. UPHAM'S VEGETABLE ELECTUARY.**  
It is an INTERNAL REMEDY, not an external application, and will cure any case of Piles, either bleeding or blind, internal or external, and the only thing that will. There is no mistake about it. It is a powerful, speedy and permanent. It is also a convenient medicine to take, and improve the general health in a remarkable manner. It is very mild in its operation, and may be taken in cases of the most acute inflammation, without danger. All external applications are in the highest degree disagreeable, inconvenient and offensive; and from the very nature of the disease, temporary in their effects. This medicine attacks the disease at its source, and removing the cause, renders the cure certain and permanent.

**INFLAMMATORY DISEASES.**  
Although the Electuary was originally prepared for the cure of Piles, it has proved itself to be a medicine far superior to all others, in all diseases of an inflammatory character, with a determination of blood to any particular part or organ. In Inflammation and Congestions of the Liver and Spleen; Inflammation, Swelling and Ulceration of the Stomach, &c. &c. Kidney and Bladder; Inflammatory and Mercutal Rheumatism, it is the best medicine ever discovered.

**IMPURITIES OF THE BLOOD.**  
For all Impurities of the Blood, arising from the impudent use of Mercury, or other causes; for all diseases of the skin and scrofulous affections; in all cases where the blood is powerfully determined to the head, producing dizziness and distaste, Dr. Upham's Electuary is entirely univalued.

**FOR MARRIED LADIES.**  
Married ladies are almost invariably subject to that painful and injurious disease, the Piles, which is the inflammation of the Stomach, Bowels, and Spine, weakness of the Back, flow of the blood to the head, &c. &c. The Electuary is perfectly safe for pregnant ladies, and the most useful Cathartic that can possibly be used, and it will not only remove the Piles and all inflammatory diseases without pain or irritation, but will ensure a easy cure, a safe delivery, and a sound constitution in the offspring.

**CAPT. G. W. McLEAN'S CERTIFICATE.**  
Ranawat, June 16, 1847.  
I have been afflicted for years with the Piles, and have tried, without anything like permanent benefit, almost everything assuming the name of a remedy. I had, as a matter of course lost all confidence in medicine. Under this feeling, I was induced—without reluctance, I confess—to use "Dr. Upham's Electuary," and having used it for about three weeks, according to the directions laid down, I find, to my utter surprise as well as satisfaction, that every symptom of the disease has left me. I think it due alike to Dr. Upham and myself to make this statement.

G. W. McLEAN, late of the U. S. N. **PHILADELPHIA CERTIFICATE.**  
DR. UPHAM—Dear Sir—About five years ago I was afflicted with what was called Chronic Dysentery. I have suffered with it ever since. My bowels have held me so that my liver was affected, and that my bowels were ulcerated, for blood and pus, attended with a peculiar putrid smell, were the frequent discharges. A short time since I made a visit to Massachusetts, in hopes of benefit from a change of air, but it did me no good, and I returned home before. While there a physician offered to cure me for \$200 in three or four weeks, and I, in the midst of intense pain, occasionally relieved by medicine, I saw in the wrapper of your Electuary, a perfect description of my complaint, together with many certificates of cures. This gave me great confidence in the medicine, and I purchased a box, and nine doses of which has apparently cured me, and I am prepared to do every thing in its favor, or render any service I can to humanity by subscribing to its merits.

Respectfully Yours,  
BENJAMIN PERCIVAL, 89 South Sixth St.  
Sold Wholesale and Retailly by WYATT & KETCHUM, 121 Fulton St. N. Y., HUSTON & LADD, Towanda, and by druggist generally throughout the U. S. Price \$1 a box. NOTICE.—The genuine Electuary has (W. A. Upham M. D.) The hand is also done with a pen.
