Anti-Removat Meeting.

At a meeting of more than one hundred and fifty of the citizens of Sullivan county, from the townships of Cherry, Shrewsbury and Davidson, held in the (our room at Laporte, on Wednesday afternoon, February 2d, A. D. 1848.

When on motion of Robert Taylor, ROBERT KITCHEN, Esq., was appointed President, and on motion of John Hiddleson, George HUNSINGER, RICHARD TAYLOR, EDMUND PENNINGTON, JOHN Jones, and Dennis Thall, were appointed Vice Presidents, and on motion of James Taylor, W. M. ovanhovan and John Buck, were appointed Sec

The object of the meeting was then stated, and several addresses delivered, when on motion of Benjamin Fiester, the following persons were appointed a commutee to draft resolutions expressive of the sense of the meeting, viz. John Hiddleson, James Taylor, Timothy Crawley, George Edkins and Griffith Phillips, Jr. The committee reported ne following preamble and resolutions, which were unanimously adopted.

Whereas, we have seen proceedings of a meet ing, reported as having been held at "Quinn's school house" on the 30th of Darage house" on the 30th of December last, in which falsehood and misrepresentation appear to be the order of the day. And wherein they complain to our Honorable Legislative bodies, of wrongs which only exist in their fertile imaginations, and y making a false statement of the feelings of the mbabitants, ask for redress of wrongs, and grievmees which do not exist. Therefore

Resolved. That we have confidence to believe ut Honorable Legislature, will examine fully as the facts, and having detected the falsehood, they till not sufely remove our county seat to one corer of the county, making us bow in submission to tumpike so called, which runs across one corner it, and which is in no better state for travelling on the roads denominated "those that never car e travelled in the proceedings of the aforesaid

Resolved, That the present location of the couny seat, has already benefitted our county more han a location on the turnpike could have done uncultivated part of our county, and given facilities robable would have been done for many years, it the younty seat were located at any other point elearing up this part of the county where the soil is better, than at any point on the turnpike, rom the Bradford line, to the point where it crosses me cast line of this county, and where water is abundant for mill-privileges within half a mile of his place, and where a sawmill is now being erect. And water from good springs within the town lot, and also at a short distance on each side of it, which gives abundant water for all purposes of a illage; and a fair beginning has already been made, which will enhance the value of property, and much enrich every portion of the county.— but say the people in favor of a removal, "we do not want the county enriched, our mants are only for the harmike. We want that benefitted. We do not want new roads: we want the people to go across' by the tumpike. To be sure a bridge would cost something across the Loyalsock, but we not expect a bridge, for the turnpike people to come here, would cost more than one for the people of this part of Cherry, and from Davidson, and brewsbury, to go to the turnpike. And good se curity has been offered to the county commissioners, to build the bridge for two hundred dollars, a my time they would authorize the building of it. he creek can now be crossed with teams, and can r at all times except when there is a freshet in it. veral loads having been already hauled across i

Resolved. That charges of falsehood and bribery bring made in order to get us to sign a remon-strance against a removal of the county seat, are reated with the scorn they merit, and remind us of w thief, who, having escaped from prison, ran ying at the top of his lungs, " stop thief,"

Resolved. That the personalities used, and in-Notations of bribery made, are so low and scurril-

That "ten days of grace" as they are called by proceedings of the aforesaid meeting, given by caing commissioners, were granted by special "quest of those who composed that meeting, and order that they might make proposals which they said they were not then prepared to make "y thus show their gratitude for the favor shown

Resolved. That Lewis Zaner, of Cherry, being man in whom we have full confidence, and who well acquainted with the land, at and near this place; Also with the water, water privileges &c., he state of the roads in every part of the county, and along the turnpike &c., be requested to act for us in Harrisburg, and to testify before our Honorable Legislature, if he should be called upon, re-lative to the statement made, and all matters pertaining to the interests of this county

Resolved. That the proceedings of this meeting
