

A DEPUTY SHERIFF SHOT.—A short time ago John H. Smith, one of the deputies of the Sheriff of this County, had placed in his hands an execution against Geo. I. Finkle, issued on a judgment obtained against him a few weeks since, by Geo. Weeks, in the Justice Court in this city, for damages done the said Weeks by having his harness and farming implements destroyed last season. On Saturday last, the day of sale, Smith proceeded to Finkle's place, but finding no bidders for the property, he adjourned it to a future day. There he proceeded to arrest one of the jurors drawn for the next Court, (Philip B. Miller,) who, by the way, is said to be under an indictment for participation in previous outrages. Thence Mr. Smith proceeded homeward, and when nearly a mile from Finkle's he was fired upon from the side of the road, while riding past, by two persons with rifles, standing about fifty feet distant. Both balls took effect, one passing into the fleshy part of the thigh, taking a course slanting downward, and the other striking him directly in the breast, passing through his lungs, and now remains in his body somewhere near the shoulders. The first ball has been extracted, and the wound in the breast probed to the depth of six or eight inches.

Immediately on being shot he fell forward in his wagon, where he remained a short time when Mr. Ambrose S. Russell, who was riding in the same direction, came along and conveyed him to his home. This took place, as is understood, late in the afternoon. We understand that the chances of his recovery are very slight indeed. To show that the villains intended to make sure work, and commit downright murder, they did not even take the trouble to disguise their faces. The officer knew them perfectly, and their names have been handed over to the proper authorities. It is believed that only a week or ten days since, we understand a house was pulled down in the town of Tazewell by a gang of desperadoes, and it is looked upon as quite a remarkable coincidence, that the day on which that outrage was committed, as well as that of last Saturday, that Mr. George I. Finkle should be in this city making himself as conspicuous as possible.

We can hardly suffer ourselves to comment upon this cold blooded attempt (most probably a successful one) to commit murder on the public highway in open day. The heart recoils from such atrocities. We trust the authorities have acted promptly and vigorously in this matter, and that the perpetrators, as well as those who planned the deed, will be brought to speedy justice.—Columbia Republican.

MR. CLAY SELECTED IN DAMAGES.—Henry Clay seems to be very hostile to the freedom of the press. Some time ago—in August, 1848—a mob carried off, in Lexington, Ky., the press of Cassius M. Clay, while he was sick in bed. He brought suit against James B. Clay, the son and partner of Henry Clay and notwithstanding Mr. Clay's presence, and the exertion of a host of his "secret circles," a verdict was given for C. M. Clay, and the Hon. Henry Clay, and his son James B. Clay, fell to the amount of \$25,000 says the New York Mirror. The result of these proceedings forcibly recalled to the difference between the course and reward of Henry Clay and C. M. Clay. The latter denounced the war before it began, but fought in it when it came, and was received on his return for Mexico with universal respect. The former changed front in the Presidential canvass, turned over to the Mexican side, embarrassed our arms when the battle commenced, by absurd speeches and Janus-faced resolutions, and now returns home to find General Taylor nominated in Kentucky, and his own son and partner in law, James B. Clay, ordered by a jury of his State to pay \$25,000 for attempting to overthrow the liberties of his country.

CHIHUAHUA TAKEN AGAIN BY THE AMERICANS.—COL. HALLS NOT DEFEATED.—The steamship Ohio, at New Orleans, brings late dates from Mexico. The only further news of importance received by the Ohio is the conquest of Chihuahua. In place of Col. Halle being defeated by Crean near El Paso, our troops entered Chihuahua in triumph on the 1st of March, for the second time. Upon receiving intelligence of this event, Urrea, commandant of Durango, immediately commenced putting that city and State in a posture of defence, for the purpose of resisting the invader. Besides invading Chihuahua, the Americans have made incursions into other parts of the Mexican territory, wherever they are from the tide of war. A body of three hundred of our troops had arrived at Saltillo, on their way to San Luis Potosi. Mazapil, in the State of Zacatecas, had also fallen without a struggle, and the formidable force of seventeen mounted Americans, arrived on the 14th at Cedral, on their way to occupy Matlahuala, in San Luis.

A BRAVE WOMAN.—HOMICIDE.—An unknown man demanded admittance last week, into the house of Mrs. Roberts, living near New Albany, Indiana, on the Charleston Road, in the absence of her husband. The individual said that he wanted admittance to the premises, which being refused, he attempted to enter at the front door, then attempted to force a window, and at the same time intended to gain admittance "at the risk of his life." During this time, Mrs. R. had loaded a gun which she had in her possession, with a very heavy charge of buckshot, and a deliberate aim by raising the piece upon a table, when the ruffian had forced the window in such a manner as to enable him to enter the house, and fire, and the whole of the ruffian, causing almost instantaneous death. A coronor's inquest was held. Verdict.—Justifiable homicide.

THE CHESTER COUNTY BANK ROBBERY ARRESTED.—The supposed robbers of Dr. Parlington, the President of the Chester County Bank, have at length been arrested in Matamoros, Mexico. On Sunday last, Mr. Mears, Cashier of the Delaware County Bank, received a letter from Matamoros, stating that two men had been arrested, supposed to be concerned in the robbery. One of the persons arrested had purchased mules, and paid exorbitantly in Chester County bank money. Fifty thousand dollars were secured. The prisoners await the requisition of the Governor.

CONVICTED AND SENTENCED.—Wesley Pine, who was tried at Poughkeepsie, for the murder of Mrs. Russell, has been found guilty of murder and sentenced to be hanged on the 28th of May next. The plea of hereditary insanity was set up but not sustained.

Mrs. SARAH WORTHINGTON, wife of Isaac Worthington, residing in Wrightstown, Bucks county, gave birth, last Friday morning, to three children, (twins) two sons and a daughter, and expired in the hour afterwards. Children alive and doing well.

FIRE AT GETTYSBURG, PA.—A large frame building at Gettysburg, occupied by Messrs. Saltzger and Frey, John Laughlin, and James Townsend, as a paint and coach shop, was destroyed by fire Wednesday last, with carriage bodies, materials, tools, &c., at a loss of \$3000 to \$5000.

A YOUNG GERMAN, named Patza, was arrested a few days since in a house in New Orleans, while in the act of murdering a woman. He had cut her throat, and was trying to suppress her screams when caught.

GREAT MORTALITY.—A letter from Mexico, written in February, says that the Third Regiment of Kentucky volunteers has lost one hundred men by disease, thirty or forty have been discharged, and one hundred and eighty were on the sick list.

A VICTIM TO SCIENCE.—A Dr. Taylor, a Scotchman, was shot at Cincinnati, while stealing a dead subject from a grave-yard. He belonged to Allensville, Indiana, and his body was found by the side of the one which he had stolen.

DEATH OF CHAPMAN.—Joseph Chapman, Esq., well known as a lawyer and politician in Indiana, died recently in Mexico. What will the politicians do without his "crow."

AN IMPORTANT LAW.—WOMAN'S RIGHTS IN PROPERTY.—The Legislature of this Commonwealth passed one of its last acts the following law to secure to married women the right to their own property, which the following sections are the important ones:

"Be it enacted, &c., That every species and description of property, whether consisting of real, personal, or mixed, which may be owned by, or belong to, any single woman, shall continue to be the property of such woman as fully after her marriage as before, and all such property of whatever name or kind, which shall accrue to any married woman during coverture by will, descent, deed, or conveyance, or otherwise, shall be owned, used and enjoyed by such married woman as her own separate property; and the said property, whether owned by her before marriage, or which shall accrue to her afterwards, shall not be subject to levy and execution for the debts or liabilities of her husband, nor shall such property be sold, conveyed, mortgaged, transferred, or in any manner encumbered by her husband without her written consent first had and obtained and duly acknowledged before one of the Judges of the Courts of Common Pleas of this Commonwealth, that such consent was not the result of coercion on the part of her husband, and that the same was given voluntarily and of her own free will."

"That any married woman may dispose by her last will and testament of her separate property, real, personal, or mixed, whether the same accrued to her before or during coverture. Provided, That said last will and testament be executed in the presence of two or more witnesses, neither of whom shall be her husband."

The remaining sections provide for the recovery of debts and the descent of property under the new law.

FRUIT.—Until yesterday, the fruit crop looked remarkably promising. The snow-storm of yesterday probably finished the blossoms which the wind of the night before had spared.

AN OLD MAN.—John Mann, upwards of one hundred years old, died in the Germantown almshouse a few days since.
