Wasning Butter .- We doubt the utility of wash ing butter in cold water. There is in butter, properly made from good cows, in the best of feed, a peculiar rich aroma and flavor, which is we think in some measure, washed away by the use of cold water. We know that a thousand evidences may be brought forward to justify washing in the shape of dutch butter, and good productions throughout the country. But we want sometimes more than good butter. We want extra fine. Some say butter is an oil, and water will not disolve it. But what evidence have we that the fine savor of butter consists in oil? We have seen butter that had all the peculiar properties of oil and grease and yet, so far from having a delightful savor, it had the contrary, and if used for crackers, as is ofton the custom with bakers, the odor was apparent in them, on wetting them in warm water. Water will surely extract the fine flavor of butter, as has been shown by putting balls of butter in salt water for preservation. It becomes insipid, and we have no doubt that washing butter has the same affect only less from the transient operation. The linest butter that we ever tasted was well made without

- the condition one year, and with no other preserva-

tive but salt.

ECONOMISE YOUR ASHES - Experiments instituted by several of our intelligent and enterprising agricultural friends the past season, have already and irrefragably demonstrated the important fact, that ashes are an efficient and enduring femilizer. In order however, to obtain the greatset possible benefit from their application, they should never be applied alone, but with a mixture of lime in its caustic state, " as that mineral is endued with capacity of rendering the alumina extant in the soil, or leach ed ashes soluble in water and thus preparing it for a facile absorbtion by the spongeoles or minute terminal fibres of the roots of plants." By combining alumina, the basis of clay, says Dr. Lee, lime leubates these alkalies and silicaties which, uniting chemically, form soluble silicates of potash and soda. We have long been convinced of the high value of ashes, both unleached and leached, as a manure, and have frequently applied them ourself with sigrnal success to almost every description of field crop and on almost every variety of soil, from the heavy. I have used four bottles of your Sarsaparills, and they ponderous, tenaceous clays, to the light, arid and have done me more than one thousand dollars worth of adust sands. Seeing little of farming life but its drudgery and its unintellectuality, nearly every one who has a soul above breaking colts and skinning woodchucks is off to the village colts and skinning woodchucks is off to the village cases of Fits, of course never recommended it, and was or the city at the very first chance—they all jump surprised to receive the following from an intelligent and at a chance to measure tape at five dollars per month, and Jodge three-deep in a seven-by nine garret, or to crucify Blackstone afresh in any low pettifogger's den in any corner of the wide world. How many of them do you suppose are now applying, waiting, longing, coaxing, solicit ng for some chance—they hardly care what—to break away from the drudgery of the paternal home, in the assured conviction that a farmer's life and thorough mental cultivation are incompatible! This is the vital error we would demolish, by disseminating the truth that in no vocation is scientific knowledge and mental elevation more desirable or more useful than in that of the farmer."

CAPABILITIES OF A GRAIN OF WHEAT .- Few are aware that a root of wheat after it has tillered, is capable of subdivision many times, or are acquainted with the fact that, in a congenial soil the wheat root will after having ripened many ears of com again vegetate and produce ears of corn a second year, yet these results I have obtained in the course of my experiments for the past twenty years. Relative to the subdivision of the wheat root, I would refer to my publication, The Cottage Earmer, wherein is explained how 43,000 grains were obtained in one season from one grain, by sowing early, subdividing the roots and continual sulture-[E. CURIOUS APPLE - An Apple has been produced near Ticonderoga, having neither core nor seeds, by the following method. The experiment is worth repeating, as it may lead to important results:--the top of a young tree was bent over and covered with earth which took rost. The tree was then cut asunder, which stopped all connection with the natural root of the tree, and by sprouts which sprung from the top portion of the body, a regular top was formed, which produces this fine fruit-a beautiful red, good size, very pleasant table apple in the falt.

PRESERVING CURRANTS.—Curraints and gooseberries may be preserved all the year round, as fresh and sweet as when taken from the bush. The fruit should be plucked while green, or before the berries assume the red color which precedes and heralds maturity, and put into clean dry glass bottles which should be corked and sealed tight, and placed in the cellar, or some other cool place: an ice house would be t'in best.

DR. TOWNSEND'S SARSAPARILLA Wonder and blessing of the Age!

MOST EXTRAORDINARY MEDICINE in the

world! This Extract is put up in Quart Bottles. it is six times cheaper, pleasanter, and warranted superior to any sold. It cures without vomiting, purging. sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, that while it eradicates the disease, it invigorates the body. It is one of the very best SPRING AND SUMMER MEDICINES

Ever known; it not only purifies the whole system, and strengthens the person, but it creates new pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful suc-It has performed within the last five years, more than 100.000 cures of severe cases of disease; at leas 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the two past

10.000 cases of General Debility and want of Energy. Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effects of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition fainting sensations, premature decay and decline, hasteing towards that fatal disease. Consumption, can be enly restored by this pleasant remedy. This Saraaparilla is far superior to any Invigorating Cordial, as renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most

extraordinary dégree.
CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blond-Soreness in the Chest, Hectic Flush, Night Sweats, Difficult washing in water, and it was sometimes kept in or Profuse Expectoration, Pain in the side, &c., have been and can be cured,

SPITTING BLOOD.

New York, April 28, 1847-Da. Townskyn:—I verily believe your Sarsaparids has been the means through Providence, of saving my life. I have for several years had a had Cough. I became worse and worse. At last I raised large quanti ties of blood had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your barsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant, W. M. RUSSELL, 65 Catherine-st

RHEUMATISM. This is only one of more than four thousand cases of Rh umatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentlemen

spoken of in the following letter: Blackwell's Island, Sep. 14, 1847. FITS! FITS! FITS! Dr. Townsend, not having tested his Sarsaparilla in respectable Farmer in Westchester County:

Fordham, August 13, 1847. Dr Townsend-Dear Sir: I have a little girl seven years of age, who has been several years afflicted with Fits; we tried almost everything for her, but without success; at last although we could find no recommendation in our circular for cases like hers we thought, as she was in very delicate health, we would give her some of your Samaparilla, and are very glad we did, for it not your careaparina, and are very glad we did, for it not only restored her strength, but she has had no return of the File, to our great pleasure and surprise. She is fa t becoming rugged and hearty, for which we feet grateful, Yours, respectfully, JOHN BUTLER, Jr.

FEMALE MEDICINE. Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb, Costiveness, Piles, Leucorrhaea, or Whites, obstructed or difficult Menstruation, Incentinence of Urine, or involuntary discharge thereof, and for the general prostration of the system— no matter whether the result of inherent cause, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately contracts the nerve lessness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few

with fine, healthy offspring. TO MOTHERS AND MARRIED LADIES. This Extract of Sarsaparil's has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "The turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Not is it less valuable or those who are approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is in-valuable for all the delicate diseases to which women

bottles of this invaluable medicine, have been blessed

are subject. . It braces the whole system, renews permanently the natural energies, by removing the impurities of the body not so far stimulating as to produced subsequent relax-ation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical opera-

tions may be prevented.

OPINION OF PHYSICIANS.

Dr. Townsend is almost daily receiving orders from Physicians in different parts of the Union.

This is to certify, that we the undersigned, Physicians of the city of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one

of the most valuable preparations in the market.

SHERMAN'S ALL-HEALING BALSAM. Mrs. Attree, the wife of Wm. H. Attree, Esq. was given up by Dr. Sewall of Washington, Dr. Rue and Clellan of Philadelphia, Drs. Roe and Mott of New York. Her friends all thought she must die. She had every appearance of being in consumption, and was so pronounced by her physicians-Sherman's Balsam was given and it cured her.

Mrs. Garrabrantz, of Bull's Perry was also cured of consumption by this Balsam when all other remedies failed to give relief-she was reduced to a skeleton. Dr. A. C. Castle, Dentist, 281 Broadway, has witnessed its affects in several cases where no other medicine afforded relief-but the Balsam operated likea charm. Dr. C. also witnessed its wonderful effects in curing Asthma, which it never fails of doing. Spitting Blood, alarming as it may be, is effectually cured by this Balsam. It heals the ruptured or wounded blood vessels. and makes the lungs sound again,

Rev. Henry Jones, 108 Eighth avenue, was cured of cough and catarrhal affections of 50 years standing. The first dose gave him more relief than all the other medicine he had over taken, Dr. L. J. Beals, 19 Delancy street, gave it to a sister-in-law who was laboring under consumption, and to another sorely afficted with the asthma. In both cases its effects were immediate, soor restoring them to comfortable health.

Mrs. Lucretia Wells, 95 Christie st., suffered from Asthma 42 years. Sherman's Balsam relieved her at once, and she is comparatively well, being enabled to subdue every attack by a timely use of this medicine This indeed is the timely remedy for Coughs, Colds. Spitting blood, Liver complaints and all affections of the throat, and even Asthma and Consumption.

by CHAMBERLIN & PORTER, No. 1, Brick row.

Persons in all conditions of life, are at times liable to be afflicted with the above complaints. It is therefore the duty of heads of families to provide and keep on hand, ready for any emergency, a REMEDY that is capable of removing the suffering attendant on those troublesome companions. Those who have used TOUSEY'S UNIVERSAL OINTMENT,

need not be told that it is a complete remedy, a master of pain, and the most speedy remover of inflammation ever discovered. The experience of such persons is sufficient to prompt them to keep it always on hand, knowing that many valuable lives have been saved, by this Magical Conqueror of inflamed and other sores, burns, scalds, &c. It instantly stops all pain of the severest kind, and prevents scars. No family should be without it, as an immediate application of it in cases of burns or scalds, would do more good while waiting for the doctor the the could do when arrived, besides preventing long hours of the utmost suffering which might pass before a physician could be obtained.

If possesses control over the severest injuries by fire,

over mortification, over inflammation, and by its combined virtues it acts as unti-septic, nervine, anti-spasmodic, anodyne emollient and healing, and is the most complete external remedy in use. Thousands have tried, and thousands praise it. It is

Clickner's Vegetable Purgative Pills, A RE the first and only medicine ever discovered that will positively cure Headache, Giddiness, Piles, Dyspensia, Scurvy Smallpox, Jaundice, Pains in the Back, Inward Weakness, Palpitation of the Heart, Rising in the Throat, Dropsy, Asthma, Fevers of all kinds Female Complaints, Measles, Salt Rheum, Heart Burn, Worms, Cholers, Mortius, Coughs, Quinsy, Whooping cough, Consumption, Fits, Liver Complaint, Erysipelas, Deafness, Itchings of the Skin, Colds, Nervous Complaints, and a variety of other Diseases arising from impurities of Indigestion.

It has been proved that nearly every disease to which the human frame is subject, originates from impurities of the Blood or Derangements of the Digestive Organs; and to secure Health, we must remove those obstructions or restore the blood to its natural state. This fact is universally known, but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired Constitution or a fit of sickness rebukes them for the folly of their conduct. Still they had some excuse, for heretofore, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for Clickener's Vegetable Purgutive Pills, being completely enveloped with A COATING OF PURE WRITE SUGAR. (which is distinct from the kernel) have no taste of medicine, but are as easily swallowed as bits of candy. Moreover they do not nauscate or gripe in the slightest degree, which is occasioned by the fact that are compounded on acientific principles, and operate equally on all the diseased parts of the system, netcad of confining themselves to, and racking any particular region, (which is the great and admitted evil of every other purgative.) Hence they strike at the root of Disease, remove all impure humors from the blood, open the pores externally and internally, promote the Insensible Perspiration, obviate flatulency, Headache &c. - separate all foreign and obnoxious particles from chyle, so that the blood, of which it is the origin, must be thoroughly pure—secure a free and healthy action to the Heart, Lungs and Liver, and thereby restore health even when all other means have fuiled.

HEMORRHOIDS OR PILES INTERNAL AND EXTERNAL PERMANENTLY CURED By Dr. Upham's Vegetable Electuary. AN INTERNAL REMEDY, which, if used se-

cording to directions, a cure for life is guaranteed.

STRPTORS OF THE DISEASE. A common consequence of this affection is a kind of tenesmus, or bearing down sensation, as it is familiarly called; there is also heat, tension and throbbing in the part, varying from a moderate degree of these sensations to the most excruciating suffering :- these are caused by the great flow of blood to the parts. Sometimes the inner coat of the bowel protrudes at every evacuation, forming what is called Prolapsus or falling of the bowels; this is the effect of long continued irritation and weakness of that organ. In some instances the patient experiences nervous pains, which are indis-cribable, and known only to the sufferer, which commeuce immediately after an evacuation, and continu from thirty minutes to several hours; these sensations are very annoving and sometimes very distressing .-This disease, when of long continuance, is attended pain and weakness in the back, irritation of the kid neys and bladder, and other organs in the vicinity, pain and numiness in the legs and feet, a sense of straight ness about the chest, and unnatural fullness of the ablominal viscera, accompanied with palpitation of the heart and oppression, individuals sometimes experience, previous to an attack of the Piles, symptoms denoting great derangement in the circulation; there is a sense of weight and pressure in the abdomen, with a peculiar feeling of uneasiness in the bowels, constipation of pe ringum, strended with pain in the back and loins, nausea, and slight pains in the stomach, pale countenance confused sensations in the head, wearmess, and irritable and discontented state of the mind, and a sense of fullness and oppression in the region of the stomach. The circulation on the surface is feeble, and the current of blood determined inward and downwards. FOR ALL OF THE ABOVE DISEASES AND COMPLAINTS.

NEW ARRANGEMENTS

TOMKINS & MAKINSON would inform those interested, that we have concluded to close up the business of the firm. We find our Capital is not in our hands, but distributed over Bradford and Tioga counties, and we have employed an Agent to call upon on customers, so as to give them an or portunity to take up their notes; or either of the old firm will receive mo neys and give a receipt to apply. We hope and trus we shall not be obliged to place a large number of our customer's notes in the hands of magistrates. Neces. sity, however, compels us to make collections. Those of our customers in and about Towarda, that have unsettled matters en book, will be good enough to call and have them closed up. The business hereafter will be continued under the firm of JAS.
