DYSPEPSIA, GENERAL DEBILITY, &c. WATERTOWN, Jefferson Co., Nov. 4, 1847.

Dear Sir-I am at a loss to express with words what has been said in praise of your Compound Extract of Yellow Dock and Sarsaparilla; all who have had the pleasure of using it speak of its marvellous effects in noving diseases, with so much feeling and heartfelt satisfaction, that I am confident now that no medicine tuse can boast of its superior qualities. THE GREATEST FEMALE MEDICINE NOW KNOWN.

The mild ulterative properties of Dr. Guysott's ex-tract of Yellow Dock and Sarsaparilla, render it pecu-liarly applicable to the slender and delicate constitution of the female. It immediately counteracts that distressing nervousness and lassitude so common to the female frame, and imparts an energy and buoyancy as surprising as they We cannot, of course, exhibit certificates to any ex-

A N INTERNAL REMEDY, which, if used ac-cording to dissilions, a cute for life is guaranteed. atherrous or the disease.

A common consequence of this affection is a kind to tenesana, or bearing down sensation, as it is familiarly called; there is also heat, tension and throbbing in the part, varying from a moderate degree of these sense-tions to the most excruciating suffering;—these are caused by the great flow of blood to the parts. Some-times the inner coat of the bowel protrudes at every evacuation, forming what is called Prolapsus or falling of the bowels; this is the effect of long continued irri tation and weakness of that organ. In some instance the patient experiences nervous pains, which are indis eribable, and known only to the sufferer, which commence immediately after an evacuation, and continue from thirty minutes to several hours; these sensation are very sunoving and sometimes very distressing.— This disease, when of long continuance, is attended by pain and weakness in the back, irritation of the kid news and bladder, and other organs in the vicinity, pair and numbress in the legs and feet, a sense of straight-ness about the crest, and unnatural follows of the abominal viscera, accompanied with palpitation of the beast and oppression, individuals sometimes experience. previous to an attack of the Piles, symptons denoting great derangement in the circulation; there is a sense of weight and pressure in the abdomen, with a peculiar feeling of uneasiness in the bowels, constipation of peringum, attended with pain in the back and loins, nauses, and slight pains in the stomach, pale countenance nfused sensations in the head, weariness, and irritable and discontented state of the mind, and a sense of fullness and oppression in the region of the stomach. REMARKABLE CURE OF PILES!! THIRTY YEARS STANDING! MOUST WARRINGTON.

Berkshire Co. (Mass.) Nov. 29, 1847, 5 MESSES. WTATT & KETCHAN-Gents: For thirty years I have been afflicted with piles, general debility and inflamation, causing tumors and prolapsus of the howels, and which had resisted all the medical treatment Dr. Chapman and others could give. The last three years of that time my sufferings defy description. I was confined to bed, unable to help myself, and at last given up by my phisicians and friends in despair of evr gaining my health; in fact for three days before I was entirely speechless and my burial clothes were made. But under Providence, and the use of Dr. Upham's Electuary, though an oun MAN I have the pleasuse of stating the race to the public that my health is now good, and hope to live many years, if it is God's will, to make known the virtues of Dr. Upham's Electuary, and to recommend it to my afflicted tellow creatures. It helped me beyond the expectations of all that knew my case, and I only say to others that it is, in my opinion, the best medicine in the world for Piles, or any other disease of the howels; and if they will use it according to the directions, I will myself warrant a cupe in every case.

Yours, with the utmost expression of thankfullness. CORNELIUS SPUR,

EGRANDAT, Berk. Co., (Mass.) Nov. 19, 1847. The above certificate tells a simple and truthful story of suffering and relief, of which, as physician and witness in the case, I cheerfully endorse.

New York, April 28, 1847-Du. Townsent :- I verily believe your Sarsaparille has been the means through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quanti-ties of blood, had night sweats, and was greatly debilita-ted and reduced, and did not expect to live. I have only used your Sareaparilla's short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am hankful for these results.

Your obedient servant, W. M. RUSSELL, 65 Catherine-st. RHEUMATISM.

This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues. James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentlemen spoken of in the following letter:

I had the utmost distressing pains, and my limbs were terribly swollen, I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth o good. I am so much better-indeed, I am entirely reheved. You are at liberty to use this for the benefit o

FITS! FITS! FITS! Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and espectable Farmer in Westchester County:

Fordbam, August 13, 1847.
Dr Townsend—Dear Sir: I have a little girl seven years of age, who has been several years afflieted with Fits; we tried almost everything for her, but without success; at last although we could find no recommendation, in our circular for cases like hers we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful,

Yours, respectfully, JOHN BUTLER, Jr.

This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which women

are subject, are subject.

It braces the whole system, renews permanently the
natural energies, by removing the impurities of the body,
not so far stimulating as to produced subsequent relaxation, which is the case of most medicines taken for fe mate weakness and disease. By using a few bottles of this medicine, many severe and painful surgical opera-
