TTHIS CHEMICAL COMPOUND, containing as it does, Yellow Dock, so thighly exteemed by the faculty—with other vegetable productions, is some of the most important discoveries of the age, and far superior to all simple sarsaparilla preparations in use. Although less than two yours have clayed since its discovery, it has already effected over 15,000 cures. The unrivalled power disease which this Syrup produers may be attributed to the fact that it is composed purely of vegetable extracts each one baring a direct reference to some internal organ; consequently the whole system is benefitted; and the fact that, in its n, it occasions neither sickness nor pain, and can bataken under all circumstances without regard to business or diet, and by the aged and the infant with equal efficacy, is certainly a consideration in the history of Medicine. This Extract is put up in Quart Bottles. and is the most highly concentrated Syrup in use. It is officed at the low price of one dollar per Bottle, the object of being to give the patient an opportunity by the purchase of one bottle, to test its valuable medical

properties and its power over discuse.

This compound Extract of Yellow Dock and Sarsaparilla is a positive, speedy, and permanent cure for Communition, Scrolula or King's Lvil, Erysipelas, Salt Pempley on the face, Rhoumatism, Gout, General Debility, Dyspepsia, Liver Complaints, Spinal Affections, Female Complaints, Ulcers, Syphila in its worst form, Affections of the Biadder and Kidneys, Bilions Colle and serous Lonseness, Biles, Costiveness, Colds, corrupt Humors, Asthma, Dropsy, enlargement of the Bones, Fever and Ague, Giddiness, Gravel, Handsches, of every kind, Impure blood, Jaundice, Loss of Appetite, Leprosy, Mercuria! Diseases, Night Sweats. Nervous Complaints of all kinds, Neuralgis, Organic Affections, Palpitation of the Heart, Painter's Colic, Piles, rush of Blood to the Head, Scurvy, Swellings, Sick Hendache, Stiffness of the joints, Exposure and

In the Vegetable Kingdom, an All wise Being bas deposited such plants and herbs as are congenial to our constitutions, and adapted to the cure of all curable diseases to which human nature is incident. All this Compound Syrup is composed of all those valuable plants, some of which have lately been discovered and used, and found to be certain specifies in thousands of diseases that before defied the best of medical skill.

REMARKABLE CURE OF PILES!! THIRTY YEARS STANDING!!

MOUNT WASHINGTON,
Berkshire Co. (Mass.) Nov. 29, 1847. MESSES WTATE & KETCHAN-Gents: For thirty years I have been afflicted with piles, general debility and inflamation, causing tumors and prolapsus of the owels, and which had resisted all the medical treatment Dr. Chapmen and others could give. The last three years of that time my sufferings defy description. I was confined to bed; unable to help myself, and at last given up by my phisicians and friends in despair of ev-er gaining my health; in fact for three days before I was entirely speechless and my burial clothes were made. But under Providence, and the use of Dr. Upham's Electuary, though an our man I have the please ure of stating the race to the public that my health is now good, and hope to live many years, if it is God's will, to make known the virtues of Dr. Upham's Electuary, and to recommend it to my afflicted fellow creatures. It belped me beyond the expectations of all that knew my case, and I only say to others that it is, in my opinion, the best medicine in the world for Piles, or any other disease of the bowels; and if they will use it according to the directions, I will myself warrant a cure

In every case.

New York, April 28, 1847.

New York, April 28, 1847.

Dn. Townsann:—I verily believe your Sarasparila
has been the means through Providence of saving my
life. I have for several years had a bad Googh. It
became worse and worse. At last I raised large quantities of bloud, had night sweats, and was greatly debilita-ted and reduced, and did\_not expect to live. I have only used your Sarvaparilla short time, and there has wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results. Your obedient servant, W M. RUSSELL, 65 Catherine-st

CANKER IN THE MOUTH. Below is an account of another child saved. Dr. Townsend's Sarsaparilla has saved the lives of thouands of children, the following two ceruficates are

New York, April 1, 1847. Dr. Townsend: Dear Su-One of my children was very sick with a Canker in the Mouth and Throat at-tended with great debility. It came near dying. I obtained some of your excellent medicine, and it cured directly, for which I assure you I feel very grateful.

Yours, respectfully, FITS! FITS! FITS!

Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County: Fordbam, August 13, 1847.

Dr Townsend-Dear Sir : I have a little girl seven years of see, who has been several years afflicted with Fits we tried almost everything for her, but without success; at last although we could find no recommendation in our circular for cases like hers we thought, as she was in very delicate health, we would give her some of your Carraparilla, and are very glad we did, for it not only restored her strength, but she has had no return of the Fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful, Yours, respectfully, JOHN BUILER, Jr.

purities of indigestion.

It has been proved that nearly every disease to which the human frame is subject, originates from impurities of the Blood or Derangements of the Digestive Organs; and to secure Health, we must semove those obstrucor restore the blood to its natural state. This fact is universally known but people have such an avenion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired Constitution or a fit of sickness rebukes them for the folly of their conduct. Still they had some excuse, for heretofore, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is mosteffectually removed; for Clickener's Vegetable Purguint Pills, being completely enveloped with a coating of PURE WHITE SUGAR, (which is distinct from the kernel) have no taste of medicine, but are as easily swalloud as hits of candy. Moreover they do not nauscate we gripe in the slightest degree, which is occasioned by the fact that are compounded on scientific principles, and operate equally on all the diseased parts of the system, instead of confining themselves to, and racking any particular region, (which is the great and admitted evil of every other purgative.) Hence , they strike at the red of Disease, remove all impure humors from the blood, pen the pores externally and internally, promote the Insensible Perspiration, obviate flatuleicy, Headache, &c. reparate all foreign and obnoxious particles from chyle, so that the blood, of which it is the origin, must be thoroughly pure secure a free and healthy action to the Heart, Lungs and Liver, and thereby restore health even when all other means have failed."
