FTHIS CHEMICAL COMPOUND, containing it does. Vellow Dock, so highly extenses by the faculty—with other vegetable productions, is one of the most important discoveries of the ager and far superior to all simple sarsaparilla preparations in use. Although less than two years have clapsed since its discovery, it has already effected over 15,000 cures. The univalled power disease which this Syrup produces may be attributed to the fact that it is composed purely of vegetable extracts, each one-having a direct reference to some internal eigen; consequently the whole system is benefitted; and the fact that, in its operation, it occasions neither sickness nor pain, and ran be taken under all circumstances without regard to iness of diet, and by the aged and the infan equal efficacy, is certainly a consideratum in the history of Medicine. This Extract is put up in Quart Buttles. and is the most highly concentrated Syrup in u-e. I is offered at the low price of one dollar per Bottle, the object of being to give the patient an opportunity by the purchase of one bottle, to test its valuable medical

This is to certify that we, the undersigned Physi cians of the city of New York, have in a very great many cases prescribed Ductor Guysott's Extract of Yellow Dock and Sarsaparilla, and are fully assured that it has no equal among the varied Syrups and Sar-saparilla preparations that have over been sold. Mr. S. F. BENNETT:

Dear Sir—I am at a loss to express with words what has been said in praise of your Compound Extract of Yellow Dock and Sarsaparille; all who have had the pleasure of using it speak of its marvellous effects in removing diseases, with so much feeling and heartfelt natisfaction, that I am confident now that no medicine in use can boast of its superior qualities. Many who parning and pain in the chest, dyspepsia, general debili-ty, loss of appetite, chills, night sweats, salt rheum, serofuls, in fact all the diseases that we in this climate are heir to, find in the Yellow Dock and Sarssparilla, all that is requisite to make them what they were in their days of health, &c.

We have had twelve dozen bottles in three mouths, and find we are nearly out. Please send an equal amount, and O lige yours, NOYT & GREGORY.

DYSPEPSIA CURED, OF 30 Y'RS STANDING ST. JOHNSTILLE, Montgomery Co. Jan. 3, '48
S. F. Bravert Dear Sur Some four weeks since I was induced to try your Yellow Dock and Sarsaparilla for Dyspepsin; had been afflicted about 40 rare, most part of the time unable to cat anything without suffering intensely from its effects. I have used now only one bottle of your involvable medicine, and consider myself entirely cured solely by its use. Can now eat a hearty meal, without the slightest inconvenience.
Very truly yours, ANTHONY BEEKMAN,

THE GREATEST FEMALE MEDICINE NOW KNOWN.

The mild alterative properties of Dr. Guysott's extract of Yellow Dock and Sarsaparilla, render it peculiarly applicable to the slender and deficate constitution of the female. It is unrivalled in its effects upon such diseases as Insipient Consumption, Barrenness, Leucorrhoca or Whites, Irregular Menstruction, Incontinence of Unine, and general Prestration of the system. It immediately counteracts that distressing nervousness and lassitude so common to the female frame, and imparts an energy and buoyancy as surprising as they We cannot, of course, exhibit certificates to any ex-

tent in this class of complaints, but the two following extracts of letters recently received, indicate sufficient ly the great virtue of the medicine as a remedy for the diseases refered to. New tag, Jan. 25th. 1848.

Mr. BANKETT-We take pleasure in stating that your Yellow Dock and Sarsaparilla gives great satia-faction in every case. We shall try and send you some certificates.

A very respectable gentleman informs us that his daughter was troubled with difficult menstruction, and other diseases peculiar to her sex. She had not had her regular henstroal discharges for a long time; but by the use of Dr. Guyartt's Yellow Dock and Sarsapatilla. was radically cured. Had used Townsend's and others', without receiving the slightest benefit. He had one daughter die from the same cause. Please send us an additional supply. Very respectfully yours J. E. TRIPPE & CO.

CAUTION EXTRAORDINARY. There are counterfeit medicines affoat; therefore the reader is particularly cautioned not to allow himself to

be imposed upon.

Beware how you buy medicine put up in square quart bot les. Be very sure and ask for Dr. Guyaote's Compound Extract of Vellow Dock and Sorssparilla. bearing the written signature of S. F. Brunett, on each outside wrapper, written with black ink; and do not, on any account, he in faced to buy any other article—as it is this preparation only that is performing such marvelous and astonishing cures. Take no mans word; as persons having the counterfeit medicine and not genuine, are of course desirous of making their fits-consequently you are liable to buy worthless trash, unless you examine for yourselves.

The last hree years of that time my sufferings defy description-I was confined to bed, unable to belp myself, and at last given up by my phisicians and friends in despair of ever gaining my health; in fact for three days before I was entirely speechless and my burial clothes were made. But under Providence, and the use of Dr. Upham's Electuary, though an eun man I have the pleasure of stating the race to the public that my health is now good, and hope to live many years, if it is God's will, to make known the virtues of Dr. Unham's Electusry, and to recommend it to my afflicted follow creatures. It helped me beyond the expectations of all that knew my case, and I only say to others that it is, in my opinion, the best medicine in the world for Files, or any other disease of the bowels; and if they will use it according to the directions. New York, April 28, 1847-Dn. Townskip:—I verily believe your Sarsspariila has been the means through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quanti-ties of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla's short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my ough has left me. You can well imagine that I am thankful for these results.

Dr. Townwend, not having tested his Sarsoparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County: Fordham, August 13, 1847.

Dr Townsend.—Dear Sir: I have a little girl seven years of age, who has been several years afflicted with Fits; we tried almost everything for her, but without success; at last although we could find no recommendation in our circular for cases like hers we thought as she was in very delicate health, we would give her some of was in very delicate health, we would give up.

FEMALE MEDICINE.

Dr. Townsend's Barssparills is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Palling of the Womb, Costiveness, Piles, eucorrhaea, or Whites, obstructed or difficult Menstruition, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system-no matter whether the result of inherent cause, produc ed by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately contracts the nervoessness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so elicate a nature, to exhibit certificates of cures performed but we can amore the afflicted, that hundreds of case have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

TO MOTHERS AND MARRIED LADIES. This Extract of Sarsaparil's has been expressly pre-pared in reference to female complaints. No female sho has reason to suppose she is approaching that crit ical period, " The turn of life." should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood, as it is cal-culated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which wemen are subject.

It braces the whole system, renews permanently natural energies, by removing the impurities of the body not so far stimulating as to produced subsequent relaxation, which is the case of most medicines taken for fermale weakness and disease. By using a few bottles of this medicine, many severe and painful surgical opera-

tions may be prevented.

It has been proved that nearly every disease to whole in the province in the provinc the human frame is subject, originates from imputites of the Blood or Derangements of the Digestive frame. and to secure Health, we must remove those obstr or restore the blood to its natural state. This fact is miversally known, but people have such an armin to medicine, that, unless the case is urgent, they prothe disease to the cure, until an impaired Constituted or a fit of sickness rebukes them for the folly of their con duct. Still they had some excuse, for heretofore, medicine in almost all its forms, was nearly as disgustres as it was beneficial. Now, however, the evil is most fectually removed; for Clickener's Vegetable Purguin Pills, being completely enveloped with a coatine of Pune white sugar. (which is distinct from the keme) have no taste of medicine, but are as easily available as bits of candy. Moreover they do not namente of gripe in the slightest degree, which is occasioned by fact that are compounded on scientific principles, and operate equally on all the diseased parts of the system. nstead of confining themselves to, and racking any ticular region, (which is the great and admitted ends every other purgative.) Hence, they strike at the re-of Disease, remove all impure humors from the blood open the pores externally and internally, promote in Insensible Perspiration, obviate flatulency, Headach Scc.—separate all foreign and obnuxious particles from chyle, so that the blood, of which it is the origin, more be thoroughly pure-secure a free and healthy action to the Heart, Lungs and Liver, and thereby restore health even when all other means have failed.
