UNITED STATES MERSHAL'S OFFICE, New York, Dec. 6, 1847. MESSAS. REMARKABLE CURE OF PILES!! THIRTY YEARS STANDING IT

MOUNT WASHINGTON, Berkshire Co. (Mass.) Nov. 29, 1847. S MESSES. WTATT & KETCHAN-Genis : Por thirty ears I have been afflicted with piles, general debility and inflamation, causing tumors and prolansus of the howels, and which had resisted all the medical treatment Dr. Chapman and others could give. The last three years of that time my sufferings defy description. I was confined to bed, unable to help myself, and at last given up by my phisicians and friends in despair of ever gaining my health ; in fact for three days before] was entirely speechless and my burial clothes were made. But under Providence, and the use of Dr. Upham's Electuary, though an old MAN I have the pleaspreof stating the ract to the public that my health is now goo', and hope to live many years, if it is God's will, to make known the virtues of Dr. Upham's Electuary, and to recommend it to my afflicted fellow crea-tures. It helped me beyond the expectations of all that knew my case, and I only say to others that it is, in my opinion, the best medicine in the world for Piles, or any other disease at the bowels; and if they will use it ac-

cording to the directions, I will myself warrant a cure Clickner's Vegetable Purgative Pills, A will positively cure Headache, Giddiness, Piles, Dyspepsia, Scurvy Smallpox, Jaundice, Pains in the Back, Inward Weakness, Palpitation of the Heart, Rising in the Throat, Dropsy, Asthma, Fevers of all kinds Female Complaints, Measles, Salt Rheum, Heart Born, Worms. Cholers, Morbus, Coughs, Quinsy, Whooping cough, Consumption, Fus, Liver Complaint, Fryspelas, Desfness, Itchings of the Skin, Cokds, Nervey Complaints, and a variety of other Diseases arising from in ourities of Indigestion. It has been proved that nearly every disease to which the human frame is subject, originates from impurities of the Blood or Derangements of the Digestive Organe; and to secure Health, we must remove those obstructions or restore the blood to its natural state. This fact is universally known, but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired Constitution or a fit of sickness rebukes them for the folly of their conduct. Still they had some excuse, for heretofore, medduct. Still they had some excuse, for nerelajore, meu-icine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most ef-fectually removed; for Clickener's Vegetable Purgutive Pills, being completely enveloped with a coaring or PURE WHITE SUGAR (which is distinct from the kernel) have no taste of medicine, but are as easily swallowed ness or accident. Rev. Aaron Jackson, pastor first Baptist church, Ithaca. as hits of candy. Moreover they do not nauscule or gripe in the slightest degree, which is occasioned by the tins Co. fact that are compounded on scientific principles, and operate equally on all the diseased parts of the system, instead of confining themselves to, and racking any par-ticular region, (which is the great and admitted evit of every after purgative.) Hence, they strike at the root of Discase, remove all impure humors from the blood, open the pores externally and internally, promote the Insensible Perspiration, obviate flatulency, Headache, Scc.--separate all foreign and obnoxious particles from byle, so that the blood, of which it is the wigin, must be thoroughly pure-secure a free and healthy action to the Heart, Lungs and Liver, and thereby restore health 47-11

In both cases its effects were immediate, soon estoring them to comfortable health. Mrs. Lucretia Wells, 95 Christie st., suffered from

Asthma 42 years. ST. IOHNSVILLE, Montgomery Ca. Jan. 3, '48 S. F. I have used now only one bottle of your invaluable medicine, and consider myself entirely cured solely by its use. THE GREATEST FEMALE MEDICINE NOW KNOWN.

The mild alterative properties of Dr. Guysott's ex-ract of Yellow Dock and Saraaparilla, render it pecu-harly applicable to the slender and delicate constitution of the female. It is univalled in its effects upon such diseases as Insipient Consumption, Barconess, Lea-corrboea or Whites, Irregular Menstruation, Incontinence of Utine, and general Prostration of the system. It immediately counteracts that distressing nervousness and lassitude so common to the female frame, and imparts an energy and buoyancy as surprising as they are grateful.

We cannot, of course, exhibit certificates to any extent in this class of complaints, but the two following extracts of letters recently received, indicate sufficiently the great virtue of the medicine as a remedy for the discusses referred to.

NEWARK. Jan. 25th, 1848. Mr. BENNETT-We take pleasure in stating that your Yellow Dock and Sarsaparilla gives great satisfaction in every case. We shall try and send you some certificates.

A very respectable gentleman informs us that his daughter was troubled with difficult menstruation, and other diseases peculiar to her sex. She had not had her regular menstrual discharges for a long time ; but hy the use of Dr. Guysrtt's Yellow Dock and Sarapatilla, was redically cored. Had used Townsend's and others', without receiving the slightest benefit. He had one daughter die from the same cause. Please send us an additional supply. Very respectfully yours, J. E.
