DOCT. BELL would respectfully say to the mhabitants of Bradford County, that he will be at lammonds Hotel in the village cot; Centraville on the first day of each month, at Tuttles Tavern in Smithfield on the 2d day of each month, and at Woodruffs Hotel in Towards on the third of each month, where he may be consulted in the practice of UROSCOPIA from 9 A. M., until 4 P. M. To those who are unac from 9 A. M., until 4 P. M. quanted with this Practice, it may be proper to say that it is the method of arriving at the primary seat of DISEASE, and consequent functional derangements, by an inspection of the Urine; which in all cases should be a specimen of that first passed in the moining, and brought in a clean phia'. By an inspection of the specimen he is enabled to arrive at once, at a corect Diagnosis, of all chronic and sub-acute diseaes, af feeting the human system without the necessity and expense of visiting patients, or subjecting them to the fatigues of a long and toilsome journey, and delicacy is also spared the blush which is often occasioned by the necessary enquiries of the visiting Physician. His medicines are selected from the vegetable Kingdom and are perfectly safe in the varied ages and conditions of life: and long experience has proved their efficiency in curing every variety of the above diseases. Score of testimonials might be published from those who have been cured by his medicines, whose cases have buffled all other modes of treatment, and had been considered incurable. Let none despair therefore, until

they have consulted me.
