ST. JOHNSNILLE, Montgomery Co. Jan. 3, '48 S. P. BENNET-Dear Str-Some four weeks since I was induced to try your Yellow Dork and Sarsaparilla for Dyspepsin; had been afflicted about 40 rars, most part of the time unable to eat anything without suffering intensely from its effects. I have used now only one bottle of your invaluable medicine, and consider myself entirely cored solely by its use. Can now cat a hearty meal, without the slightest inconvenience, Very truly yours, ANTHONY BEEKMAN,

THE GREATEST FEMALE MEDICINE NOW KNOWN.

The mild ulterative properties of Dr. Guysott's ex-tract of Yellow Dock and Sarsaparilla, render it pecuharly applicable to the slender and delicate constitution of the female. It is unrivalled in its effects upon such diseases as Insipient Consumption, Burrenness, Leucorrhoen or Whites, firegular Menstruation, Incontinence of Urine, and general Prostration of the system. It immediately counteracts that distressing nervousness and lassitude so common to the female frame, and imparts an energy and buoyancy as surplising as they are grateful.

We cannot, of course, exhibit certificates to any extent in this class of complaints, but the two following extracts of letters recently received, indicate sufficiently the great virtue of the melhouse as a remedy for the diseases referred to. NEWARE, Jan. 25th, 1818.

Mr. BEXXETT-We take pleasure in stating that your Yellow Dock and Sarsaparilla gives great sotisfaction in every case. We shall try and send you some certificates.

scribing this officient,

It has been proved that nearly every disease to which the human frame is subject, originates from impurities of the Blood or Derangements of the Digestive Organs; and to secure Health, we must remove thuse obstructions or restore the blood to its natural state. This fact is universally known, but people have such an aversion o medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired Constitution or a fit of sickness rebukes them for the folly of their conduct. Still they had some excuse, for herelofore, medicine in almost all its forms, was nearly as disgusting as it was beheficial. Now, however, the evil is most effectually removed; for Clickener's Vegetable Purgutive Pills, being completely enveloped with A COATING OF PUBE WHITE SUGAR (which is distinct from the kernel) have no taste of medicine, but are as easily swallowed as hits of candy. Moreover they do not nauseale or gripe in the slightest degree, which is occasioned by the fact that are compounded on scientific principles, and operate equally on all the diseased parts of the system, nstead of contining themselves to, and racking any par-

ticular region. (which is the great and admitted evil of every other purgative.) Hence, they strike at the root of Disease, remove all impure humors from the blood, pen the pores externally and internally, promote the nsensible Perspiration, abriate flatulency, Headache. kc.--separate all foreign and obnoxious particles from chyle, so that the blood, of which it is the sigin, must be tharoughly pure-scence a free and healthy action to the Heart, Longs and Liver, and thereby restore health even when all other means have fuiled.
