Can now eat a hearty meal, without the slightest inconvenience, Very truly yours, ANTHONY BEEKMAN,

THE GREATEST FEMALE MEDICINE NOW KNOWN.

The mild alterative properties of Dr. Guysott's ex-tract of Yellow Dock and Sarssparilla, render it pecu-liarly applicable to the slender and delicate constitution of the female. It is unrivalled in its effects upon such diseases as Insigient Consumption, Barrenness, Leu-corrhoea or Whites, Irregular Menstruation, Incontinence of Usine, and general Prostration of the system It immediately counteracts that distressing nervousness and lassitude so common to the female frame, and imparts an energy and buoyancy as surprising as they are grateful.

We cannot, of course, exhibit certificates to any ex-Tent in this class of complaints, but the two following extracts of letters recently received, indicate sufficiently the great virtue of the medicine as a remedy for the diseases refered to.
