Calhoun rose and with considerable warmth begged leave to differ with his honorable friend from Missouri, and he not only regarded the petition as unreasonable in its aspects, but insolent in

tion as unreasonable in us aspeces, our association the highest degree.

Mr. Benton replied with equal warmth, and reliterated the opinion which he had expressed, without reference, as he stated, whether it met the approval of friends or opponents.

Mr. Rusk then spoke and adopted the views of Mr. Calhoun in the main, condemning the petition in the designant tarms.

in the strongest terms.

Mr. Westcott spoke at length against the petition and pronounced it ungenuine and an imposition.— He descanted also severely upon its tone, and thought it ought not to be received or treated with

y respect.

Mr. Clayton, without entering upon the merits of the subject matter of the memorial, detended the right of the petitioners, now a part of our fellow countrymen, under the protection of our flag and the security of our laws, to send their petitions up here, and demanded for them a respectful cogsid eration, as he could not find any thing disrespect-ful in their tenor. He was convinced, for they bore upon their face the evidence of their being genuine, and he therefore trusted they would be

received and have a proper reference.

Mr. Calhoun again rose in reply and reiterated his opinion that the memorial was insolent in its

requests and ought not to be received.

Mi. Benton was called up by this resteration, apparently somewhat chased. He retorted very warmly in favor of the petitioners and spoke very dogmatically in reply to those who called them in

solent and disrespectful.

After further debate, much warmer tempered than usually character zes this chamber, Mr. Benton's motion to print was adopted, 33 to 14, and the memorial was referred to the Committee on

Mr. Revenly Johnson presented the memoria of Mr. Skinner, praying for the establishment of an Agricultural Department of the Government, and setting forth its advantages to the farming and other interests of the country, It was read and referred to the Committee on Agriculture.

thing in order, the business on the Speaker's table namely, the resolution of Mr McLane for the ap pointment of a select committee of five to accertain and report how far the House has exercised its conral obligations in regard to the publication o the Journal.

Mr. Jones, of Tennessee, moved to lay the resolution on the table. Lost. The resolution coming up on its final passage, the vote stood 87 to 87. Being a tie vote, the Speak er voted in the affirmative, thus passing the reso-

The Speaker then resumed the call upon the States in order for petitions, of which a number were presented.

One from Erastus Brooks, of the New York Express, proposed to publish the proceedings of both the House of Representatives and Senate, daily, during the present short session, for a sum not exceeding \$10,000.

Another petition, from Charles H. Fenton, proposed to do the same for six dollars per column.
[This is as definite as the size of a piece of chalk.] Both these petitions were referred or refused—the report is somewhat illegible.

were closed, and the clerk proceeded to call the roll, when 137 answered to their names. No excuses for the absentees were demanded, and all further proceedings under the call were dispensed

Mr. Hale, of Missouri, then moved to lay Mr. Boot's resolution on the table. Upon this question the yeas and nays were demanded, and resulted 80 yeas, 107 nays. So the House refused to lay the resolution upon the table.

The resolution was then passed by the same vote, which may be considered a test vote of

Mr. Robinson, of Indiana, moved a re-conside ation of the vote, for the purpose of opening the de-bate, but before the question was taken, he' gave way to a motion to adjourn, which was carried.

der the business on the Speaker's table, viz: the private bilis on the calendar.

The House accordingly resolved itself into Committee of the Whole, Mr. Cobb, of Georgia, in the Chair, and after some time spent therein the Commillee rose and reported progress. Two or three bills were then considered—one

for the relief of the heirs of Farrow & Harris, led to considerable discussion, when on motion the House adjourned over till monday.

RAST HOSTON, May 23d, 1847 Mn. S. W. Powta -Sir, I have seen so much of the virine f Wistar's Balsam of Wild Cherry, that I feel it my duty to add my testimony in its praise. My son about 14 years of cough, pains in the side and body, and a gradual wasting na-til he was but a mere living skeleton. I had had the advice of three Physicians, but none of them could give him any re-lief and gradually yet surely he seemed to be sinking, into the tomb. Happening accidentally to see some of your "Free Almanac's" we felt as though the balsam would help him, as there was some cases that had been cured when they were as bad as he was. I therefore procured a build or Dr. Kidder, the Agent in this place, and before he had used all of it he began to grow better and by using three hottles has cough was all gone and he is now enjoying good health for which he, to solely indebted through the blessing of God 40 AW100112. RETORT EXTRAORDINARY! THE public will of course attribute the feeling with which S. P. Townsend, the self-styled "Doctor," in his "Caution Extra" speaks of Dr. Guyastte Cele-brated Extract of Yellow Duck and Sarasparilla, to the great reputation and rapidly increasing sales of this excellent medicine, and the falling off in the sale of his worthless stuff, for it is " the hit bird that flutters!"

We are daily receiving from our Agents in every direction similar to the following, which will explain the increasing unpopularity of the "Doctors" so called [From our Agent at Seneca Falls, Oct. 247
