It has been proved that nearly every disease to which the human frame is subject, originates from impurities of the Blood or Derangements of the Digestive Organs; and to secure Health, we must remove those obstructions or restore the blood to its natural cute. This fact is universally known, but people have such an aversion o medicine, that, unless the case is urgent, they prefer he disease to the cure, until an impaired Constitution or a fit of sickness reliakes them for the folly of their conduct. Still they had some excuse, for hereinfore, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for Clickener's Vegetable Purgutive Pills, being completely enveloped with a coarting of PURK WHITE SUGAR (which is distinct from the kernel) have no taste of medicine, but are an easily swallowed as bits of candy. Moreover they do not nauscale or gripe in the slightest degree, which is occasioned by the fact that are compounded on scientific principles, and operate equally on all the diseased parts of the system, instead of confining themselves to, and racking any par-ticular region. (which is the great and admitted evil of every other purgative.) Hence, they strike at the root of Disease, remove all impute humors from the blood, open the pores externally and internally, premote the nsensible Perspiration, obviate flatuleury, Headache. &c .- separate all foreign and obnoxious particles from chyle, so that the blood, of which it is the eigin, must he theroughly pure secure a free and healthy action to the Heart, Lungs and Liver, and thereby restore health

even when all other means have failed.

I have been afflicted for many years with piles, and have tried various remedies but with no beneficial effects. began to consider my case utterly hopeless. But about the first of September last, I was prevailed upon by a friend to make a trial of the above named medicine. I took his advice and rojoice that I am not only relieved, but, as I believe, believely cured. I most earnestly recommend it to all who may have the misfortune tobe

MERRIS. WTATT & KETCHAN—Gents: For thirty rears I have been afflicted with piles, general debility and inflamation, causing tomors and prolapsus of the bowels, and which had resisted all the medical treatment Dr. Chapman and others could give. The last three years of that time my sufferings defy description. I was confined to bed, unable to help myself, and at last given up by my phisicians and friends in despair of er-er gaining my health; in fact for three days before! was entirely speechless and my burial clothes were made. But under Providence, and the use of Dr. Up ham's Electrary, though an our wan I have the pleaore of stating the PACT to the public that my health is now good, and hope to live many years, if it is God's will, to make known the virtues of Dr. Upham's Elecvary, and to meanmend it to my afflicted fellow cretures. It belped me beyond the expectations of all that knew my case, and I only say to others that it is, in my opinion, the best medicine in the world for Piles, or any wher disease at the howels and if they will use it according to the directions, I will myself warrant a conin every case.

Yours, with the utmost expression of thankfuliness.

Ennanght, Berk. Co., (Mass.) Nov. 19, 1847. The above certificate tells a simple and truthful story of antiering and relief, of which, as physician and witness in the case, I cheerfully endorse. DR. CHAPMAN.

THE GREATEST FEMALE MEDICINE NOW KNOWN. The mild alterative properties of Dr. Guysott's ex tract of Yellow Dock and Sarssperila, resuler it pecu-liarly applicable to the slender and delicate constitution of the female. It is unrivalled in its effects upon such diseases as Insipient Consumption, Barrenness, Leu-corrhoea or Whites, Irregular Menstruation, Incontinence of Unine, and general Prostration of the system. It immediately counteracts that distressing nervousness

and lassitude so common to the female frame, and imparts an energy and buoyancy as surprising as they are grateful.
