It has been proved that nearly every disease to which the aumen frame is subject, originates from importites of the Blood or Derangements of the Digestive Organs; and to secure Health, we must remove those obstructions or restore the blood to its natural state, This fact is universally known, but people have such an aversion to medicine, that, unless the case is argent, they prefer the disease to the cure, antil an impaired Constitution or a fit of sickness rebukes them for the folly of their conduct. Still they had some excuse, for heretofive, medcine in almost all its forms, was nearly as disqueting as it was beneficial. THE GREATEST FEMALE MEDICINE NOW KNOWN.

The mild alterative properties of Dr. Guysott's ex-tract of Yellow Dock and Sarasparilla, render it pecu-liarly applicable to the slender and delicate constitution of the female. It is unrivalled in its effects upon such diseases as Insipirat Consumption, Barrenness, Leu-corrhoea or Whites, Irregular Menetrastion, Incontinence of Urine, and general Prestration of the system. It immediately counteracts that distressing nervousness and lessitude so common to the fermic frame, and im-ports an energy and busyancy as carpining as they are grateful.

We cannot; of course, exhibit certificates to say extest in this claim of complaints, but the two following extracts of letters recently received, indicate sufficiently the great virtue of the medicine as a remaily; for the ly the great virtue or and diseases refered to.

RETORT EXTRAORDINARY! THE public will of course attribute the feeling with which S. P. Townsend, the self-styled "Doctor," in his "Causion Extra" speaks of Dr. Guysotts Celebrated Extract of Yellow Dock and Sarasparilla, to the great reputation and rapidly increasing sales of this excellent medicine, and the falling off in the sale of his warthfran stuff, for it is "the his bird that fauters!"

We are daily receiving from our Agents in every direction similar to the following, which will explain the increasing unpopularity of the "Dectors" so called accepanilla:

[From our Agent at Seneca Falls, Oct. 24] "I am getting out of patience with Townsend's. It sours and we have a frequent blow up, to the great beauty of surrounding objects! Nothing of the kind occurs with yours; and besides its medical properties are in my opinion, immeasurably superjor."

[From our Agent at Libera Oct. 12.]

"Your Yellow Dock & Sarsaparilla has superseded

Tewnsends Saraparilla in most cases, and I am now selling of it three to one. Much of Townsends source and becomes no better than very poor melasses flavored with vinegar." It is quite natural that the "Doctor" should regret the great falling off in his sales, but it is certainly un-wise for him to become, like his "medicina" sour and disposed to a "blow up." as he seems to be in his "Caution Extra."

The genuine Dr. Guyantis Compound, is a scientific preparation, containing in addition to Sarsaparilla, Yelliw Dock, one of the powerful substances known; resides other valuable vegetable ingredients, AND WILL NOT SOUR. See Advertisement.
