Sr. JOHNSVILLE, Montgomery Co. Jan. 3, '48 8. F. BENNETT-Dear Sir-Some four weeks sinc I was induced to try your Yellow Dock an 3 Sanaparilla for Dyspepsia; had been afflicted about 40 years, most part of the time unable to eat anything without suffer ing intensely from its effects. I have used now only one bottle of your invaluable medicine, and consider myself entirely cured solely by its use. Can now sat a hearty meal, without the singhtest inconvenience, Very truly yours, ANTHONY BEEKMAN,

THE GREATEST FEMALE MEDICINE NOW

KNOWN. The mild alterative properties of Dr. Gaysott's ex-tract of Yellow Dock and Sarasparilla, tender it peculiarly applicable to the stender and delicate constitution of the female. It is unrivalled in its effects upon such diseases as Insipient Consumption, Barrenness, Lep-corrhoes or Whites, Irregular Menstruation, Inconti-nence of Usins, and general Prostration of the system. It immediately counteracts that distreasing nervousness and lassitude so common to the female frame, and im-perts an energy and buoyancy as surprising as they are grateful. We cannot, of course, exhibit certificates to any ex-

tent in this class of complaints, but the two following extracts of letters recently received, indicate sufficiently the great virtue of the medicine as a remedy for the diseases refered to.

NEWANK, Jan. 25th, 1848. Mr. BENNETT-We take pleasure in stating that your Yellow Dock and Sensaparilla gives great satis-faction in every case. We shall try and send you some certificates.

A very respectable gentleman informs us that his daughter was troubled with difficult menstrastion, and other diseases peculiar to her sex. She had not had her regular menetroal discharges for a long time ; but hy the use of Dr. Guysrit's Yellow Dock and Saraspuills, was radically cured. Had used Townsend's and others', without receiving the slightest benefit. He had one daughter die from the same cause. Please send us an additional supply. Very respectfulty yours, J. E.
