Clickner's Vegetable Purgative Pills, A RE the first and only medicine ever discovered that A will positively cure Headache, Giddiness, Piles, Dyspepsia, Scurvy Smallpox, Jaundice, Pains in the Back, Inward Weakness, Palpitation of the Heart, Rising in the Throat, Dropsy, Asthma, Fevers of all kinds Female Complaints, Measles, Salt Rheum, Heart Burn, Worms, Cholera, Morbus, Coughs, Quinsy, Whooping cough, Consumption, Fits, Liver Complaint, Frysipelas, Deafness, Itchings of the Skin, Colds, Nervous Complaints, and a variety of other Discases arising from im hum in nature. Now is it not norrible to make and sell, and minitery weres ourities of Indigestion

It has been proved that nearly every disease to which he human frame is subject, originates from impurities of the Blood or Derangements of the Digestive Organs; and to secure Health, we must remove those obstructions or restore the blood to its natural state. This fact is

universally known, but people have such an aversion to medicine, that, unless the case is urgent, they prefer the discase to the cure, until an impaired Constitution or a fit of sickness rebukes them for the folly of their conluct. Sull they had some excuse, for herelafore, medcine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is must effectually removed ; for Clickener's Vegetable Purgutive Pills, being completely enveloped with A CONTING OF PLAE WHITE STOAN (which is distinct from the kernel) have no taste of medicine, but are as easily swallowed as bits of candy. Moreover they do not nauscale or gripe in the slightest degree, which is occasioned by the act that are compounded on scientific principles, and operate equally on all the diseased parts of the system, nstead of confining themselves to, and racking any particular region, (which is the great and admitted every other purgative.) Hence, they strike at the road of Disease, remove all impure humors from the blood,

pen the pores externally and internally, promote the insensible Perspiration, obviate flatulency, Headache, &c.-separate all foreign and obnoxious particles from livle, so that the blood, of which it is the origin, must be thoroughly purc-secure a free and healthy action to the Heart, Lings and Liver, and thereby restore health ven when all other means have failed.
