THE GREAT ENGLISH REMEDY!

THE only original and genuine article for the cure of Heaves and other complaints of the respiratory apparatus and derangement of the diagestive function in the Horse, is Kirkbride's

TATTERSALL'S HEAVE POWDER . It is warranted to be perfectly safe in all cases, will not inconvenience the animal or injure, even it he has no disanuer : it is from 4 to 8 times cheaper than mo of the imitations which are being circulated throught out the country, being put up in much longer packagos, sufficient to cure an ordinary case of heaves, and to administer in a dozen cases of cult, caturith, &c.

This remedy has acquired a standing never before attained by any horse medicine; and in fact we know the sufficient of the standard of the sufficient of the

of patent medicine that has received as much commendation considering the time it has beed established in this country. More than 500 verbal and writen testinunials have voluntarily been tendered uw: GREAT SPRING PURIFIER.

The Heave Powder, given in small doses, will be found most useful at that season. They stimulate the skin to cast off the superfluous hair and produce new; they lossen the hide, give a glossy appearance to the cost, protect against disease; they also, for their fine cost, protect against disease; they also, for their fine alterative and restorative powers, purify the blood and resorate the system, which horses require at this sea-son as much as any of the human rach, who knd a pre-paration of Sarsaparilla useful to correct the vitisted state of the fluids, incident to the change of weather, which in the apring affects all animal as well as vege-table life. In short, most of the diseases horses are subject to, these powders are the cheapest and best, and

for all the purposes of a GENERAL CONDITION MEDICINE. One peckage of it administered to a horse out of con-tion, will do more to improve his fieth and appearan than five bushels of corn or cate—this has been handred times.

handred times.
To these who may be dispused to doubt the extraordinary effacty of this medicine, we will quote the following synopsis of evidence, out of the hundreds of certificates we have on hand.

THOSE WHO DOUBT MAY READ. Mr. O. S. Hail, of Scriber, Oswego county, certifies to a permanent cure of Heaves by 6th puckage.

Mr. Ambier, of Danbury, Ct., certificatio a cure of Heaves on a favorite Horse, and says he would not be without the Tattersael's Heave Powders on hand if it cost him One Dollar a week to keep a supply.

Mr. Ches. A. Pendby, of Spring Hill, Alabams, in s

leter to our Columbus agents, says?

"I have a valuable horse that was so severely affected with Heaves and violent coughing that I had well night lost him. I comed him him by one package of the Tai-

tersalls Heave Fowder."

Mr. Geo. W. Davis, of Monroe, N. J. cured a horse of Heaves, and warrants him sound.

[From Catasiff, Otterns County, New York.]

Dr. W. Wright—Dear Sirf. I have found your Indian Vegetable Pills a valuable remedy in cases of General Debitity of the System and of all Billious disorders. I am free to confess that I consider Dr. Wright's Indian Vegetable Pills superior to all others with which I am acquainted. I have used them Rr many years both in my own family and in my practice generally, and they have amformly mild certain and safe in their operations. The care and skill with which these Fills have been hitherto manufactured are, in my opinion, a sufficient guarantee for like good results in future, Very respectfully, B. A. BOUTON, M. D.
