Dr. Townsend: Dear Sir—I purchased for my wife two bottles of Sarsaparilla of your Agent, Mr. McNair, of Kalamazoo, to try it for the Fever and Ague. Before I had finished the first bottle, it appeared to warm the blood, and every other day when the Chilis and the Fever appeared, they were loss violent; and before she had finished the bottle she was entirely relieved, and she was much better than she were loss violes. A lady that had been had been before she took the Ague. A lady that had been had been before she took the Ague. A lady that had been very sick with the Chills and Fever, but had broke them with Quinine, and was left in a very weak and distressing state, and troubled exceedingly with the Ague Cake, seeing the effect it had on any wife, site sent and procured a few buttler, and it restored her in a few weeks to complete health. It will not he expected of eas, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afficied, that bundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been bleased with fine, healthy offspring. A man by the name of OLAPP has engaged with a year sixts of the name of S. P. This is to see tion the public not to, he deceived, and purchase uses but the GENUINE ORIGINAL OLD Dr. Jacob Townsond's Same. farille, having on it the Old Dra liteness, his family and of

Mms, and his signature across the cost of arms.

OLD DR. JACOB TOWNSEND. THE ORIGINAL DISCOVERER OF THE Gennine Townsend Sarsaparilla.

Old Dr. Townsend is now about 70 years of sec. and has long been known as the AUTHOR and DISCOVERER of the GENUINE ORIGINAL. "TOWNSEND SARSAPARL A." Being poor, he was compelled to limit its manufacture, by which means it has been kept out of market, and the sales et cumscribed to those only who had preved its worth, and known its value. It had rearbed the cars of many, nevertheless, as those persons who had been headed of sore diseases, and saved from death, proclaimed its excellence and wonderful HEALING POWER.

HEALING POWER.

Knowing, wany years ago, that he had, by his skill, science and experience, devised an article which would be of incalculable advantage girl singular which the weeks would be fornished to him I into universal stotles, when its instituable virtues would be known and appreciated. This time in the means are supplied; this

nished to hiring it into universal stotice, when he insestimable virines would be known and appreciated. This time has come, the means are supplied; this GRAMD AND UNEQUALLED PREPARATION is manufactured on the largest scale, and is called for through out the length, and breath of the land, separially as it is found incapable of degeneration or description.

Unlike young S. P. Townsend's, it improves with age, and never changes, but for the better; because it is prepared on scientific principles by 3 scientific man. The highest knowledge of Chemistry, and the latest discoveries of the art, have all been crought ato requisition in the manufacture of the Util Drassparalis. The Sarasparilla rust, it is well known to medical mea, contains many medicant preparities, and some properties which are inert or useless, and others, which if restained in preparing it for use, produce former within and acid, which is intuition to the system. Some of the properties of Sarasparilla are so weletile, that they entirely evaporate, and are lost in the preparation, if they are not preserved by a scientific process, known only, to those experienced in its manufacture. Moreover these vedstile principles, which fly off in vapor, or as an estimation, under heat, are the very cosmitted medical preparation of the new which give to it still its value.

Any person can holl or stew the root till they get a dark bolored liquid, which is more from the coloring matter in the root than from any thing eits: they can then strain this instinied or vapid liquid, which is more from the coloring matter in the root than from any thing eits: they can then strain this instinied or vapid liquid, which is more from the Coloring matter in the root in a CAP ARILLAA EXTRACT or SYRUP. But such is not the article known as the

SARSAPARILLA.

This is so prepared, that sit the issert properties of the Sar saparilla runt are first removed, every thing capable of becoming acid or of fermentation, is extracted and rejected; them every particle of medical virtue is secured in a pure and concentrated form; and thus it is rendered incapable of losing any of its valuable and heating properties. Frepared in this way, it is made the most powerful agont in the able and beating proposed and the most powerful agent in the Cure of immumerable diseases.

CHIPO OF AMINUMENTADIC GRACEMEN.
Hence the reason why we hear commendations on every side in its favor by men, women, and children. We find it doing wonders in the cure of CONSUMPTION, DYSPEPSIA, and LIVER (DM-PLAINT, and in RHEUMATISM, SCROFULA, PILES, COSTIFENESS, all CUTANEOUS ERUPTICNS, PIMPLES, BLOCTHES, and all affections arising from IMPURITY OF THE BLOOD.

It nesseesses maryellous efficacy in all composints arising from

IMPURITY OF THE BLOOD.

It possesses a marvellous effects in all complaints arising from Indigesties, from Acidity of the Stemach, from neequal circulation, determination of blood to the head, paintation of the heart, cold feet and hands, cold chills and but fisshes over the body. It has not its equal in Colds and CongAs; and promotes easy expectoration and gentle perspiration, relaxing stricture of the lungs, threat, and every other part.

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of FEMALE COMPLAINTS.

It works wonders in cases of Even States on Things Stilling of

FEMALE: COMPLAIN'IS.

It works wonders in cases of Fluor Albus or Whites, Palling of the Womb. Obstructed, Suppressed, or Painful Menses, Irregularity of the menstrual periods, and the like; and is as effectual in caring all the forms of Kidney Diseases.

By removing obstructions, and regulating the general system, it gives tone and strength to the whole body, and thus cares all forms of

Nervous diseases and debility, and thus prevents or relieves a great variety of other mal as Spinal irritation, Neuralgia, St. Vitus Dance, See Epileptic Fits, Centulations, &c. It cigames the blood, excites the liver to healthy action, the stomach, and gives good digestion, relieves the bow Epiteptic Fits, Convulsions, &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach, and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalises the circulation of the blood, producing gentle warmth equally all over the body, and the insensible perspiration; relaxes all strictures and tightness, removes all obstructions, and invigorates the action.

The medicine you pre-eminently need? rior article? This young man's liquid is not to be COMPARED WITH THE OLD DR'S. GRAND PACT, that the one is INCA!

COMPARED WITH THE OLD DRTS, because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION, and NEVER SPOILS,

while the other DOES; swaring, fermenting, and Mowing the bettles containing it into fragments; the sour, acid liquid exploding, and damaging other goods! Must not this horrible compound be poisonous to the system!—What! yet acid into a system dereally diseased with acid! What causes Dysapais but acid? Do we not all know that when food sours in our stomachs, what mischleft is produces? I fainmens, hearthware, paiple tation of the heart, liver complaint, diarrhon, dysentery, colic, and corruption of the blood? What is Scrofuls but an acid humor in the body? What produces all the hymore which bring on Eruptions of the Skin, Scald Head, Sait Rheum, Ery sipelas, White Swellings, Fewer Sorea, and all ulcerations internal and atternal? It is nothing under heaven, but an acid substance, which sours, and thus spoils all the fluid of the body, more or less, What causes Rheumatism but a sear or acid fluid, which instinutes itself between the joints and elevables. Irrinting and infiaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations, and nearly all the aliments which afflict human mature.

It has been proved that nearly every disease to which the human frame is subject, originates from impurities of the Blood or Derangements of the Digestive Organs; and to secure Health, we must remove those obstruction or restore the blood to its natural state. This fact is universally known, but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired Constitution or a fit of sickness rebukes them for the folly of their conuct. Still they had some excuse, for heretofore, medicine in almost all its forms, was nearly as disgusting ectually removed : for Clickener's Venetable Purputive Pills, being completely enveloped with A COATING OF TURE WHITE SUGAR. (which is distinct from the kernel) have no taste of medicine, but are as easily swallowed as bits of candy. Moreover they do not nauseate or gripe in the slightest degree, which is occasioned by the act that are compounded on scientific principles, and operate equally on all the diseased parts of the system, every other purgative.) Hence, they strike at the root of Disease, remove all impure humors from the blood, open the pores externally and internally, promote the Insensible Perspiration, obviate flatuleury, Headache, &c.—separate all foreign and obnoxious particles from chyle, so that the blood, of which it is the origin, must be thoroughly pure—secure a free and healthy action to the Heart, Lungs and Liver, and thereby restore health

Mr. S. P. BENNETT: Dear Sir-I am at a loss to express with words what has been said in praise of your Compound Extract of Yellow Dock and Sarsaparilla; all who have had the pleasure of using it speak of its marvellous effects in removing diseases, with so much feeling and heartfelt satisfaction, that I am confident now that no medicine in use can boast of its superior qualities. Many who have been complaining for years with pain in the side, burning and pain in the chest, dyspepsia, general debili-ty, loss of sppetite, chills, night sweats, salt rheum, scrofuls, in fact all the diseases that we in this climate instead of confining themselves to, and racking any par- are heir to, find in the Yellow Dock and Sarsaparilla, their days of health, &cc.

We have had twelve dozen bottles in three months, and find we are nearly out. Please send an equal amount, and O'ligo yours, HOYT & GREGORY.

I have used now only one bottle of your invaluable medicine, and consider myself entirely cured solely by its use. Can now ex hearty meal, without the slightest inconvents

Very truly yours, ANTHONY BEEKMAN, THE GREATEST FEMALE MEDICINE NOW KNOWN.

The mild alterative properties of Dr. Guysott's ex-tract of Yellow Dock and Sarsaparilla, render it pecu-liarly applicable to the slender and delicate constitution of the female. It is unrivalled in its effects upon such diseases as Insipient Consumption, Barrenness, Leu-corrhoea or Whites, Irregular Menstruation, Incontinence of Urine, and general Prostration of the system It immediately counteracts that distressing nervousness and lassitude so common to the female frame, and imparts an energy and buoyancy as surprising as they

We cannot, of course, exhibit certificates to any extent in this class of complaints, but the two following extracts of letters recently received, indicate sufficiently the great virtue of the medicine as a remedy for the seases refered to.

NEWARK, Jan. 25th, 1848. Mr. BENNETT—We take pleasure in stating that your Yellow Dock and Sarssparilla gives great satisfaction in every case. We shall try and send you some

certificates. A very respectable contleman informs us that his daughter was troubled with difficult menstruation, and other diseases peculiar to her sex. She had not had her regular menetrual discharges for a long time; but by the use of Dr. Guysrtt's Yellow Dock and Sarsaparilla was radically cured. Had used Townsend's and send us an additional supply. Very respectfully yours,
J. E. TRIPPE, & CO.

CAUTION EXTRAORDINARY. There are counterfeit medicines affort; therefore the reader is particularly cautioned not to allow himself to

be imposed upon. Beware how you buy medicine put up in square quart bot les. Be very sure and ask for Dr. Guyaott's Compound Extract of Yellow Dock and Sarsaparilla, bearing the written signature of S. F. Bennett, on each outside wrapper, written with black ink; and do not, on any account, be induced to buy any other arti-cle—as it is this preparation only that is performing such marvelose and astonishing cures. Take no mans word; as persons having the counterfeit medicine and not genuine, are of course desirous of making their profits—consequently you are liable to buy worthless trash, unless you examine for yourselves.
