Thus he was afflicted with inverty such puried, acrid, offseite Ulcers, on various parts of his person. For further and full particulars, see our Pamphlets.

A cincer-dorder in Greene county, N. Y., is also using said Puristra. Mr. A. B. SETTLES druggist, at Canapara, Montgomery county, N. The Rev. RICHARD DUNNING: Pasture of the Fresbyterina charch, Adams Basta, Monroe county, N. The other leg being now affected, and about to se amputated, I recommended Brant's Medicine. Read the result. He says: 'I have used only ringer Bort-less of likan's MEDICINE. I placed all, Hore, from your recommendation, in that Medicine, and I can now say that, with the blessing of God, it has affected a care of my leg." See Famphicia for full particulars.

It has been proved that nearly every disease to which the human frame is subject, originates from impurities of the Blood or Derangements of the Digestive Organs and to secure Health, we must remove those obstructions or restore the blood to its natural state. This fact us universally known, but people have such an aversio medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired Constitution or a fit of sickness rebakes them for the folly of their conuct. Still they had some excuse, for heretofure, med icine in almost all its forms, was nearly as disgusting remaily removed : for Clickener's Vegetable Purgutive Pills, being completely enveloped with A COATING OF URE WRITE SUGAR (which is distinct from the kernel) have no taste of medicine, but are as easily swallowed as bits of candy. Moreover they do not nouseate gripe in the slightest degree, which is occasioned by the operate equally on all the diseased parts of the system, instead of confining themselves to, and racking any particular region, (which is the great and admitted evil of every other purgative.) . Hence, they strike at the root of Disease, remove all impure humors from the blood, open the pores externally and internally, promote the losensible Perspiration, obviate flatulency, Headache, &c. separate all foreign and obnoxious particles from chyle, so that the blood, of which it is the wigin, must he thoroughly pure—eccure a free and bealthy action to the Heart, Lungs and Liver, and thereby restore health even when all other means have failed.

A PHYSICIAN'S TESTIMONY. [From Catakill, Greene County, New York.]
Dr. W. Wright—Dear Sir: I have found your Indian Vegetable Pills a valuable remedy in cases of General Debility of the System and of all Billions disorders. I am also in the habit of recommending them to fe-males in peculiar cases. I observe them to operate in the system, without producing debility or pain, leaving it in a heal by condition. JOHN DOANE, M.D. THE BEST FAMILY MEDICINE.

[From Norton Hill, Greene County, New York.] Mr. Weight—We have used and sold your Indian egetable Pill for three years past, and do not hesitate o recommend them to our friends and customers as the best family medicine in use. N. & L. RAMSDELL. TESTIMONY OF ANOTHER PHYSICIAN.

The following is an answer in reply to a note from

our agent asking Dr. Bouton's opinion of this medicine TUNEMANNOCK, Aug. 29, 1848.

Mr. A. Durham—Dear Sir: In reply to your note of yesterday, I would state, that I have occasionally found it convenient to use the various "Patent Pilla" vended t the shope; and while I am unwilling to say anything to depreciate the value of others, I am free to confess that I consider Dr. Wright's Indian Vegetable Pills superior to all others with which I am acquainted. I have used them for many years both in my own family and in my practice generally, and they have uniformly mild certain and safe in their operations. The care and skill with which these Pills have been hitherto manufactured are, in my opinion, a sufficient guarantee for like good results in future, Very respectfully.
