Dr. S. P. Townsend has paid the Frees in the United States, within the last five years, at least \$300,000. Others are now read-severing to reap the advantage and benefit of his advantage, by publishing that theirs is the original Dr. Townstand's Saranparilla, and that ours ferments, sours, &c. &c.; there are base false-hoods and gross libels, and we shall be under the ne easity of holding publishes responsible for any damage that may be done us, in giving circulation to these false reports, which are well calculated to injure our interests.

PROOF!! PROOF!!!
proof conclusive that Dr. S. P. Townsend's Sarsapa he original. The following is from some of the mu-ble and influential Papers in this State.

From the Albany Erening Atlas.
DR. TOWNSEND'S MARSAPARILLA. DR. TOWNERN DNA SARSAPARILLA.

There probably has mere there so popular a remedy, or patent medicine, as Dr. Townsend's Sarsaparilla, which was dirighnally, and continues to be manufactured in this city, at first by the Ductor, hintself and afterwards for several years, and to the present time by Clapp-A. Townsend, the present proprietors. Since the partnership was formed the Ductor has resided in New York, where he keeps a store, and attends to the business that accumulates at that point. The manufactury is in this city, and is conducted by the junior partner, Mr. Clapp—hore all the medicine is manufactured.

Few. of day citizens have any idea of the amount of this findicine that is manufactured as in this constry, it is shipped to the Camada, West ladia is shade, South America, and even it Europe, in considerable quantities. At the menufactory they employ a stram engine, besides a large number of men, wannes and cirk, is the preparation of the medicine, making boxes, printing, &c. &c., and turn out, really for shipment, over 400 dozon per day off dearly 3000 bottles. This is an enormous quantity.

The great sale the medicine has acquired, has induced a number of men to get up imitations and there is at the present time, other medicine has acquired, has induced a number of men to get up imitations and there is at the present time, other medicine has acquired, has induced a summer of men to get up imitations and there is at the present time, other medicine has acquired has induced a summer of men to yet up in the date of the property of the name of the R. DRUGGISTS.
In our opinion, any Druggast or shop-keeper whe would sell be spurnous Sarsaparilla, became they can make a greater crofit by it, than they can by selling the genuine, and sell it or the original and genuine Dr. Townsend's Sarsaparilla, and deceives their customers, would cocumit any fraud for soney. Old Dr. Treasend is now about 70 years of age, and has hence been known as the .4UTHOR and DISCOVERER of the GENULYE.ORIGINAL. "TOUNSEND SARSARSHILL." TOUNSEND SARSARSHILL." TOUNSEND SARSARSHILL A.1" Belap poor, he was coimpelled in limit its seamateners, by which means it has been kept out of market, thind-sine sales cit runscribed to those only who had proved its worth, and known its value. It had reached the cuts of many, severtheless, at those persons who had been healed of said discover, and said nown death, proclaimed its excellence and wonderful HEALING POWER.

Knowing mean were seen that he had, by his skill, science

Knowing, wany years ago, that he had, by his skill, science and experience, devised an article which would be of incalculate asymmetry to manking when the means would be furnished to bring it into universal notice, whose its instationable virtues would be known and appreciated. This time have come, the means are supplied; thise GRAND AND UNEQUALLED PREPARATION or manufactured on the largest scale, and it valled for through out the length and breaths of the tand, especially as it is found incapable of degreespation or deferiveration.

Unlike young S. P. Townsend's. It improves with age, and never charges, but for the better; because it is prepared or seissiffe principles by a scientific mea. The highest knowledge of Chemistry, and the lastst discoveries of the art, have all been brought into regulation in the manufacture of the Old Dr's Sarsapavila. The Sarsapavila root, it is well known to medical seen, contains many medicinal properties, and some properties of Sarsapavila to the system. Some of the properties of Sarsapavila are so selectile, that they occurrely evaporate and are lost in the preparation, if they are not preserved by a scientific process, haven only to those experienced is its manufacture. Moreover these polalite principles, which fly off in vapor, or as an axion toon under hoat, are the very eventual united preparation of the state of the properties of Sarsapavila toon under hoat, are the very eventual united preparation of the second principles which fly off in vapor, or as an axion toon under hoat, are the very eventual united preparation of the second properties with more molasses, and then call it "SAR SAPARIIIAE EXTRACT or SYRUP." But such is not the article known as the

This is so prepared, that all the inert properties of the Saraparilla root are first removed, every thing capable of becoming acid or of fermentations, is extracted and rejected; then every particle of medical virtue is accurred in a pure and concerns inform; and thus; it is rendered incapable of ioning any of its valuable and hashing properties. Prepared in this way, it is made the most powerful sport in the

Clickner's Vegetable Purgative Pills. A RE the first and only medicine ever discovered that will positively cure Headache, Giddiness, Piles Dyspepsis, Scurvy Smallpox, Jaundice, Pains in the Back, Inward Weskness, Palpitation of the Heart, Rising in the Throat, Dropsy, Asthma, Fevers of all kinds Female Complaints, Measles, Salt Rheum, Heart Burn, Worms. urities of Indigestion.

It has been proved that nearly every disease to which he human frame is subject, originates from impurities of the Blood or Derangements of the Digestive Organs; and to menre Health, we must remove those obstructions or restore the blood to its natural state. This fact to aniversally known but prople have such an aversion in medicine, that, unless the case it urgent, they prefer the discase to the cure, until an impaired Constitution or a fit of sickness rebukes them for the folly of their conduct. Still they had some excuse, for hereinfure, medicine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most effectually removed; for Clickener's Vegetable Purgative Pills, being completely enveloped with a coaring or sums walks schall (which is distinct from the kernel) eve no teste of medicine, but are as easily swallowed as bits of candy. Moreover they do not nauseate of gripe in the slightest degree, which is occasioned by the fact that are compounded on scientific principles, and operate equally on all the diseased parts of the system, instead of comming themselves to, and racking any par-ticular region. (which is the great and admitted evil of every other purgative.) Hence, they strike at the root of Discuse, remove all impure humors from the blood, open the porce externally and internally, promote the Insensible Perspiration, obviste flatuleucy, Headache, &c.—separate all foreign and obnoxious particles from chyle, so that the blood, of which it is the rigin, must thoroughly pure-secure a free and healthy action to the Heart, Lungs and Liver, and thereby restore health even when all other means have failed.

Warranted under & Penalty of \$1,000, free from Mercury and other Mineral Substances ! The Unly Original and Germine Indian Medicine

WRIGHT'S Indias Vegetable Pills are distinguished for their perfect adaptation to the human body. In their operation, they do exactly what nature does, and nothing more.— They have a roun-roun ACTION, upon the lungs, skin, kidneys and bowels. Hence their peculiar power over dis-.case.

By promoting per-spiration, they break up Colds, Coughs, Rheumatic Complaints, Pain the Back, occutula, Cutaneous Eroptions, Pimples,

Blotches, Freckles, Erysipeles, &c.

The action of the kidneys is such as to make them
a valuable lithoutriptic. Dropsy, Gravel, and Female
Complaints, arising from obstructions at certain periods,

are speedily removed by their use.

A tree Expectorization from the lungs is excited by the use of Wright's Indian Vegetable Pills, thus removing Pulmonary Complaints, such as Asthma, Broad mitis, Boreness and Fightness of the breast, Coughs. Son Thrust, &c.

By their ection on the Stomach and Bowels, the Pills cure Dyspepsia. Liver Complaint, Palpitation of the Heart, Flatulency, Costiveness, Fevers of all kinds Pieurisy, Headache, Giddiness, Dysentery, Piles, and

all disorders of the infestines.

Taken in small doses, Wright's Indian Vegetable
Pills become in Alterative Medicine, of great searching ill over the case of Sures of all kinds. Fetter unors. Jaundice. Louness of Spirits, Neuralgia

R. D. Patos in the Bones &c These Pills also thoroughly break up Influenza o which complaint they are extremely valuable.

In Bilium Complaints, these Pills exercise a complete nastery. Hence Fever and Agus is speedily cured by the use of them. In the Western and Southern States where this disease mostly prevails, these Pills go like an avalanche. While they are cheaper than the fever and gue remedies in general, Wrights Indian Vegeta hie Pills have been pronounced superior to all of them Indeed, it would appear that if there is one complaint over which these Pills have more power than inother.

is Fever and Ague. t is Fever and ague.

For destroying and expelling Worms, no Vermitage to these Pills. Although we have not taken pains to make this fact public, the merit of the medicine itself has acquired for it an extensive reputation and sale for the removal of Worms. Administered to adults of children, the effect of the Pills is equally radical and lecisive. All who suffer from Worms should, by almeans, nee Wright's Indian Vegetable Pills.

In the new one can go amiss in the use of this medi ane. They are natural to the body as food in. A tris will conviore the skep iral that Wright's Indian Vege able P.lls, far from being a "quack- nostrum," ar decidedly the most rabushle medicine ever offered
