It has been proved that nearly every disease to which the human frame is subject, originates from impurities of the Blood or Derangements of the Digestive Organs; and to secure Health, we must remove those distructions or restore the blood to its natural state. This fact is universally known, but people have such an aversion to medicine, that, unless the case is urgent, they prefer the disease to the cure, until an impaired Constitution ir a fit of sickness rebukes them for the folly of their con met. Still they had some excuse, for heretafure, medtrine in almost all its forms, was nearly as disgusting as it was beneficial. Now, however, the evil is most of foctually removed; for Clickener's Vegetable Purguties Pills, being completely enveloped with A COATING OF PURE WHITE SUGAR (which is distinct from the kernel) have no taste of medicine, but are as easily swallowed as bits of candy. Moreover they do not nauseate or gripe in the slightest degree, which is occasioned by the fact that are compounded on scientific principles, and operate equally on all the diseased parts of the system. instead of confining themselves to, and racking any par-

THE CORYLE EXTRAGT.

Or Nature's Pain Destroyer, and Remedy for Disease

THIS Extract is a pure liquid, free from every thing inconvenient or dangerons. As a pain extracto this medicine is superior to every thing yet discovered; and as an application to reduce millamation, the skill of mankind is challenged to equal Nature in it. It soothes the Nervous System—bcals wounds, braises, sprains, ind cleanses ulcors-reduces all manners of swellings and tumors; and cures Summer Complaints, Dysentery Infantile Diseases, Female complaints, and most of the ordinary Family Ailments.

READ THE OPINION OF HON. JOHN C. SPENCER After what I have stated, you will not be surprised at the declaration of my opinion and firm conviction, that the liquid prepared by you is ont or THE MOST INVALUABLE DISCOVERIES IN MEDICAL ART, OF MOD ERN TIMES ;-and that it will prove a most effectual remedy for all nervous affections, and a cure for inflammations, acute and chronic, when sense nably and prop erly applied. Further observation and experiment will erry sppine. Further over such and experiment with be necessary to determine the best mode of its applica-tion, whether internally or externally, and the quantity to be administered.

Your ob't servant, JOWN C. SPENCER. The above medicine may be found at all the Agencies for the sale of the celebrated Graefenberg Medicines, in the counties named.

These Pills, also thoroughly break up Influenza which complaint they are extremely valuables In Bilous Complaints, these Pills exercise a complete a estery. Hence Fever and Ague is speedily cured by ie use of them. In the Western and Southern States where this disease mostly prevails, these Fills go like in avalanche. While they are cheaper than the fever gue remedies in general, Wrights Indian Vegetathe Pills have been pronounced superior to all of them. Indeed, it would appear that if there is one complaint wer which these Pills have more power than another. is Fever and Ague.

For destroying and expelling Worms, no Vermifuge o these Pills. Although we have not taken pains to make this fact public, the merit of the medicine itself thes acquired for it an extensive reputation and sale for the removal of Worms. Administered to adults or children, the effect of the Pills is equally radical and

lecisive. All who suffer from Worms should, by all neans, use Wright's Indian Vegetable Pills. In fact, no one can go amiss in the use of this mediine. They are natural to the body as food is. A trial will convince the skeptical that Wright's Indian Vegetable P.IIs, far from being a "quark nostrum," are decidedly the most valuable medicine ever offered to
