Such, Mr Speaker, are the views of the Governor of New York. They are the sentiments of a ho mane and far-seeing statesman-and I honor him for his manly independence in giving them the weight and sanction of his official station. Sir, Igo | To Henry Butler, with the governor of the Empire State. I would secure to every family a home and a hearth I would not permit the coveteous and hard hearted creditor to drive his unfortunate debtor, naked and penniless, out upon the cold charities of an inhospitable world. The laws that authorize such a procedure should be blouted from the pages of the statute books of every State in this Union-they are re pagnant to the spirit of the age, and revolting to humanity. Like the laws sanctioning imprison-ment for debt, they should be repudiated by avery philanthropic legislator-they should exist but in the history of the past-an obsolete idea. It has been truit raid, Mr. Spoaker, that he who sells out the last little property of a wife, and family of small children, of a rash, heedless, or perhaps intemperate husband and father, and afterwards with a cheerful countenance, goes home to feast on hu man hearth! Sir, money thus obtained has a dam

the family home, as efficient preventives of vice,

ning curse upon it? Entertaining these views, Mr. Speaker. I cannot go with those of my constituents who demand the repeal of the exemption law of last session; nor car. I believe that any considerable number of them desire it.

ANOTHER STRIKE ON THE CANAL - Probable In-undarium-Ten Voluable Horses Burned Alive --On Tuesday 1231, the laborers employed on the Ca-nal near Ferguson's, in Herkimer County, 'struck' and abandoned their work, and yesterday they proceeded in a body down the line of canal and drove the laborers from several other sections-amounting in all to about 400 men. Yesterday afternoon, one of the disaffected laborers threatened that he would burn out Nicholar Vandebogat, of Schenectady, a contractor who has a section about five from this city, and accordingly about 7 oclock last evening, his barn, containing twelve valuable horses, a quantity of cats, tools, harness, ac. was discovered to be in flames. The fire spread so rapidly that, despite every exertion, ten of the horses were consumed alive. They were valued at \$1,500. The entire loss of Mr. Vandebogat will probably not be less than \$3,000. In the mean time, this large body of laborers, without iny other means of support, remain idle, and the procention of the public work on some five miles of the canal is entirely supported. We learn that a large number of them would prefer remaining at work and have of the most five miles a large number of the most five miles a large number of them would prefer remaining at work and have odd large for the rest. AT a meeting of the colored citizens of Bradford county, held in Towawda boro. os the 18th of January, inst., we the widersigned, were appointed a Committee to solicis aid in building a church and school bouse, to be located in this Borough, for the benefit of the colored people of this worough, for the benefit of the colored people of this crubty; and as we feel deeply the importance of the enterprise to the end we have in view, of ad tancing our moral, religious and intellectual culture, and as our numbers are few and our means inade-quate, we take this method of appealing to the lib-traity of the white citizens of Bradford for assist-ance; hoping that in the more favored situation in which Providence has placed them, they will be mindful of those upon whom His bounty has been more sparingly bestowed, and that they will give us
