"The Bradford Reporter,"

JOHN W. FORNEY has joined hands with a squad of reckless and corrupt politicians in Bradford Counity and started a paper, the North Pennsylvanian
for the purpose of breaking down the Bradford Reporter, and of breaking up the Democratic party in
that County. Our readers will see from the article inal County. Our readers will see from the article in snother column, in lavor of the Wilmot Proviso, taken from the Reporter, the true reason for this effort. The Hunkers of the party are determined to give the Proviso its death blow, or to annihilate the party. The Reporter being wery much in the way of this amiable arrangement, it has been determined wat. ed by the wire workers, to open their batteries up-on it, and it is evident are prepared to concentrate their whole force, upon this fearless and truly dem-

ocratic journal. In starting the North Pennsylvanian in Bradford County, there is no pretence that the Democracy of hat County, were not entirely satisfied with the Reporter. It is conceded that it fairly and truthfully represented, the withes and principles of the freemen there. No matter, the Reporter refused to be led-it had got into the dangerous habit, of speahing right out on all questions as truth and justice required—and this freedom of thought and speech, interfered very much with the prospects of JAMES BUCHANAN, and his man FAIDAY, and hence the determination to cripple and destroy one of the most truly Democratic papers in the State.

We suggest that the old line demograts hereabouls, who are constantly whining about refusal to support regular nominations, and complain that our only object is to divide the Democratic party : had better turn their attention to the condition of things in Bradford. The North Pennsylvanian is a simon pure Democratic sheet established by leading men the party; every issue of which is an attempt to distract and divide the Democracy of Bradford.
True, we do not believe the attempt will amount to much. The people of Bradford County, will hardly be induced to abandon their noble position, at the bidding of a hired corrupt press, the money to establish which, was filched from the labouring people in their own midst, by a slight of hand known only to Bank Managers.

so far however as the conductors of the North Pennsylvanian are concerned they are already guilty of prostrating the Democracy of Bradford County, for they have done all they could temperate the county. they have done all they could towards that object-and what is of still more importance, the Democratic party of Pennsylvania can't dispense with the assistance of their brethren in Bradford. If the leaders have made up their minds to sow dissension there, they are prepared to lose the State. Brother Goodaicii: we never had the pleasure of seeing rour phiz, but there is no person within the State, sithe present time whose hands we should be so bappy to assist in holding up. Yours is a trying, but a glorious position. We have a comfortable assurance, that you will come out of this contest unsethed; and that liberty will have cause to resice, that when the emissaries of the Slave Power undertook to seduce the freemen of Bradford, they found a sentinel on guard whose vigilance could not be avoided, and whose powers could not be orecome.—Potter County Journal.

EXTRAORDINARY MEDICAL AND SURGICAL CASE-TWO LARGE SNAKES CUT FROM THE BODY OF A LIVE Woman - We have to record a most extraordingry case of disease, and an operation for its relief, attended with the most extraordinary results. It has just occurred in this city."

A Mrs. Kennedy, a woman of about forty, the wife of an Irish laborer, living at 115 Broad-st, has for several years suffered greatly from ill-health.-Her symptoms and computants were singular. She was afflicted with almost constant pains, so that she could seldom or never rest in the night. She stated that she felt something running up and down m the ablomen, that she frequently experienced the creeping sensation which is called formation.— These feelings were particularly distinct at the bottom of the adominal cavity, on occasion of the daily defections.

She had been in the Hospital, and had been treated successively for cancer of the womb, worms, contracted hydratids, and other complaints, but

As her uneasiness and pains continued, so were the attempts to relieve her, but nuvariably without Not long since, Dr. Wright, whose office and drug store is at the corner of Purchase and Broad streets, being in atteddance upon her, introduced a tube into the bowels, with a twine loop at-"ached, with a view to satisfy her fancy, and per-chance to reach and remove the cause of her troub-Some worms were brought down; but her uneasiness and pains received but only a very partial

About a week ago, she became subject to incontrollable uneasiness, and begged Doctor Wright to perform an operation for her relief. This he was reluctant to do, thinking it would hazard her life, without a sufficiently certain prospect of bringing relief to her to compensate for the hazard. She declared that life was a burden, that she must die as the was and speedily, that she was willing to die; death would be a refref; and she might as well die in an effort for relief as in any way. At last Dr. Whight yielded to her importunities, and having first been solemnly exonerated from blame by the woman, and her husband, whatever might be the

result, he consented to perform the operation.

On Friday afternoon last, assisted by T. R. Owens and Surgeon J. J. M'Sheeby, he p occeded to perform the operation. He first made incision about seven inches long along the medical line of the abdomen. He found a tumor projecting large-ly, about six inches in diameter and of irregular form. He opened it and found therein two snakes. rm. He opened it and found therein two snakes, one eighteen, the other filteen inches in length.— They were of a bluish green color, striped, the upper part being darker than the lower.

The tumor-being removed, the woman was in stantly relieved, and is now doing well. The Doc-or calls the snakes colubra virdis. They may be seen preserved in spirits at his office.—Boston Mail,

Ession-Three boatmen came near being suffocated the other night, while seeping in the cabin of their boat, in which there was a coal fire in a furnace. Lyman Andrews, committed to prison for a term of seven years, has been released on condition of not appearing in Northampton county for five years. Measures are being taken to form a permanent Gas Company at Easton.

SEDUCTION AND ADULTERY .- John W. Baer, has been arrested in Schuylkill Haven, charged with having seduced the daughter of a citizen of Pottsville He was held to bail in \$500, to answer the charge of seduction, and committed in default of bail for adultery.
