STATE FIRE MUTUAL INSURANCE COMPANY. HARRISBURG PA.

MATTHE business of this company is conducted on the only true and equitable method in the system of Mutual Insurance—that of Classifying its risk; and the Directors have accordingly adopted two classes. First, the Farmer's Class, in which they insure no property except Dwelling Houses, Out Houses and per-sonal property therein. In the Second Class, the safet kind of town risks, merchandise, &cc., and their charter provides that no part of the funds of one class can be appropriated for paymen of losses occurring in the

The Directors are confident that the rates they have adopted will enable them to pay their losses with promptness and liberality,

The success of this Company is unparalleled with any Company in the State, having insured over half a milian in the months of May and June, and on the salest kind of property.
