THE SPANISH HAIR GLOSS.

A CHEMICAL COMPOUND SIMILAR TO THE NATURAL OIL OF THE HAIR. CLEAN, white and beautiful preparation for promoting the growth, luxuriance and beauty of the Hair—removing dandruff, itching and scurf, and curing the cutaneous diseases of the scalp—unparalleled for keeping the hair moist, imparting to it a rich silky softness and beautiful lustre. Its soothing and agreeable properties will be found remarkable, applied either to the head or irritations on the skin. It is unlike any of the Alcoholic and Oil preparations usually used for the hair. Its superiority over all other preparations consists in its properties being moistening and cooling; instead of drying and heating as the alcoholic preparations are; and being free of the greasy qualities of marrow, oils, &c. Its power to remove the glutinous coating which obstructs the pores of the skin when unwell, and which prevents the follicles from excreting an oily substance, necessary to the natural moisture, and one free application of the Hair Gloss will impart a more lasting beauty and moisture to the hair, than a whole bottle of the alcoholic preparations usually sold; besides it will not soil the finest linen. Persons whose hair is slightly gray, will find this article to make their hair darker, and render their gray hair less perceptible. Mothers will find this preparation the best they can use to dress children's hair, keeping it in place, giving it a most beautiful lustre, and causing it to grow luxuriantly. If any preparation of art can cause the hair to grow, the Spanish Hair Gloss will do it. Very liberal discounts made to Druggists and those who buy by wholesale. Address C. P. Fry, Oswego, N. Y.
