A. L. RUSSELL. Br the Governon; Secretary of the Commonwealth.

Five months, or nearly that, of absence from duy, are thus terminated, and the people of the sate asked, in almost as many words; to give credit State asked, the whole course of conduit has exhibited nothing but neglect of, and contempt for, the hest interests of the State and of the Union. A very hest interests that of the humbur expedient allud-striking exposition of the humbur expedient allud-ed to, is contained in the very able speech of Sensed to is contained in the very acts speech of certain in Bucklink, of Columbia County, made at a homogratic meeting at Bloomsburg, in that county, emocratic meeting at bioomsburg, in that county, the 11th of August. We copy from it as folin the Thin of Magnes will peruse it carefully, oring, as it does, so forcibly upon the new atpt of Johnston to deceive the people. After thing out, with great clearness, that the whole making Fund project was invented two-thirds of a nury ago in England, and that the idea upon hich Jourston bases his last appeal to popular on journally first embodied in a law in his State in 1846, by the present Democratic can-lidate for Governor, Col. BIGLER, in the Senate, and by the Hon J. M. BURRELL, of Westmoreland, in the House, Mr. Buckalew goes on to say: Rut the act of 1849, contains some sections admonal to those already mentioned, which are. thout any doubt both original and extraordinary ough they constitute no necessary part of the stem contemplated by the act. It is to these adtions to the sinking fund, that I desire to call your nion particularly, as there is good reason for ention particularly, the claim of their paternity. nothing like them exists in the legislation of any iry on the globe. The 4th section is in the words:—

Section 4. That it shall be the duly of the said sioners (of sinking fund,) on the first Monof September in the year one thousand eight third year thereafter, to certify the amount of the bt of the Commonwealth, held by them to the vemor, who shall direct the certificates repre-ning the same to be cancelled, and on such canlation issue his proclamation, stating the fact of the inquishment and final discharge of so much of rincipal of said debt"

morphis or such the true significance of this section ? has an occult as well as an apparent meaning. n be kept in mind that the fiscal or business of the Commonwealth begins on the first day December and ends on the last day of Novem-This division of time is found convenient and onsequently recognized in our legislation. The ang up of the annual transactions of the State at date perm.ts all the various public officers to their reports made up to lay before the Leg-ore at its meeting in January, and such is acngly the practice, The Governor, Secretary Commonwealth, Auditor General, Canal sioners, and State Treasurer each commuto the Legislature at that time under proviof the constitution and laws; the first by mesand the others by reports. And the Treasurer Auditor General in particular. (the operation of departments are very much connected,) refully upon the subject of the financies of the wealth including the operation of the Sink-
