Aledical. at This is no Quackery! 1 . . . ORRICK'S VERMIFUGE Or Worm Destroyer.

Medicine timlains no Mercury, not, any Mineral substance It is purely Vegetable This semedy for worms is one of the most extraor dinary, ever used. It effectually eradicates worms of all sorts from children and adults.

Thousands perish by worms without the real cause being known. Some other resson is assigned for the sickness, util too fate to cure the real cause.

What immenso responsibility rests upon the parent who does not know, and the doctor who does not understand, the complaint which is destroying those pre-cious flowers of life-children. What should be done ?

The answer is plain. Give the Vermifuge, which will be sure to do good if they have, no worms, and if they have, it will destroy and eradicate them with a

certainty and precision truly astonizhing. There is no mercury or mineral in it. Mercury is the basis of most worm remedies; and the remedy is sometimes worse than the disease. So never use lozenges, but rely upon this. Every person will be convinced on one trial that it is the most perfect cure

The immense sale that this Vermifuge has, is a sure test of its value and the estimation in which it is held by families. It would be quite too expensive to pubish the volumes of certificates that have been given for this article, and the users of, it are reques spread the name to a persons whom they think will e benefitted by it. Speak of it in all families, and you will do your du-

ty to your follow creatures, and feel assured of the apobation of all good men, and will receive your teward i heaven.

We call on all good citizens to make known the ef fects of this wonderful remedy . Remember, and ask for Orrick's Vermifuge.

Startling Facts. Hundreds of children and adults are lost yearly with

rms, when some other cause has been supposed to e the true one.

It is admitted by all doctors that scarce a man, woan, or child exists; but what sooner or later are 7 00 troubled with worms, and in hundreds of cases, and to relate, a supposed fever, scarlating, cold, or some other siling carries off the flower of the human familywhile in truth they die of worms! and these could year, and must be paid of the time of applic. have been eradicated in a day, by the use of one bottle and the first years' deposit within thirty days. of ORRICK'S VERMIFUGE.
