BRADFORD COUNTY PAINT.

THE Subscribers have recently opened upon their tar toad containing about 10 rods in length and Pa., a bed of Mineral and Fire Proof Paint, which "ide, more or less adjoining the Cranmer eson the north and east, and on the west by lands cle which is now extensively used throughout the country recommends itself to general favor by its cheapness and by its peculiar properties of becom ing after a short exposure, as hard as slate, render-ing buildings both fire and water-proof.

We ask of the public to give our paint a trial. heing willing that it shall stand upon its own mer-its, in full confidence that no article in market sur-passes it in value. We have had it tested by practical men, who declare it superior to any kind of lors Mineral Paint, now offered to the public. We have made preparations for supplying any quantity that may be needed, and shall have a sup-

ply at nearly every store in the County, to give the public an opportunity of testing it. Those who may wish to communicate with us upon the subject, will address us at Laceyville, Wy. CYRUS SHUMWAY. oming Co. Pa.
