Another Rescue by SCHONCE'S PULMONIC SYRUP was on the verge of the grave, and so far gone that it my family and friends had lost all hopes of my recovery; and when in this situation, having been recoved by the use of Schenek's Pulmonic Syrup, I desire to testify, with grateful emotion to Dr. Schenek, the manuscript by heariff I have received from the use the unspeakable benefit I have received from the use

of his invaluable medicine.

Early last fall, i contracted a violent cold, and in consequence of which I had chills, alternated with fe-ver, pains in my right breast and shoulder blade, with a bad cough; and no expectoration. I kept getting worse until I took my bed, and had the attendance my family physician. I was under his care about four weeks, and at the expiration of that time was reduced so low that despair took hold of myself and friends, and even my physician abandoned me and gave me up to die with the hasty consumption. My appetite was gone, my bowels very irregular, fever and night sweats, pain in my breast and shoulder, attended with distressing cough, which was very tight; my flesh had nearly all gone, and was so weak that I could scarcely raise my head from the pillow, and was truly an object of pity to behold. My friends had been sent for to see me die, and my sick bed was surrounded by kind and sympathizing neighbors, who had come to witness my departure from this world. When all rays of hope had fled of my recovery, a

neighbor, Mr. David Conrad, proposed to try Schenck's Pulmonic Syrup, with a view of loosening my cough and relieving me of the tough phlegm, and as a means of affording temporary relief, remarking at the time, that I was too far gone for the Syrup to be of any permanent benefit." My wife, anxious for the relief of my intense sufferings, procured some of the Pul-monie Syrup. I found it afforded me relief, and con-tinued using it. I could feel its healing influence

upon my lungs.
I continue to improve under its use, and my friends were much gratified to witness my unexpected im-provement; many of my neighbors came to look at me as one raised from the dead.

My cough now became loose, and I felt something break, when I had the pain in my breast, and I discharged large quantities of yellow matter. I have for weeks discharged and raised a spit box full of matter every day, with hard lumps like grains of something. My bowels now became regular and natural, and my appetite was so far improved, that I could scarcely re-frain from eating too much. My strength improved, and I regained my flesh.

I continued to improve in every respect soon after I commenced using the Syrup, and the improvemen continued until I was restored to my health. I have passed through the inclement weather of the latter part of winter and the spring, and feel as well now as ever I felt in my life, and I am this day a living testimony of the great efficacy of Schenck's Pulmont

Syrup in curing pulmonary diseases.

Lest this statement be thought too highly colored by some people, I subjoin certificates of a number of the inhabitants of Tacony, who saw me at different times during my disasse, and never expected to see me restor ed. I also append the certificate of the brothers of Mystic Lodge, No. 270, I. O. of O. F., who kindly watched over me, and fully believed they would consign my remains to the tomb; but, thanks to Dr. Schenck for his invaluable Pulmonic Syrup, my life has been spared, and I am permitted to make the foregoing statement for the benefit of suffering mankind. I reside at Tacony, and am well known by most o the people there, and will be gratified to have any person call upon me and learn more particulars of the virtues of this medicine. JOHN C. GREEN.

June 24th, 1851. The subscribers, members of the Mystic I.od re, No. 270, I.O. of O.F. of Holmesburg, Ps. do hereby certify that we know John C. Green, (and is a member in good standing in No. 270 I.O. of O.F.) who was dangerously ill with a low Pulmonary Consumption last winter, so that they give him rp. o die; that he is now fully restored to perfect health, and they believe his recovery was produced by Schenck's Pulmonic

Syrup.

We believe his certificate is correct in every particular. ALFRED ROBINSON, P. G. ABRAHAM ARTHUR, P. G. J. K. OSMAN, N. G.: / JACOB WATERMAN, JR! JAMES C. CALVER.

JOSHUA PHINEMORE. Holmesburg, Philadelphia Co., June 25, 1851. The undersigned, residents of Tacony, eight mile bove Philadelphia, being well acquainted with John C. Green, and the circumstances attending his case, feel impelled by a deep sense of imperative duty, to ery from the very last stages of Pulmonary Consumption. So entirely helpless was his condition, having been but a brief period since in that rapidly sinking and emociate state, as to utterly preclude, in the opi ion of his physicians and friends, who watched by his bedside, all hopes of even a temporary recovery and restoration to his present robust health. Thus the careful use of your invaluable Specific, the Pulmonic Syrup, makes it our belief, under the circumstances of his previous prostrate, not to say dying condition, one of the most startling results that the whole annals of medical skill or science can produce. It deserves to be imperishably recorded to your credit, and secure to you, the greatest discoverer of this hitherto remediless disease, a lasting monument and a world-wide reputation in the healing art, that no time may either diminish or destroy. Having witnessed Mr. Green's distressing struggles and sufferings from a continued cough, su-peradded to the other symptoms consequent upon, or attending to the last stages of a pulmonary disease; and moreover, it being so generally believed by his nu-merous friends that no human power could relieve, or protract his life, much less restore him back again to his former health, we feel it thus our duty to give our unqualified testimony of Mr. Green's perfect recovery, by means of the exclusive use of your wonderful Syr up; and we should indeed rejoice if we could be made the humble instruments of relief and cure to others who may be so unfortunate as to be similarly afficted.
