Another Rescue by SCHUMCE'S PULMONIO SYRUP.

I was on the veries of the grave, and so far gone that I my family and friends had lost all hopes of my re-covery; and when in this situation, having been res-cued by the use of Schenck's Pulmonic Syrup, I de-site to testify, with grateful emotion to Dr. Schenck, the unspeakable benefit I have received from the use of his invaluable medicine.

a bad cough, and no expectoration. I kept getting tar boots; do shoes; black lasting and silk gaiters; worse until I took my bed, and had the attendance of walking shoes, bushim, etc. Misses gaiters and shoes, worse until I took my bed, and not the attendance of my family physician. I was under his care about four weeks, and at the expiration of that time was reduced fancy gaiters, boots and shoes, of all kinds.

For the Gentlemen, almost every style of gaiters and so low that despair took hold of myself and friends, and even my physician abandoned me and gave me up to die with the hasty consumption. My appetite was gone, my bowels very irregular, fever and night-sweats, pain in my breast and shoulder, attended with a distressing cough, which was very tight; my flesh had nearly all gone, and was so weak that I could scarcely raise my head from the pillow, and was truly an object of pity to behold. My friends had been sent for to see me die, and my sick bed was surrounded by kind and sympathizing neighbors, who had come to witness my departure from this world.

When all rays of hope had fled of my recovery, neighbor, Mr. David Conrad, proposed to try Schenck's Pulmonic Syrup, with a view of loosening my cough and relieving me of the tough phlegm, and as a means of affording temporary relief, remarking at the time, "that I was too far gone for the Syrup to be of any permanent benefit." My wife, anxious for the relief of my intense sufferings, procured some of the Pul-monic Syrup. I found it afforded me relief, and continued using it. I could feel its healing influence

I continue to improve under its use, and my friends were much gratified to witness my unexpected unprovement; many of my neighbors came to look at me

as one raised from the dead. My cough now became loose, and I felt something break, when I had the pain in my breast, and I discharged large quantities of yellow matter. I have for ed and raised a spit box full of matter every day, with hard lumps like grains of some My bowels now became regular and natural, and my appetite was so far improved, that I could scarcely refrain from eating too much. My strength improved, and I regained my flesh.

I continued to improve in every respect soon after l commenced using the Syrup, and the improvement ontinued until I was restored to my health. I have passed through the inclement weather of the latter part of winter and the spring, and feel as well now as ever I felt in my life, and I am this day a living testi-mony of the great efficacy of Schenck's Pulmonic

Symp in curing pulmonary diseases.

Lest this statement be thought too highly colored by some people, I subjoin certificates of a number of the inhabitants of Tacony, who saw me at different times during my disasse, and never expected to see me restored. I also append the certificate of the brothers of Mystic Lodge, No. 270, I. O. of O. F., who kindly watched over me, and fully believed they would consign my remains to the tomb; but, thanks to Dr. schenck for his invaluable Pulmonic Syrup, my life has been spared, and I am permitted to make the fore-going statement for the benefit of suffering mankind. I reside at Tacony, and am well known by most o the people there, and will be gratified to have any person call upon me and learn more particulars of the virtues of this medicine.

Many proofs might be given of their value on paper, ful use of your invaluable Specific, the Pulmonic Syrup, makes it our belief, under the circumstances of his previous prostrate, not to say dying condition, one of the most startling results that the whole annals of medical skill or science can produce. It deserves to be imperishably recorded to your credit, and secure to you, the greatest discoverer of this hitherto remediless dis ease, a lasting monument and a world-wide reputation in the healing art, that no time may either diminish or destroy. Having witnessed Mr. Green's distressing struggles and sufferings from a continued cough, superadded to the other symptoms consequent upon, or attending to the last stages of a pulmonary and moreover, it being so generally believed by his numerous friends that no human power could relieve, or protract his life, much less restore him back again to his former health, we feel it thus our duty to give our unqualified testimony of Mr. Green's perfect recovery, by means of the exclusive use of your wonderful Syrup; and we should indeed rejoice if we could be made the humble instruments of relief and cure to others who

may be so unfortunate as to be similarly afficted. David Conrad, Jesse Duffield, C. Hinckle, A. Heath. Joseph Head, Jr., Stephen Lukens, Matthew Toden, Jesse Watson, Robert Allyn, James Torbert, Allen Vandegrift. John Bloomesbury,
