When they make known their wishes, they are referred to your own statement of your wants; and as we have Maps of the different States, and of such Counties as we have been able to procure: and as we employ agents to visit the vessels and steamers that arrive with Immigrants, (o whom from 1,000 to 5,000 are daily arriving,) and we also have agents to distribute our Circulars among the strangers at the hotels; and as we advertise in the principal papers of the city of New York, and in various forms throughout all of the states, as well as the lifferent countries of Europe, from which Immigrants come, and where we expect one of our Firm will for be present reside, and where also we shall agents in the principal ports of embarkation, inviting all who wish to purchase, exchange, lease, or invest, to visit

The best place for you to effect a sale, lease, exchange or loan on your property, is in its immediate vicinity. If you cannot do it there, the next best place is in the city of New York. Or if you want Immigrants or settlers of any class here is the place to obain them: Because here at all times and seasons, there are from

30,000 to 70,000 strangers, many of whom are seeking for investments or homes. Because there are probably 100,000 who want to

move from the city or its vicinity.

Because here is concentrated a great proportion he surplus capital of the Union, seeking investment. Because here, money is ordinarily worth from 5 to 7 per cent. per annum, on undoubted security, while ou can afford to give as ample security, or other inducement, where it would produce greater rate of interest, either in annual income or increased value. Because here, an examination of our files will inform

In the description of property, be careful not to ver estimate its advantages in any respect: for if you do, and we should send you a nurchaser, his compari son of the reality with your statement might defeat your object. When your property is sold, or other wise disposed of, it is required that we shall be immediately informed of the fact. As we do not propose to sell, but negotiate, and send purchasers to the owners, no special authority to us is requisite; but when it is desired that we should sell, authority must be given.
