zeus the following plan of operations, viz ; Is. By the Charter, risks can be taken only on Dwellings, private Barns, Carriage Houses and Farm Buildings, and the Personal Property therein, No more than two-thirds the value of any building to be

insured ; personal property therein may be insured a its cash value. 2d. Any applicant may, at his option, pay a definite sum in full for his insurance in lieu of giving a pre-

mium note. 3d. Not more than \$2,000 will be taken in one tisk.

4th. Any policy holder may at pleasure withdraw from the Company, by paying his share of the losses up to the time of such withdrawal.

5th. The Charter provides, and the Company will hold itself responsible, for the correctness of surveys and other official acts of its authorized Agents, dor in accordance with its charter and published rulesthus ending all cavil as to the technical correctness of surveys, and the consequent liability of the Company 6th. This Company will pay lotses caused by light

ning, whether the buildings are burned or otherwise damaged. 7th. Additional stoves may be set up, or moved from

one room to another, without giving notice to the Com pany ; also, such repairs as do not increase the hazard of the property, shall not affect the insurance.

8th. Losses will be settled with promptness an fiberality. If the Company, or some person acting for them, and the insured cannot agree in the adjustment the matter may be submitted to three judicious disin terested persons residing in the vicinity of the loss. 9th. Should any more money be collected than suf-

ficient to keep the Company in a sound and selven condition. it will be returned to the Policy holders in propertion as each shall have paid in. 10th. By rejecting wholly every class and kind of

hazardous risks, this Company will not be subjected to the great disasters and losses that so frequently produce excessive taxation and bankruptcy among Insurance Companies.

The directors, in soliciting patronage, do so in the firm conviction that the plan adopted by them will render the FARMERS' UNION COMPANY perman. cat and safe to its Policy holders, and as cheap as the prompt payment will permit.

In arranging their Rites, they have sought to secure sufficient Cash Premiums to meet all losses-laying by the small notes taken, as a Reserve Fund--which shall render the Company safe against all contingencies. For a more definite and full view of their plan of operations they respectfully invite an examination of their Rates, Charter and By-Laws. DIRECTORS-C. P. Wells, jr., C. N. Shipman, Wm. H.
