PARMERS' PROTECTION! THE FARMERS'

Union Fire Insurance Company, Athens, Bradford County, Pa. The only real Farm Co, being such by the Act of corporation, with a Safe and Increasing Capital.

THE operations of this Company, by its Charles are confined to the Insurance of Dwellings and the usual out-buildings, and personal property there-in, which wholy relieves it from the dangers and vicinsitudes incident to Commercial and miscellaneous Insu

The large and destructive fires which continually occur in cities and villages, and the great number hap-pening to public property of all kinds, have convinced us that the Insurance our "HOMES" should not be jeopardized in the least, by any connexion whatever with the more hazardous kind of property.

Every person interested, must at once see the great advantage thus offered to Farmers and the owners of unexposed dwellings. Our risks being confined to this class of property, we feel the utmost confidence in saying, that the "UNION" stands on a firmer basis than that of any other Company, for no other, we be lieve, has adopted this course.

Many Companies have assumed to themselves the title of " Farmers' Company," but such Companies have in most cases, if not invariably, included in their Farm Risks Country Taverns, Mills, Workshops Churches, and other classes of Property, much more hazardous than the private dwelling. Or, they have united in one Company, the Farm department with a City department. In such case, there must of necesnity be s close alliance in interest and character, and in fate between the two. The success or failure of the one must determine the destiny of the other
They submit for the judgment of their fellow-citi-

zeus the following plan of operations, viz ; tec. By the Charter, risks can be taken only on Dwellings, private Barns, Carriage Houses and Farm Buildings, and the Personal Property therein. Not more than two-thirds the value of any building to be insured; personal property therein may be insured at

3d. Not more than \$2,000 will be taken in one 4th. Any policy holder may at pleasure withdraw

from the Company, by paying his share of the losses ep to the time of such withdrawal. Ah. The Charter provides, and the Company will hold itself responsible, for the correctness of surveys and other official acts of its authorized Agents, done n accordance with its charter and published rulesthus ending all cavil as to the technical correctness o

surveys, and the consequent liability of the Company 6th. This Company will pay losses caused by light-ning, whether the buildings are burned or otherwise imaged.

7th. Additional stoves may be set up, or moved from

one roots to another, without giving notice to the Company; also, such repairs as do not increase the hazard of the property, shall not affect the insurance.

Sth. Losses will be settled with promptness and

fiberality. If the Company, or some person acting for them, and the insured cannot agree in the adjustment, the matter may be submitted to three judicious disin-terested persons residing in the vicinity of the loss.

3th. Should any more money be collected than sufficient to keep the Company in a sound and selvent condition it will be returned to the Policy holders in

proportion as each shall have paid in. 10th. By rejecting wholly every class and kind of hazardous risks, this Company will not be subjected to the great disasters and losses that so frequently produce excessive taxation and bankruptey among Insu-

The directors, in soliciting patronage, do so in the firm conviction that the plan adopted by them will render the FARMERS' UNION COMPANY perman. eat and safe to its Policy holders, and as cheap as the

prompt payment will permit.
In arranging their Rates, they have sought to secure sufficient Cash Premiums to meet all losses—laying by the small notes taken, as a Reserve Fund—which shall render the Company safe against ell contingencies. For a more definite and full view of their plan of operations, they respectfully invite an examination of their Rates, Charter and By-Laws.
