March 9, 1854. Guardian of Mary Ann Demarest. In the matter of "The First Universalist Society of To-

wanda," Bradford county. In the Court of Com-mon Pleas of Bradford county of May T. 1854, No. 118.

NOTICE is hereby given, that Stephen Powell, Geo. Sanderson, David L. Scott, Percival Powell, Gordon F. Mason and others on the 21st day of February A. D. 1854, presented to said Court an instrument in writing, the objects, articles and conditions therein set forth and contained, it appearing to them lawful and not injurious to the community whereupon they direct the said writing to be filed and that notice be given in one newspaper at least found in said county. You are therefore hereby three weeks before the next Court of Common Pleas required to appear at the Court House in the boro of said county, setting forth that an application has been made to grant such an incorporation according to law. ALLEN M'KEAN, Proth'ry. being the 1st day of May term of said court of com-mon pleas, to answer the said complaint, and show Towanda, April 1, 1854.

J. MINTOSH, DENTIST. HAVING entered into an arrangement by which he can have BLOCK TEETH furnished to order, informs the public that he is prepared to mount suction plates in this new and improved method,

The great superiority of the block style of mounting plates is at once apparant to those who have for any length of time worn artificial teeth. To those who have yet to be initiated, it is only necessary to say, that in the old method of mounting the plate with a succession of single t eth, it was no unusual thing for a tooth to drop off; by the new method no such accident can take place, the teeth being all connected by each other. In the second place, the plate with block teeth is always clean and sweet, because there is no chance for deposits of food being made, however small, the upper rim being capped, thus effectually precluding even the saliva from ma. king a lodgment, and in the third place, the adaptaf land stuate in Rome to bounded on the north by | tion of the grinding surface is better fitted for masinds of Hinm Dobson, on the east by lands of Pat. ticatory purposes, the irregularities being made exactly to correspond with those of the treth of the op-

posing jaw. With a properly fitted suction plate, having an air chamber, and mounted with block teeth, a person may crack kickory nuts with impunity. "And sleep in spite of"--toothache.

ALL WORK WARRANTED. Towanda, March 10, 1854.
