We make the following extract from the report of Mr. Townsend GLOVER on the curculio, which will be published in the forthcoming report of the Patent Office :

sects that the horticulturist has to fear, not to plums alone, but to cherries, nectar nes and apples, which are indiscriminately attacked; and in the more Southern States peaches also suffer much from the larvæ of a weevill of this kind, of similar habits and shape, if not identically the same. The perfect curculio is about two tenths of an inch in length, of a dark brown color, with a spot of yellowish white on the hind part of each wing-case. The head is furnished with a long curved snout or bill, with which it is enabled to bore into the unripe fruit by means of jaws placed at the end of this bill.

The wing-cases, which are ridged, uneven, and humped, cover two transparent wings, by which the perfect weevil is enabled to fly from tree to tree, but when these wing-cases are closed the back appears without any suture or division, which has led to the very erroneous idea among farmers that the insect cannot fly .-When disturbed, or shaken from the tree, it is so similar in appearance to a dried bud that it can scarcely be distingushed, especially when feigning death, which it always does when alarmed. As soon as the plums are of the size of peas the weevil commences the work of destruction by making a semi-circular cut through the skin with her long curved snout, in the apex of which curve she deposits a single egg. She then goes to another plum, which is treated in a similar manner, until she has exhausted her whole stock of eggs. The grubs, which are hatched by the heat of the sun, immediately eat their way to the stone in an oblique direction, where they remain gnawing the interior until the fruit is weakened and diseased, and by this treatment falls from the

"The grab, which is a small, yellowish, footless, white maggot, then leaves the fallen fruit, enters the earth, changes into a pupa, and in the first brood comes to the surface again, in about three weeks, as a perfect weevil, to propagate its species and destroy more fruit. It has not yet been decided whether the latest generation of the weevil remains in the ground all winter in the grub, or in the pupa state. Dr. E. Sanborn, of Andover, Massachusetts, asserts, however, that the grubs after having entered the earth, return to the surface in about six porte, Pa.

P. O. MOODY, Agent for Bradford County. Address hidden in crevices until Spring. The most popular opinion is that they remain in the larva NEW SPRING GOODS. or pupa state. The worm or grub is often found in the knots of excresences which disfigure and destroy plum trees, and has been wrongfully eggs therein as the nearest substitute for the real plum.

absurd-such as tying cotton around the trees in order to prevent them from ascending, when it is known that they are furnished with wings, it is known that they are furnished with wings, and fly from tree to tree with the greatest ease. Among the remedies at present in use, one is to cover the fruit with a coating of whitewash, mixed with a little glue, applied by means of a syring; another is to spread a sheet upon the ground under the tree, and then jar the branches suddenly with a mallet covered with cloth, so as not to bruise the bark, when the cloth, so as not to bruise the bark, when the perfect insects will fall into the sheet and feign death, and may be gathered and destroyed.—
Hogs are sometimes turned into plum orchards, where by eating the fallen and diseased fruit, they materially lessen the evil. Coops of chickens placed under the trees, and the branches often shaken, the insects fall, and are eagerly seized and devoured. All fallen fruit should be gathered up several times in the course of the season and burned, or given to hogs, or destroyed in some other way. By so doing, thousands of the grubs which have not yet left the plum are destroyed; but as yet, no thoroughly practical remedy has been made public, and the above are merely mentioned as perfect insects will fall into the sheet and feign public, and the above are merely mentioned as being useful in small gardens, containing only a few trees."

How to Produce Large Fruit.-The secret consists in supporting the fruit, so that they shall not be allowed to hang their whole weight upon the stalk, or to twist about in the wind. When the fruit is allowed to hang naturally upon the stalk, the increasing weight strains stem or twig, and thus lessens the quantity of nutritious food flowing to the fruit. The fruit may be supported either by tying it to a branch with a piece of matting, or by enclosing it in a small net. Flowers, such as dahlias or peonies may also be rendered much larger by the adoption of this system.

To Make Good Apple Jelly .- Take apples of the best quality and good flavor, (not sweet) cut them in quarters or slices, and stew them till soft ; then strain out the juice, being very careful not to let any of the pulp go through the strainer. Boil it to the consistency of molasses, then weigh it and add as many pounds of crushed sugar, stirring it constantly till the sugar is dissolved. Add one ounce of extract of lemon to every twenty pounds of jelly, and when cold set it away in close jars. It will keep good for years. Those who have not made jelly in this way will do well to try it; they will find it superior to currant jelly .-Michigan Farmer.

RECEIPT FOR MAKING RICE BREAD .- One and a half pounds of rice put in a gallon of water and stirred till it becomes quite soft, then mix it (while warm) with fourteen pounds of flour, and at the same time add a teaspoonful of salt and the usual quantity of yeast. Let it stand to rise, then make it into loaves and bake it the usual way. We have found the above quantity of flour and rice to make us twenty-eight pounds of excellent bread, and independent of the great saving, we like it better than bread baked in the usual way.

TO CURE THE SORE NECKS OF OXEN .- A letter in an exchange says, a neighbor had a pair of working oxen, whose necks became very sore. He covered that part of the yoke resting upon the neck with sheet-lead. They got well almost immediately, though constantly kept at work. I suppose the lead being a good conductor of heat, drew off the inflammation, and thus enabled the sores to heal.

Happiness can be made quite as well of cheap material as of dear ones.

CLOVER AND TIMOTHY SEED .- A

Medical.

HELMBOLD'S GENUINE PREPARA-

Helmbold's Highly Concentrated Fluid Extract Buchu, for Diseases of the Bladder and Kidneys, Secret Diseases, Strictures, Weaknesses, and all Diseases of the Sexual Organs, whether in Male or Female, from whatever cause they may have originated, and no matter of how long standing.

If you have contracted the terrible disease, which when once seated in the system, will surely go down from one generation to another, undermining the constitution, and sapping the very vital fluids of life, do not trust yourself in the hands of Quacks, who start up every day in a city like this, and fill the papers with glaring falsehoods too well calculated to deceive the young and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

The fluid extract Buchu has been pronounced by eminent Physicians

t Physiciaus THE GREATEST REMEDY EVER KNOWN.

THE GREATEST REMEDY EVER KNOWN.

It is a medicine perfectly pleasant in its taste, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this disease; and, unlike other remedies, it does not dry up the disease in the blood.

Constitutional Debility, brought on by self-abuse, a most terrible disease, which has brought thousands of the hu man race to untimely graves, thus blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this INFALLIBLE REMEDY.

And as a medicine which must benefit everyhedy from the

And as a medicine which must benefit everybody from the simply delicate to the confined and despairing invalid, no equal is to be found, acting both as a cure and preventive.

HEMBOLD'S HIGHLY CONCENTRATED Compound Fluid Extract Sarsaparilla.

Compound Fluid Extract Sarsaparilla.

For purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the blood, and the only reliable and effectual remedy known for the cure of Scrofula, Salt Rheum, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the face and all Scaly Eruptions of the Skin.

This article is now pre-cribed by some of the most distinguished Physicians in the Country, and has proved more efficient in practice than any preparation of Sarsaparilla yet offered to the public. Several cases of secondary Syphilic, Mercurial and Scrofaloas di-case, have entirely recovered in the incurable wards of our public institutions, which had for many years resisted every mode of treatment that could be devised. These cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases, after the striking examples of the santary effects of this medicine in arresting some of the most inveterate diseases, after the glands were destroyed and the bones already affected.

Notice.—Letters from responsible Physicians and Professors of several Medical colleges, and certificates of cures from patients will be found accompanying both preparations. Prices, Fluid Extract Buchu, \$1 bottle, or 6 bottles for \$5

Sarsaparilla,
qual in strength to one gallon Syrup of Sarsaparilla.

DR. HALSEYS' FOREST WINE.—The discovery of the FOREST WINE is the greatest blessing of the age. Put up in Quart Bottles, a single bottle of which does more good, and goes further in the cure of which does more good, and goes further in the cure of the forest Wine in the cure of bisease, their combined by better than any other Pill or Cathartic, producing in cases when this class of medicines are useful, a most class of medicines are useful, a most class.

Disease, than ton bottles of any Sarsaparilla in use, and warranted to cure without an unpleasant or weakening The method by which all Sarssaparillas, and other similar medicines are prepared, is by boiling the Roots of plants to obtain the extracts. Their medicinal virtues are thus principally evaporated and destroyed. It is not to be wondered at then, that 10 and even 20

It is not to be wondered at then, that 10 and even 20 bottles of these Sarsaparillas are sometimes taken without any perceptible beneft. Not so with the Forest Wine.—By the invention of a wonderful chemical apparatus, a perfect wine is produced without beating; retaining, at the same time, all the primitive healing properties of the rare medicinal plants of which it is composed, thus rendering the Forest Wine the most edicine the world ever produced, at the same time time the most agreeable.

TESTIMONY.

This is to certify, that I have used Dr. Halsey's Forest Wine in my family with the most entire success. My wife was badly afflicted with Neuralgia, affections of the Spine and Kidneys, and general Debility. She found speedy relief, and regained her health by the use of the Forest Wine.

From my own knowledge of this excellent medicine, I omidently recommend it for the good of others who may esuffering from similar complaints. It is the best medicine with which I am acquainted, and those who are afflicated in the state of d with the above, or any similar disease, may safely on its virtues.

ired with the above, or any similar disease, may safely rely on its virtues.

MORE TESTIMONY FROM COHOES.

Dr. G. W. Halsey—Dear Sir: My wife list autumn was reduced to a low state of Debility. My smily physician avised her to take your Forest Wine. Accordingly I went to Mr. Terry's, your agent in this town, and procured a bottle of it, which restored her in a very short time to perfect health.

Cohoes, April 13, 1859. HENRY DONALDSON.

DREADFUL COUGH, DEBILITY, AND LOSS OF APPETITE.

Dr. Halsey: Hempstead, Dec. 1, 1847.

A bottle of your Forest Wine and box of Pilla, which I procured of Junes Cerr. (your agent for this phase) has done wonders for me. I had born in a state of decline for more than a year, eithered with a dreadful cough, pain in the breast, general debility, and loss of appetite. I became almost a skeleton, and had been unable to leave my room for more than two mouths; my licends cold me! I had the Consumption and despaired of my resovery. I could not obtain any permanent relief from any medicine! I had taken, or my physician, until your Wine and Pills were procured. The first dose of the Pills brought up from my stomach, much phlem and greenish matter, and my stools were perfectly black. I then commenced taking your Forest Wine three times a day, my appetite began to return immediately, my cough lett me, and in less than two weeks! I was almost well. I now enjoy better health than I ever did before, having increased twenty-five pounds in seven weeks. Your Forest Wine and Pills are highly valued in this vicinity, and I owe my recovery entirely to their virtues.

Martin Caldwell.

Affections of the Kidneys.

MARTIN CALDWELL.

AFFECTIONS OF THE KIDNEYS.

Mr. T. J. Gillies, a highly respectable Merchant of No. 308 Broadway, New York, cured of a severe affection of the Kidneys by the Forest Wine and Pills.

Dr. G. W. HALSEY: New-York, March 12, 1853.

Dear Sir—In the summer and fall of last year 1 had a severe complaint of the Kidneys, which rendered me quite untit for business. I procured your Forest Wine and Pills which cared me in a few weeks time, and I have since enjoyed better health than I had for many years previously. From their efficacy in my own case, and from what I know your medicines to have done for others, I am induced to recommend them as the best medicines with which I am acquainted.

Yours, respectfully,

Yours, respectfully, T. J GILLIES. DYSPEPSIA.

There are thousands cured every year of this disease by the Forest Wine and Pills; Dyspepsia, Costiveness and Indigestion, are kindred complaints, frequently existing together, and the cure of one is generally the cure of all. The Forest Wine and Pills above all remedies are pre-eminent in the cure of Dyspepsia.

Testimony of J. N. Vermile, of New York City, dated July 9, 1852.

Dr. G. W. HALSEY:—Dear Sir—Having been cured of Dyspepsia by the use of your Forest Wine and Pills Ltake.

Dr. G. W. HALSEY: —Dear Sir — Having been cured of Dyspepsia by the use of your Forest Wine and Pills, I take the liberty to offer you my name, believing many who know me may be benefited by my excellent remedies.—For many years I have been afflicted with this malady so bably that nearly one-third of my time has been lost from business. The Forest Wine and Pills have restored me to excellent health, and I cheerfully recommend them, as I am a convinced the discovery of the remedies are a blessing to mankind.

New-York, July 9,1852.
