Governor Shannon at Westport. [From the Evening Post.]

The news from Westport, in Missouri, which we gave in our postscript of yesterday, confirms the view we had already taken of the removal of Governor Reeder of Kansas. INSTITUTES.

To the School Directors and School Teachers of Bradford County:

Bradford County:
Bradford County:
THE recent Convention of School Directors of this County, support a resolution requesting the County Saperintendent to hold, or cause to be held, Teachers' Institutes in the different townships of the county. In compliance with this resolution, I now give notice, that the necessary arrangements are in progress for holding a set ties of these Teachers' Schools. It is not deemed advisable to hold one in each township this fall. In many cases, not enough would attend to give them interest and utility. I have accordingly, selected such points for holding the first series, as has appeared to me most suitable for the only suggestive. If the School Directors of either of these divisions prefer another, I will cheerfully acquiese in a change. The list is given at the foot of this notice. These Institutes are intended for Teachers only; and their leading object is to be used, in order, keep it so, have fuel supplied and make provision for boarding the Instructor. The incidental expenses of these Institutes, such as the board of the Preceptor, fuel, light—for the evenings must be cocubied with Lecture—Ve. the Teachers must how the set.

board of the Preceiver, fuel, light-for the evenings must be occupied with Lectures-&c., the Teachers must hear. The amount to each, will, of course, depend on the num-ber attending. Four dollars, will probably, be the out-side expenses of one of these Institutes. This to be equal-ly borne among the Teachers, be their number twenty or forty.

rty. Timely notice will be given in the papers, of the comnencement of each of these first will be papers, of the com-mencement of each of these first will be held in To-wanda, early in October, and will be under the direction of Professor C. R. COBERN. In the management of the others, the Superintendent will have the assistance of able teachers.

teachers. Teachers wishing to attend these Institutes, must report themselves to the Scoretaries of the School Board of the township where held, before the 25th day of September.— This officer's name and address is given in the list below. I have to request these officers, to report to me the num-ber as soon as practicable after the 25th. School Directors are amendy requested to give this en-terprise all the encouragement and aid they can. These Institutes can be made useful.

SCHOOL VISITATIONS

SCHOOL VISITATIONS. Owing to the irregularity in the time of opening the schools, and the shortness of the time a large majority are kept open, the ruperintendent cannot visit all the schools. This is the sole cause of this failure. It is my desire to remedy this, and I have a proposition to make to the school directors, which will obviate the cause and its re-sults.

sults. If the directors of Monroe, Albany, Wilmot, Overton, Durell and Asylum, will commence their schools in the first week of November : The directors of Standing Stone, Wyalusing, Tuscarora,

Herrick, Pike and Warren, theirs in the third week in November : November: The directors of Wysox, Rome, Orwell, Windham, Litchfield and Sheshequin, theirs in the first week in De-

cember : The directors of North Towanda, Ulster, Athens, Rtdg-bery, South Creek, Wells, Columbia, Springfield, Smith-field and East Burlington, theirs in the third week in De-combor.

field and East Burlington, theirs in the third week in De-cember: And the directors of West Burlington, Troy, Armenia, Granville, Canton, Leroy, Franklin and Towanda, theirs in the first week of Jannary, I can visit every school house in the county, that has a school in it, during the winter; and if the order I have marked out, or something approxi-mating it, is observed in the opening of the schools, and then remain open one month, I will agree to visit *all*..., Now, what say you, school directors? There is nothing to prevent this arrangement; will you go into it? The best way to commence the work is for each district to advertise for teachers, and give notice in this advertise-ment, of the time of commencing the schools. The cost of advertising will be one dollar, and if any board of di-rectors feel unwilling to take this much out of the school fund. I will pay the dollar for advertising, on the condi-tion that all the districts of the county go into this ar-rangement.

rangement. I hope the different boards will co-operate with me, in very effort made to advance the schools. Complaining will not mend them. This has been tried for twenty years, and still they are very poor; and we may find fault twen-ty years more, and they will be no better unless we take hold. We cannot get rid of the school law. This is set-tled. The question then is, shall we suffer it to be a bur-den without any advantage, or shall we second the efforts of our hw-makers to improve it? The latter scems to me to be the only wise course. Let us try it only for a few to be the only wise course. Let us try it, only for a few years. But to make it better we must look after it. We must order out of chaos, or the frait will still be bitter.
