fact of a failure of the crops, which prove below an average in all the south of Europe, below and the south of Europe, below and the south of Europe in the so and corn market, in which it points out the sides France, and that there will be large outgoings from London of money and coin from England for wheat; of which the English crop is below the large one of 1854—while stocks are much reduced. The Times says:

"The American harvest has been splendid; an unusually great breadth of land has been under wheat this year, and the crops have been successfully got in. The available surplus of wheat is estimated at about 6,000,000 quarters from the United States and Canada-a quantity which is more than sufficient to cover twice the alleged deficiency in France. Of this quantity it is stated that about half will be hipped for Europe between the 1st of Septemher and the 1st of May; and we have reason to believe that very large orders have already been transmitted to the other side of the Atlantic for the French market.

There is no doubt that in France, and in most of the countries of Central and Southern Europe, the late harvest has been below the average, and that in this country it falls short of the extraordinary and bountiful harvest of 1854. The prices of corn and of almost all the first necessaries of life are, therefore, very high, and higher in proportion in most parts of LUCY STEVENS of Durall are 1. the continent than in this country.

"Although the blockade of the southern

ports of Russia, and especially of the Sea of Azoff, cuts off the supplies from an extensive and fertile district, we see no reason to doubt that measures may still be taken to open the navigation of the Danube and the corn trade of the Principalities. No part of the world produces a greater abundance of the finest grain, and the harvest of the past summer was so abundant as to compensate the inhabitants for the sufferings and losses attending the invasion of the previous year.

SCICIDE BY A BOY .- The Menasha (Wis.) Advocate, of the 13th inst., gives the following account of the commission of suicide by a boy only 12 or 15 years of age, who appears to have been a victim to brutality:
"Young Kelsey imagined himself to be

whipped and abused too much by the village boys, and on Monday evening he told his mowhich she sent him to the woods to procure some good switches, to be hereafter used on him for had behaviour. He was accompanied by a younger brother. After going into the woods for had behaviour. He was accompanied by a younger brother. After going into the woods a short distance, he sent the brother back home for a rope, in order, as he said, to bring a large bundle. On his brother's return, young Kelsey was stiff in death. In the absence of his brothone end to the limb of a tree, kicked the blocks deed, a sad affair—for one so young to take his life by his own hands. Those who have seen the corpse say that even in death his countenance exhibits the picture of determination and

man, the Boston defaulter, was well known as a genial man, with a smile and a pleasant word for every one. Since the news respecting his son's swindling transaction was made known, all joyful expression left his face, and stolid features, his eyes fixed on vacancy, and his ghastly, pallid color, all showed that deep grief had taken possession of him. Some ten days since. ch without any marked cause, he died from shame the victim of his son. There may have been recognises it as a broken heart. If the son is Unmoved by the thought of

INSTITUTES.

To the School Directors and School Teachers of

Bradford County:

THE recent Convention of School Directors of this County Su

ty, adopted a resolution requesting the County Su

perintendent to hold, or cause to be held, Teachers' Institutes in the different townships of the county. In compliance with this resolution, I now give notice, that the pliance with this resolution, I now give notice, that the necessary grangements are in progress for holding a series of these Teachers' Schools. It is not deemed advisable to hold one in each town-ship this fall. In many cases, not enough would attend to give them interest and utility. I have accordingly, selected such points for holding the first series, as has appeared to me most suitable for the different divisions of the county. The places named are only suggestive. If the School Directors of either of these divisions prefer another, I will cheerfully acquiesce in a change. The list is given at the foot of this notice.

These lastitutes are intended for Teachers only; and their leading object is to improve teachers in the Art of Teaching. It is expected that the Teachers and Directors living near the place of holding these Schools, will get the School House which is to be used, in order, keep it so, have fuel supplied and make provision for boarding the Instructor.

The incidental expenses of these Institutes, such as the

the Instructor.

The incidental expenses of these Institutes, such as the board of the Preceptor, fuel, light—for the evenings must be occupied with Lectures—&c., the Teachers flust bear. The amount to each, will, of course, depend on the number attending. Four dollars, will probably, be the outside expenses of one of these Institutes. This to be equally borne among the Teachers, be their number twenty or forty.

orty.

Timely notice will be given in the papers, of the cor mencement of each of these lipstitutes, accompanied by a programme of the exercises. The first will be held in Towards, early in October, and will be under the direction of Professor C. R. COBURN. In the management of the others, the Superintendent will have the assistance of able teachers.

others, the Superintendent will have the assistance of able teachers.

Teachers wishing to attend these Institutes, must report themselves to the Secretaries of the School Board of the township where held, before the 25th day of September. This officer's name and address is given in the list below. I have to request these officers, to report to me the number as soon as practicable after the 25th.

School Directors are arnestly requested to give this enterprise all the encouragement and aid they can. These Institutes can be made useful.

SCHOOL VISITATIONS.

Owing to the irregularity in the time of opening the schools, and the shortness of the time a large majority are kept open, the ruperintendent cannot visit all the schools. This is the sole cause of this failure. It is my desire to remedy this, and I have a proposition to make to the school directors, which will obviate the cause and its results.

If the directors of Monroe, Albany, Wilmot, Overton, Durell and Asylum, will commence their schools in the first week of November:

The directors of Standing Stone, Wyalusing, Tuscarora, Herrick, Pike and Warren, theirs in the third week in November:

November: The directors of Wysox, Rome, Orwell, Windham Litchfield and Sheshequin, theirs in the first week in December:
The directors of North Towanda, Ulster, Athens, Ridg-bery, South Creek, Wells, Columbia, Springfield, Smith-field and East Burlington, theirs in the third week in De-

field and East Burlington, theirs in the third week in December:
And the directors of West Burlington, Troy, Armenia, Granville, Canton, Leroy, Frauklin and Towanda, theirs in the first week of January, I can visit every school house in the county, that has a school in it, during the winter; and if the order I have marked out, or something approximating it, is observed in the opening of the schools, and then remain open one month, I will agree to visit all.—Now, what say you, school directors? There is nothing to prevent this arrangement; will you go into it?
The best way to commence the work is, for each district to advertise for teachers, and give notice in this advertisement, of the time of commencing the schools. The cost of advertising will be one dollar, and if any board of directors feel unwilling to take this much out of the school fund, I will pay the dollar for advertising, on the condition that all the districts of the county go into this arrangement.

tion that all the districts of the county go into this arrangement.

I hope the different boards will co-operate with me, in every effort made to advance the schools. Complaining will not mend them. This has been tried for twenty years, and still they are very poor; and we may find fault twenty years more, and they will be no better unless we take hold. We cannot get rid of the school law. This is settled. The question then is, shall we suffer it to be a burden without any advantage, or shall we second the efforts of our law-makers to improve it? The latter seems to me to be the only wise course. Let us try it, only for a few years. But to make it better we must look after it. We must order out of chaos, or the fruit will still be bitter.

Towarda, September 1, 1853.

TAKE NOTICE

R. C. L. KELLING, MECHANICSBURG, PA.
announces to all afflicted with Tumors, Wens, Cancer, Warts, Polypus, Lupus, Moles or Marks, Scrofula or King's Evil, and all diseases that have been usually treated Caustic or Knife that he can remove them by an entirely new method, without cutting, burning or pain. It is no matter on what part of the body they are, he can remove them with perfect safety and in a remarkable short time, if curable. No money required, except for medicines until a cure is perfected. Chronic and other diseases not mentioned above, treated with positive success, if curable. Full particulars can be obtained by addressing C. L. KELLING, M. D., Mechanicsburg, Cumberland Co., Pa.
Persons afflicted, residing at a distance, he has, for years been in the habit of prescribing by letter, and with general satisfaction.

been in the nable of prescribing by letter, and with general satisfaction.

He would say however to those desiring advice, in this way, that to secure attention they should enclose, with the general symptoms of their cases, a fee of one dollar, to warrant him in spending his time for their benefit.

The doctor may be consulted at his office at all times, when not professionally absent.

Caution.—Strangers coming to see the Dr. are cautioned as some have been deceived. Dr. K. is the only one in this State, who can perform cures by the new method.—The Dr's. office is directly opposite the Union Church.

Mechanicsburg is 8 miles from Harrisburg on the Cumberland V. R. R. and accessible from all parts of the Union. The Dr. will visit cases within a reasonable distance when desired.

when desired.
