Mr. Epiron :- I once heard of an honest, well-meaning man, who was fortunate enough to be elected Captain of a Militia Company. Filled to the brim with military ardor, he proreeded to the front yard of his house for the purpose of going through the manual exercise alone. Whether his knowledge of will account the control of the co tics was not altogether perfect, I have not been informed; but his first order to himself was, "advance three paces bockwards!" and suiting the action to the word, he did advance back-ward, and tumbled heels over head into the cellar. His wife observing his unlucky descent, cried out, "my dear, are you hurt?" The fallen soldier, easting a glance of supreme con-tempt on his spouse, indignantly replied, "Go to grass, old woman, what do you know about

It occurs to me that there are a great many farmers in this world, whose progress, like our military friend's above quoted, is decidedly backward. Whenever I see a farmer who refuses to pay a dollar for a good agricultural periodical merely because his father farmed without one, I am strongly inclined to think he is advancing backward. Whenever I see a farmer 'spreading himself' by attempting to farm two hundred acres, when his means are scarcely sufficient for one hundred, I cannot help thinking that he is "advancing backward." Whenever I see a fine meadow overrun with

sorrel and meagre blue grass, instead of tall timothy or some other good grass, it always occurs to me that its owner is "advancing backeurs to me that its owner is "advancing backendeavor by strict attention to business, and by providing
wards." Whenever I see a farmer selling every ton of hay and straw, and every bushel of
wheat he raises, and afterwards endeavoring to
keep his land in good heavy by a containing to
the containing to the strategy of th keep his land in good heart by applying only the manure of his own farm yard, and by plow ing five inches deep, it needs not a prophet to predict that he is "advancing backwards."
Whenever I see a farmer sowing timothy, clover or any other grass seed, in which the seeds of foul weeds abound, when for a shilling or twenty-five cents more he could have purchased good clean seed, it always occurs to me that he is "advancing backwards." Whenever I see a farmer in this progressive age, delaying from year to year the purchase of good labor saving mplements, and urging as a plea for the latest improvement," I always feel afraid that he is "advancing backwards." Whenever I see a farmer feeding his hay, straw and fodder uneut, when a few dollars would purchase a good cutter, I strongly suspect that he is "advancing backwards." Whenever I see a farmer's fields covered with pernicious weeds, and those weeds permitted to ripen and sow their seeds for the next season, I have every reason to believe that the owner of those fields is "advancing back-Whenever I see a farmer's fences broken down, his cattle trespassing in the grain and cornfields, the hogs uprooting the potatoes, and the chickens in indisputable possession of the garden, it is not difficult to perceive that he is advancing backwards."

But when I see a farmer who feels that he has something yet to learn—who takes one or more agricultural papers—who pays for them and reads them—who tills no more land than he can till well—whose meadows are well drained, and covered with heavy sweet grass—who always reserves enough hay, straw and grain to replace in a great part, at least the vegetable matter his crops have taken from his soil—who is willing to pay a dollar more for a bushel of clean seed rather than sow that which contains weeds—who, instead of "waiting for years for the latest improvement," is amongst the first to test the value of new labor saving implements—who cuts all his hay, straw and fodder before feeding—whose fields are not overrun with has something yet to learn-who takes one or feeding—whose fields are not overrun with ly reduced prices.

| Very continuous feeding | Indian | Ind its seed where it is possible to prevent it-whose fences are always in good repair-whose grain and corn fields are never trespassed upon by his or his neighbor's cattle-whose garden is not only well cultivated, but also never invaded and destroyed by mischievous fowls-who is systematic in his feeding, seeding and breeding-who keeps a regular farm accounts-who rises early. and who has strong faith in the old but truth ful adage that "the eye of the master is worth both his hands," I say when I see such a farmer, there is no difficulty in understanding that, unlike our military friend above quoted, he is advancing not "backward," but straight forward. and in the right direction for complete success. and will, most assuredly, GO AHEAD. Newcastle Co., Del.

ACTION OF LAME. - FIRST. It breaks up the soil, and forms combinations that can render Second. It fixes part of the atmosphere.

forming nitric acid, from it making nitrate of THIRD. Nitric acid contains the same essen-

tial elements as ammonia, and is capable of being converted into it or the plant. FOURTH. Useful directly to a certain extent

for the nourishment of the plant. FIFTH. It is particularly useful on gravelly

soils, and on clayey soils devoid of lime. SIXTH. Lime and barn-yard manure should not be mixed in the barn-yard, inasmuch as the lime causes too sudden decomposition, and consequent loss of ammonia which is driven off by

the lime to be received by the air. Charcoal dust is quite valuable on a manure

heap, as it fixes the ammonia and other gases. which otherwise to a great extent would be wasted. The coal dust should be scattered on when dry ; if wet the pores of the coal being filled with water cannot then receive the ammonia This fact is valuable to all masters of char

coal furnaces and farmers within five or ter miles of the same, inasmuch as the dust and braes from coal pits-wasted yearly-would benefit very many farmers at a comparatively small cost, if properly applied.

Hogs.-Give them occasionally a table spoonfull of a compound, three parts ashes and one of salt, for each hog, mixed with their food, and it will destroy the kidney worms. For costiveness, with which they are often affected, take copperas, pulverised and put in a skillet and put it over a quick fire ; it will soon boil ; then stir it till well mixed, and take it off to cool; then pulverise it and give to each hog a tablespoonfull as often as the excrement shows them to be costive. It can be used with milk or

Hogs Rooting .- To prevent hogs from rooting, cut across the snout, by which you will sever the nasal tendon, by which the operation is performed. Then split the gristle of the nose up and down the face, and the work is done. For the long-nosed, flap-eared breed, cut the nose off eighteen inches above the snout,

It is a noble species of revenge to have the power of retaliation and not to exercise it. Business Cards.

HELMBOLD'S GENUINE PREPARA-

TIONS.

Helmbold's Highly Concentrated Fluid Extract Buchus
for Diseases of the Bladder and Kidneys, Secret Diseases,
Strictures, Weaknesses, and all Diseases of the Sexual
Organs, whether in Male or Female, from whatever cause

standing.

If you have contracted the terrible disease, which when once seated in the system, will surely go down from one generation to another, undermining the constitution, and sapping the very vital fluids of life, do not trust yourself in the hands of Quacks, who start up every day in a city like this, and fill the papers with glaring falsehoods too well calculated to deceive the young and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

The fluid extract Buchu has been pronounced by eminent Physicians

THE GREATEST REMEDY EVER KNOWN.

It is a medicine perfectly pleasant in its taste, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this disease; and, unlike other remedies, it does not dry up the disease in the blood.

Constitutional Debility, brought on by self-abuse, a most terrible disease, which has brought thousands of the luminan race to untimely graves, thus blasting the brilliant hopes of parents, and blighting in the bad the glorious ambition of many a noble youth, can be cured by this INFALLIBLE REMEDY.

And as a medicine which must benefit everybody from the simply delicate to the confined and despairing invalid, no equal is to be found, acting both as a cure and preventive. THE GREATEST REMEDY EVER KNOWN.

HEMBOLD'S HIGHLY CONCENTRATED Compound Fluid Extract Sarsaparilla.

Compound Fluid Extract Sarsaparilla,

For purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the blood, and the only reliable and effectual remedy known for the cure of Scrofula, Salt Rheum, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the face and all Scaly Eruptions of the Skin.

This article is now prescribed by some of the most distinguished Physicians in the Country, and has proved more efficient in practice than any preparation of Sarsaparilla yet offered to the public. Several cases of secondary Syphilic, Mercurial and Scrofulous diseases have entirely recovered in the incurable wards of our public institutions, which had for many years resisted every mode of treatment that could be devised. These cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases, after the glands were destroyed and the bones already affected.

Notice—Letters from responsible Physicians and Professors of several Medical colleges, and certificates of cures from patients will be found accompanying both preparations.

Prices, Fluid Extract Buchu, \$1 bottle, or 6 bottles for \$5.

ons. Prices, Fluid Extract Buchu, \$1 bottle, or 6 bottles for \$5 equal in strength to one gallon Syrup of Sarsaparilla.
Prepared and sold by H. T. HELMBOLD, Chemist, 263
Chestnut st., near the Girard House, Philadelphia.
To be had of Dr. H. C. PORTER, Towanda, Pa. and of Druggists and dealers everywhere.

All letters directed to the Proprietor or Agent will

1v3 mediate attention.

Towarda, May 27, 1854.

HALL & RUSSELL.

It is not to be wondered at then, that 10 and even 20 bottles of these Sarsaparilles are sometimes taken without any perceptible benefit. Not so with the Forest Wine.—By the invention of a wonderful chemical apparatus, a perfect wine is produced without beating; retaining, at the same time, all the primitive healing properties of the rare medicinal plants of which it is composed, thus rendering the Forest Wine the most efficient medicine the world ever produced, at the same time time the most agreeable.

TESTIMONY.

This is to certify, that 1 have used Dr. Halsey's Forest Wine in my family with the most entire success. My wife was badly afflicted with Neuralgia, affections of the Spine and Kidneys, and general Debility. She found speedy relief, and regained her health by the use of the Forest Wine.

Wine.

From my own knowledge of this excellent medicine, I confidently recommend it for the good of others who may be suffering from similar complaints. It is the best medicine with which I am acquainted, and those who are afflicted with the above, or any similar disease, may safely rely on its virtues.

MORE TESTIMONY FROM COHOES.

Dr. G. WHALSEY Deep Sir, My wife lost action was a constant of the constant of

MORE TESTIMONY FROM COHOES.

DR. G. W. HALSEY—Dear Sir; My wife last autumn was reduced to a low state of Debility. My family physician advised her to take your Forest Wine. Accordingly I went to Mr. Terry's, your agent in this town, and procured a bottle of it, which restored her in a very short time to perfect health.

Cohoes, April 18, 1850. HENRY DONALDSON. DREADFUL COUGH, DEBILITY, AND LOSS OF APPETITE. DR. HALSEY: APPETITE. Hempstead, Dec. 1, 1847.

DR. HALSEY: Hempstead, Dec. 1, 1847.

A bottle of your Forest Wine and box of Pills, which I procured of James Carr, (your agent for this place,) has done wonders for me. I had been in a state of decline for more than a year, afflicted with a dreadful cough, pain in the breast, general debility, and loss of appetite. I became almost a skeleton, and had been unable to leave my room for more than two months; my friends told me I had the Consumption and despaired of my recovery. I could not obtain any permanent relief from any medicine I had taken, or my physician, until your Wine and Pills were procured. The first dose of the Pills brought up from my stomach, much phlem and greenish matter, and my stools were perfectly black. I then commenced taking your Forest Wine three times a day, my appetite began to return immediately, my cough left me, and in less than two weeks I was almost well. I now enjoy better health than I ever did before, having increased twenty-five pounds in seven weeks. Your Forest Wine and Pills are highly valued in this vicinity, and I owe my recovery entirely to their virtues.

AFFECTIONS OF THE KIDNEYS.

AFFECTIONS OF THE KIDNEYS. AFFECTIONS OF THE KIDNEYS.

Mr. T. J. Gillies, a highly respectable Merchant of No.

308 Broadway, New York, cured of a severe affection of
the Kidneys by the Forest Wine and Pills.

Dr. G. W. HALSSPY: New-York, March 12, 1853.

Dear Sir—In the summer and fall of last year I had a
severe complaint of the Kidneys, which rendered me quite
unfit for business. I procured your Forest Wine and Pills
which cured me in a few weeks time, and I have since enwhich cured hie in a few weeks time, and I have since enjoyed better health than I had for many years previously. From their efficacy in my own case, and from what I know your medicines to have done for others, I am induced to recommend them as the best medicines with which I am acquainted.

Yours, respectfully,

T. J. GILLIES.

DYSPEPSIA. DYSPEPSIA.

There are thousands cured every year of this disease by the Forest Wine and Pills; Dyspepsia, Costiveness and Indigestion, are kindred complaints, frequently existing together, and the cure of one is generally the cure of all. The Forest Wine and Pills above all remedies are pre-eminent in the cure of Dyspepsia.

Testimony of J. N. Vermile, of New York City, dated July 9, 1852.

Dr. G. W. HALSEY:—Dear Sir—Having been cured of Dyspepsia by the use of your Forest Wine and Pills. I take yspensia by the use of your Forest Wine and Pills, I take he liberty to offer you my name, believing many who now me may be benefited by my excellent remedies.—

know me may be benefited by my excellent remedies.—
For many years I have been afflicted with this malady so bably that nearly one-third of my time has been lost from onsiness. The Forest Wine and Pills have restored me to excellent health, and I cheerfully recommend them, as I am convinced the discovery of the remedies are a blessing to mankind.

J. N. VERMILE.

DR. G. W. HALSEY'S GUM-COATED FOREST PLLS.
The Gam-coated Forest Pills are designed to accompany

discovery of the FOREST WINE is the greatest bits-sing of the age. Put up in Quart Bottles, a single bottle of which does more good, and goes further in the cure of Discase, than ton bottles, of any Sarsaparilla in use, and warranted to cure without an unpleasant or weakening effect. They are purely vegetable, never gripe, be taken at any time without fear of taking cold, hindrefect. Louiscovery of the FOREST WINE is the greatest blessing of the age. Put up in Quart Bottles, a single bottle of which does more good, and goes further in the cure of Discase, than ton bottles of any Sarsaparilla in use, and warranted to cure without an unpleasant or weakening effect. They are purely vegetable, never gipe, may be taken at any time without fear of taking cold, hindrance effect.

The method by which all Sarssaparillas, and other similar medicines are prepared, is by boiling the Boots of plant.

effect.

The method by which all Sarssaparillas, and other similar medicines are prepared, is by beiling the Roots of plants to obtain the extracts. Their medicinal virtues are thus principally evaporated and destroyed.

It is not to be wondered at then, that 10 and even 20 bottles of these Sarsaparillas are sometimes taken without any perceptible benefit. Not so with the Forest Wine. By the invention of a wonderful chemical apparatus, a perfect wine is produced without beating: retainings at the same time, all the primitive healing properties of the rare medicinal plants of which it is composed, thus rendering the Forest Wine has the most efficient medicine the world ever produced, at the same time time the most agreeable.

This is to certify, that I have used Dr. Halsey's Forest Wine in my family with the most entire success. My wife was badly afflicted with Neuralgia, affections of the Spine and Kidneys, and general Debility. She found speedy relief, and regained her health by the use of the Forest Wine.
